NAME MEANS SOMETHING.

When A. E. Petersen built and named the "Modern" barber shop, he meant that it should stand for what it was called. No patron has missed a single feature of the modern tonorial parlor at that house; and every new device in the way of perfect comfort and service is constantly added as it develops. The latest is an expert bootblack, the best in the business; a qualification that makes his employment really modern.

The Palace Restaurant.

Any phase of hunger can be daintily gratified at any hour of the day or night at the Palace Restaurant. The kitchen and dining room service are of the positive best. Private dining rooms for ladies. One call inspires regular custom. Try it. Commercial street, opposite Page building.

The very best board to be obtained in the city is at "The Occident Hotel." Rates very reasonable.

The Clean Man.

The man who delights in personal cleanliness, and enjoys his shave, shampoo, haircut, and bath, in Astoria, always goes to the Occident barber shop for these things—and gets them at their best.

PRIMARY ELECTION IS NEXT EVENT

POLLS WILL BE OPEN TOMORROW FROM NOON TO 7:00 IN THE EVENING

The primary election will be held tomorrow afternoon, and the polls will be open only from 12 o'clock until 7 o'clock in the evening. The primaries are for the purpose of nominating candidates for the municipal election on December 9, and there are only two avowed candidates for the nomination of Mayor, Mr. Elmore on the Republican ticket and Mr. Smith on the Citizens' ticket. It is probable that Mr. Smith will also get the Democratic nomination as well as the one by the Citizens.

Ever since the convention of the Citizens in Logan Hall some of the Democrats have been as busy as bees, and their activity finally resulted in pulling I. Bergman off the ticket. Five men met with Mr. Bergman and managed to prevail upon him to get out of the way of Mr. Smith, as the hopelessness of the election of either was perhaps only too apparent as long as both remained in the field.

Activity of some of the candidates on the Citizens' ticket during the past few days has been quite marked, while on the other hand the Republicans have not made a stir as yet. It is said that Mr. Smith is preparing to make an active campaign. It is also said that before the campaign has advanced much farther the question of "open town" or not will probably arise to the surface as the real underlying motive of the opposing sides. The Republicans, however, in addition to this will probably insist on keeping the questions of street improvements and of a "business administration" before the people as important matters. On all sides it is tacitly admitted the campaign is likely to be a "warm" one. Both Mr. Elmore and Mr. Smith have many warm friends and both are the kind of men to go into a thing to win.

The primary is a political utility so easily handled by unscrupulous politicians that it is usually quite difficult to forecast the outcome of one; as for example, a lot of Democrats can go into the primary election ostensibly as Republicans and all cast their votes for the nomination of some man for the Republican nomination who would be a very weak candidate; or the Republican brethren might play some equally bad trick on their friends the Democrats, but it is very improbable that anything of this nature will be attempted tomorrow.

A glance at the registration books in the city auditor's office shows that a great preponderance of the voters register as Republicans.

Following is a list of the polling places for tomorrow's primaries, which are the same as at the election of last Tuesday:

First ward—Precinct No. 1, from west end of city to center line of Second street, polling place at Suomi hall; Precinct No. 2, from center line of Second street to center line of Fifth, polling place in brick engine house. Second ward—Precinct No. 3, from center line of Fifth street to center line of Eighth street, polling place in basement of court house; Precinct No. 4, from center line of Eighth street to center line of Fourteenth street, polling place in A. O. U. W. hall. Third ward—Precinct No. 5, from center line of Fourteenth street to center line of Twenty-third street, polling place at Astoria Hotel; Precinct No. 6, from center line of Twenty-third street to center line of Thirty-fifth street, polling place at No. 3 engine house. Fourth ward—Precinct No. 7, from center line of Thirty-fifth street to eastern limits of city, polling place at McGregor's mess house.

How to Cure a Cold.

Be as careful as you may you will occasionally take cold, and when you do, get a medicine of known reliability, one that has an established reputation and that is certain to effect a quick cure. Such a medicine is Chamberlain's Cough Remedy. It has gained a world wide reputation by its remarkable cures of this most common ailment, and can always be depended upon. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. During the many years in which it has been in general use we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used, which shows conclusively that it is a certain preventive of that dangerous disease. Chamberlain's Cough Remedy contains no opium or other narcotic and may be given as confidently to a baby as to an adult. For sale by Frank Hart and leading druggists.

Husband and Wife Cured.

I had a bad form of catarrh. My left nostril was closed entirely. There was also a constant dripping of blood from the right. I only used Hyomei a little over two weeks, and am now cured. My husband was also cured of catarrh and lung trouble two years ago by Hyomei.—Mrs. Harry Obney, Alliance, Ohio.

BESIEGED MAN IS AT LAST TAKEN

WAS'NT FOUND NECESSARY TO TURN FIRE HOUSE ON DEMENTED JACOB AHO

Jacob Aho, the man who had resisted arrest in his houseboat on the Uniontown waterfront for over two days, was taken into custody yesterday afternoon. His mind is apparently affected and he was locked up in the county jail pending an examination into his sanity.

Aho was finally taken without any trouble by Clark Loughery, one of the men specially deputized to make the arrest. All of Friday night the two special deputies watched in the neighborhood in the expectation that Aho might leave his scow and come on the shore, but the night passed without the demented man leaving his house. Yesterday morning, however, when it chanced that none of the officers was about, he did come up on shore and walked about as if he was as rational as any one else. When the officers got back, he had returned to his scow, and finally one of the deputies went onto the boat, opened the door and placed the man under arrest.

If Aho was sane when the trouble began his experiences of the past few days were about enough to drive him crazy. His scow was the center of attraction of a curious crowd almost day and night and for a lot of children the episode seemed better than a circus. He was watched and baited. It is said that Aho has had some slight mental troubles before, and each time soon got over them. According to one informant he is a man of education and native intelligence. Socialism is one of the questions on his mind at present, and in addition he imagines that some union men are after him.

Colds and Croup in Children.

"My little girl is subject to colds," says Mrs. Wm. H. Serig, No. 41 Fifth St., Wheeling, W. Va. "Last winter she had a severe spell and a terrible cough but I cured her with Chamberlain's Cough Remedy without the aid of a doctor, and my little boy has been prevented many times from having the croup by the timely use of this syrup." This remedy is for sale by Frank Hart and leading druggists.
