**THE TRADE VIEW.**

**NEW YORK, Nov. 2.**—Revolutions opposing the Prohibition and local option movements have been adopted by the Central Federated Union and will be presented for endorsement at the meeting of American Federation of Labor in Denver, November 9. The resolutions state that the unions are in favor of law and order but believe that the prohibition and local option measures are a menace to thousands of people all over the country who are employed in connection with the brewing and liquor industry.

**TURNUED BATTLE AND SMOKED**

**Incident Brought Home Gifts of Thousands of Choice Cigars and Confirmed His Habit of Smoking.**

**DETROIT, Mich., Nov. 2.**—Major General Fred D. Grant who is presiding at the court martial now in session at Fort Wayne, in the western suburbs of this city, said to some friends here that the cigar which had initiated his father, the late President U. S. Grant, into the tobacco smoking habit, really figured quite strongly in the winning of the battle of Fort Donaldson. Speaking of this incident, General Grant said:  
 "My father was in conference with Admiral Foote on the latter's flagship and had just accepted a cigar from the admiral when word came to him that the left flank of his forces was being repulsed. Hurring ashore and galloping on a fleet horse to the battlefields, he succeeded in rallying his forces so completely that chaos was turned into victory. General Buckner had to comply with my father's demand for an unconditional surrender.

"The newspapers took up the fact that father had rushed from the warship to the battlefield without taking Admiral Foote's cigar from his mouth. The dispatches from the front told how father had come on to the battlefield 'cool and collected, and peacefully smoking a long black cigar."  
 "People who read the story began sending congratulations and presents of cigars. Tens of thousands of cigars came and my father smoked many of them. It made a confirmed smoker of him. But he did not smoke as many cigars as people imagined he did. Sometimes one cigar that he would frequently re-light would last him from breakfast to luncheon. It was the fact that he almost constantly held a cigar between his fingers that made people describe him as a great smoker."

General Grant said that his father tried to acquire the smoking habit at West Point just because the rules forbade smoking. His attempts at smoking while he was a cadet, however, made him very sick and when he left West Point he practically gave them up. During the Mexican War, General Grant said, his father took a liking to the Mexican cigars and found that they agreed with him, but when he returned to the North he again dropped the habit of smoking, to resume it after the Fort Donaldson incident.

**NO INCREASE NOTED.**

**NEW YORK, Nov. 2.**—The two-cent postage rate to Great Britain has not materially increased the amount of mail passing between the two countries as had been confidently expected would be the case. The rate has now been in effect for a month and the general Post-Office reports that there has been on increase in the amount of first class mail passing between the two countries, except a very slight one, in letters addressed to London, Liverpool, Manchester, Glasgow, and other big

cities in Great Britain. On the other hand there has been a marked increase in the amount of postage rate on that class of mail which has not been changed.

**FOUND MURDERED.**

**NEW YORK, Nov. 2.**—In one of the galleries connecting the tubes of the Pennsylvania Railway tunnel in East Thirty Second and 33rd Streets was found yesterday the half nude body of an Italian workman who, the police investigation shows, was murdered after a desperate resistance. Except that he was known to his fellow workmen as "Jim" and that he had been saving money with which to return soon to Italy, nothing is known of him. The motive for the crime was robbery and the man's throat was cut by his murderers. His clothing was torn off by them in efforts to find if money was secreted on it, but they overlooked several hundred dollars hidden in a pocket.
