**OCEAN, BAR,  
BAY, DOCK  
AND RIVER**

The German training ship Herzogin Cecelie, which has been beating off and on about the mouth of the Columbia river during the recent stormy period, put into Port Angeles on Thanksgiving day, and her orders were at once wired to her by Acting British Vice Consul E. M. Cherry yesterday, so the fine ship can hustle down through the tropics into the Antipodes, after her sister ship the Herzogin Sophie Charlotte, which left this port two weeks ago tomorrow.

The Norwegian ship Asgerd, lying in the lower harbor, with both anchors down, got her cables fouled on Thanksgiving day, and the bar tug Wallula was standing by her for sometime while she wrought hard to unravel the iron snarl of it; the idea being, that if she cleared the foul, the Wallula could proceed directly to sea with her. Up to last night she was not free of the trouble, and may yet have to dock to work it out to an advantage. They generally take ships to the Flavel pier in such cases.

The S. F. & P. steamship Senator was due down at midnight last night on her way to San Francisco, and will get away at a very early hour this morning. Among her passengers from this port for the Bay City are Mrs. T. E. Gaschel and Mrs. C. A. Morris.

The steamship Geo. W. Elder went to sea at 7:45 o'clock yesterday morning, en route to the California coast. She took from here as passengers Chester Jordan, for the Bay City, and George Nimero and Fred Johnson, for Eureka.

The American-Hawaiian steamship Nevada is due to arrive in this port from San Diego on Monday next, and if she gets in early enough will load on 8000 cases of salmon here, or take it on the downstream run from Portland, if late.

The motor schooner Della went alongside the British bark Donna Francesca yesterday morning, and had her masts lifted up for the winter season.

The Kamm liner Lurline went up last evening at 7 precisely, with the following named people from here: N. S. Hayes, F. E. McCarty and E. C. Chare.

The steamer Grace Dollar did not make it out over the bar until yesterday morning at 8 o'clock.

Winter blasts, causing pneumonia, pleurisy and consumption will soon be here. Cure your cough now, and strengthen your lungs with Foley's Honey and Tar. Do not risk starting the winter with weak lungs, when Foley's Honey and Tar will cure the most obstinate coughs and colds, and prevent serious results. T. F. Larrin, Owl Drug Store.

**NO RIGHTS OF WAY AS  
YET SECURED**

**PROPERTY OWNERS ALONG  
PROPOSED ELECTRIC LINE  
TO SEASIDE OBJECT.**

Perhaps it will come as almost a shock to many of the progressive citizens of Astoria to learn that the electric car line people are unable to secure the rights of way between here and Seaside. Thus far not a foot of the rights of way has been secured.

The property owners along the proposed route simply have either refused to grant the desired strip of land across their holdings, or have kept postponing the granting of the matter until the whole question is now in highly unsatisfactory shape. Last summer, according to one of the men interested in the promotion of the line, every single property owner along the route cheerfully agreed to give the necessary right of way, but this information apparently turns out to have been simply so much talk.

What the reasons really are which impel the property owners to refuse giving the narrow strip cannot be guessed, except that it looks as if some at least expect payment.

All those interested in the building of the line are insistent in their claims that the building of the road will be of greater value to those who own property along the line than to anybody else, and yet, according to the men who are trying to put the matter through, they are the ones who are now not acting in what the others are pleased to term a public spirited way.

While the rights of way have not been secured, on the other hand the promoter of the line represents that the money to construct the whole line is in sight, and that it will be forthcoming just as soon as the rights of way are secured. The eastern company whose agent, Mr. Forsythe, came here to make a personal inspection of the proposed route and of the resources of the county, is said to stand prepared to underwrite the bonds of the company, and while on its face that may mean everything on the other hand it may not mean much. Nevertheless it appears that the company is acting in entirely good faith, and it is the local men who now are failing to "deliver the goods."

On every side it seems to be agreed that hardly any one thing would do more for Clatsop county and the city of Astoria than the construction of this line, tapping at it prospectively does all of the rich country between this city and Seaside.

Ben Ward, J. Q. A. Bowly, H. Christensen, Jeffers Brothers and S. D. Adair, are among the heavy property owners along the line. Evidently they deem their reasons for refusing the rights of way sufficient.

**BRADEN MEAT MARKET**  
684 Commercial, Facing Hospital.

From the start it was foreseen by some, at least, that the request for an option on the rights of way for a period of five years would prove a stumbling block; it is said that virtually all of the property owners object to that long term. Last night one of the property owners said that this point alone offered strong reason for refusal; that if the present plans of financing the line "fell down" that no one had any assurance that the men to whom the rights of way are to be given "might not make a speculation out of the deal." Besides, according to this gentleman and others, most of the property owners object to trying up their property for a term of five years with no "positive assurance" that anything is to be done. There are other objections voiced, also.

Meantime the unfortunate fact remains that nothing is yet done in this respect, and doubtless every man in Clatsop county will wish that the whole matter may soon be straightened out in a manner satisfactory to both sides.

There seems to be no question that the rights of way will be secured, for some equitable basis of dealing is certain to be found, and doubtless the property owners will in time try to prove that they are as public-spirited as the other residents of this section once they are assured their rights and interests are property dealt with.

**Hexamethylenetetramine**

The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. **SUNDAY OPENS A WEEK  
OF PRAYER**

**SERVICES OF SPECIAL INTER-  
SESSION TO BE HELD AT  
GRACE CHURCH.**

Nearly a score of church societies and brotherhoods throughout the world have agreed to observe the coming week as a period of special prayer for the spread of Christ's kingdom among men. The week of prayer commences tomorrow, Sunday, November 29.

In accordance with this growing custom, the Rev. W. Seymour Short, rector of Grace Episcopal church, proposes to hold two services of intercession daily in the church, at 9 o'clock in the morning and at 7:30 o'clock in the evening, with a short address at the evening hour. On Wednesday and Friday the litany will be said at 12 o'clock noon.

All the men, young and old, of the community are respectfully invited to attend any or all of these services held in their behalf. This is to be an honest and manly effort.

The suggestion of the special week of prayer has been formally endorsed by the following, named in the order of their acceptance:

Brotherhood of St. Andrew, Presbyterian Brotherhood of America, Men's Movement of the Church of the United Brethren in Christ, Board of Missions of the Protestant Episcopal Church, Brotherhood of St. Andrew in the West Indies, Baptist Young People's Union, Baptist Brotherhood, Church of England, Men's Society, Laymen's Missionary Movement, National Conference of Church Clubs, Congregational Brotherhood, United Presbyterian Men's Movement, General Assembly of the United Presbyterian Church, Brotherhood of St. Andrew in Scotland, Brotherhood of Andrew and Philip, General Assembly of the Presbyterian Church, Brotherhood of St. Andrew in England, and the Methodist Brotherhood of the U. S. A.

**STOMACH IS SOUR**

**FERMENTATION OF UNDI-  
GESTED FOOD CAUSES  
STOMACH TROUBLE**

**PROMPT RELIEF IS WAITING**

Hundreds of Men and Women Here Are Unnecessarily Suffering From Stomach Trouble and Indigestion—Free Yourself From This by Taking a Little Diapepsin.

Take your sour stomach—or maybe you call it Indigestion, Dyspepsia, Gastritis or Catarrh of Stomach; it doesn't matter—take your stomach trouble right with you to your Pharmacist and ask him to open a 50-cent case of Pape's Diapepsin and let you eat one 22-grain Triangle and see if within five minutes there is left any trace of your former misery.

The correct name for your trouble is Food Fermentation—food souring; the Digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness and many other similar symptoms.

If your appetite is fickle, and nothing tempts you, or you belch gas or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself, after your next meal, that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take some Diapepsin.
