

## CALIFORNIA STUDENTS CRUELY ASSAULT JAPANESE YOUTH

**Kenji Kaneko Attacked Without Provocation**

**DRIVEN FROM CAMPUS**

**Jap Finally Escapes Tormenters and Appeals to Police for Protection**

**COLONY WILL SEEK REVENGE**

**Japanese Association Declare Intention of Demanding Consul-General at San Francisco to Make Representations to the Government.**

BERKELEY, Cal., Jan. 30.—Kenji Kaneko, a Japanese student of the University of California, and a graduate of the Imperial University of Tokio, was set upon this afternoon on the college campus by a crowd of white students. He was jostled, knocked to the ground, and finally driven from the campus with a pack of students in his chase.

He managed to reach his home from where he informed the police who gave him protection. He declares the Japanese colony will avenge his wrongs.

The case is to be taken up by General Nogi, the head of the local colony to the Japanese consul-general in San Francisco for adjustment. It is asserted the assault was without provocation. He, it is said, had been walking quietly by a group of students who attacked him as he passed.

As a result of the incident at Berkeley, the Japanese association numbering one thousand members, has declared its intention of demanding that the Japanese consul-general at San Francisco make representations to the American government through Ambassador Takahira at Washington. The identity of the youths who committed the assault has not yet been established.

SAN FRANCISCO, Jan. 30.—The vice-consul general when seen by the Japanese consulate tonight stated that the alleged attack upon the Japanese student of Berkeley had not been called to his attention. He said it was a matter for the police court and was too trivial for him to pay any attention to it.

**"TAG DAY" BLOCKED.**  
Irresponsible Method of Collecting Public Fund Knocked Out.

NEW YORK, Jan. 30.—"Tag Day" set for today to raise funds for the destitute orphans of Calabria and Sicily will probably be handicapped as a result of a misunderstanding of those in charge of the work in constructing the attitude of Police Commissioner Bingham with regard to a permit. Mr. Bingham now says that no permit was issued, while Mayor McClellan puts a further obstacle in the way of the workers by saying that

## \$16,000 FIRE AT KELSO, WASHINGTON

KELSO, Wash., Jan. 30.—A midnight fire ruined the two- and three-story Fidler & Gray buildings and they, with the occupants, suffered a loss of nearly \$16,000, partially covered by insurance of about \$10,000. At a few minutes after 12 o'clock last night the fire was discovered beneath the stairway of the Fidler & Gray building, and as the buildings were of frame construction, the second and third floors were soon a mass of flames. The volunteer fire department responded with its usual promptness and full sustained its rep-

no school children could participate in the tagging without permission of the school board. It has been planned to have many children and young women go through the streets, seeking subscription of every one in sight, but in view of the developments the work will be carried on quietly indoors. The proprietors of several department stores, theatres and public places will allow the tagging to be carried on in their places.

### WEEK IN STOCKS.

NEW YORK, Jan. 30.—The Plethoric money market was responsible for a sustained and comprehensive demand for bonds during the week. Its effect on stocks was modified by signs in a halt in business, reflected from the disappointing flattening out of the iron and steel trade, depression in the copper market and the moderate rate of expansion in trade in general. The sale of control of the Chesapeake & Ohio kept alive rumors of other railroad deals and caused sharp advances in individual stocks. E. H. Harriman's election as a new York Central director proved to have been discounted. Trading was largely professional and movements fitful and irregular.

### ANOTHER SKYSCRAPER.

CHICAGO, Jan. 30.—An eastern syndicate of which Henry C. Frick, the Pittsburgh steel man is said to be the head, is negotiating for grounds here on which it is planned to erect what will be the largest office building west of New York.

The property said to be involved is the chamber of commerce site and adjoining land. This is said to be the \$4,000,000 deal, report concerning which has been floating about for three or four weeks.

### FOUGHT TO A DRAW.

SAN DIEGO, Jan. 30.—For the 2nd time in six weeks Frank Fields and Johnny O'Keefe fought a twenty round draw before the Bay City Athletic Club last night. Neither man showed superiority over his opponent, although backers of O'Keefe claim he had the best of the argument. The men both used caution to the last few rounds, each evidently afraid of the other's style. Toward the last they limbered up and put up a fair exhibition of the sport. A finish fight is talked of to decide who is master. The men fought at catch weights. Fields having about eight pounds the better of it. Betting on the contest was even.

### SENT TO CHINA.

WASHINGTON, Jan. 30.—What remains of the bodies of 16 Chinese, interred in Congressional Cemetery, this city, will be disinterred and sent to China, it being the wish of every Chinaman who dies in this country that his body shall find a last resting place in the Flowery Kingdom. The necessary permits for taking up the bodies were given by the health department yesterday.

Arrangements have been made to take the bodies aboard a vessel scheduled to start from New York next Thursday.

**ANNA SHAW SHOUTS.**  
What the Reverend Suffragist Has to Say of Male Emotions.

NEW YORK, Jan. 30.—The Rev. Anna Shaw, in an address before the Equal Franchise Society, at the home of Mrs. Clarence H. Mackay, stoutly defended woman suffrage. She said: "I have seen men hug and kiss each other in an election aftermath. A have seen them hit another fellow's hat or slap him on the back until his breath was gone, and yet they say women are too emotional to vote. I never saw a woman, no matter how great her excitement, take off her bonnet and wave or crush in the bonnet of some other woman or slap another till she gasped. Women don't know anything about emotion. It is men who go mad."

"They say women should stay at home and control their husband's vote," she continued. "No woman controls her husband's vote. If she could she would be too ashamed of having married such a man to let anybody know she controlled him."

"Wyoming has had equal franchise for 40 years, yet there has only been one case of fraudulent voting on the part of women."

"Depraved women will not be made saints by the ballot; they will sell that as they sell their souls."

## LINCOLN'S PICTURE TO BE ON HALF DOLLAR

**PRESIDENT GIVES HIS CONSENT AND DETAILS ARE NOW UNDERWAY.**

WASHINGTON, Jan. 30.—President Roosevelt has given his consent to the placing of the head of Lincoln on one of the popular coins. He conferred today with Director Leach of the Mint regarding the matter and the details are now under advisement. It is probable that the half-dollar piece will be selected as the coin to bear the Lincoln head.

### VICEROY RESIGNS.

MUKDEN, Jan. 30.—The recent dismissal of Yuan Shi Kai continues to cause unrest. The Viceroys of Manchuria forewarned that a similar fate may be his and has resigned. He was regarded as a strong, forceful, progressive Viceroy and it is feared his resignation will have a bad effect on the troops and finances of the province.

### GILMAN IS RAISED.

ST. PAUL, Jan. 30.—It was announced at the Great Northern headquarters that L. H. Gilman, formerly attorney for Great Northern at Butte, had been appointed assistant to President L. W. Hill of that road.

## COMMISSION AGREE ON CLOSED SEASON

**SPRING FROM MARCH 1 TO MAY 1, FALL AUGUST 25 TO SEPTEMBER 10.**

SEATTLE, Jan. 30.—After six hours of deliberation the joint commission reached an agreement calling for a spring closed season from March 1 to May 1, a fall closed season from August 25 to September 10, a Sunday closed season May 1 to August 25; the repeal of the two initiative laws passed by Oregon, June, 1907, and also the mutual recognition of floating gear licenses.

### NEW CURRENCY READY.

Bureau of Engraving Complete Printing of \$500,000,000.

WASHINGTON, Jan. 30.—The bureau of engraving and printing completed the printing of \$500,000,000 of the so-called emergency national bank currency authorized by the act of May 30, 1908, and eighty millions of the new notes are now being issued to banks in regular course of redemption. These notes will take the place of the old National Bank notes which will be retained as fast as they reach the treasury.

## COSGROVE HAS RELAPSE

**Trip to Portland Causes Another Breakdown**

**NONE CAN SEE HIM**

**Governor's Condition Although Worse is Not Considered Serious**

**ON WAY TO PASO ROBLES**

**All Newspapers, Mail and Telegrams Are Withheld From Patient Until he Reached the Springs Where he Will Remain a Month at Least.**

PORTLAND, Jan. 30.—Governor S. G. Cosgrove, of Washington, suffered a relapse on his trip from Olympia to Portland last night, and none may see him save his attendants and railroad officials in charge of the private car which is carrying him back to Paso Robles Hot Springs. All newspapers, mail and telegrams addressed to him have been taken in charge by Mrs. Cosgrove, so that no disturbing influence may cause the patient worry or undue excitement. Reporters were not allowed to enter the car, Mrs. Cosgrove explaining the situation to them.

The inevitable reaction followed the tense nervous strain under which Mr. Cosgrove maintained his fine composure during the ordeal of the inaugural ceremonies and the subsequent reception of friends and officials at Olympia. Only his wonderful nerve sustained him until the various function were over, and when he retired last night he was much weaker than he had been any time since he left California, and was bordering on a collapse.

He did not arise as has been his usual custom this morning, and remained propped up in bed during the day. His pulse was a trifle higher, but his temperature indicated no feverish tendencies, so that it is hoped he will have rested up sufficiently to stand the southward journey. The program now is to hook the private car California onto the Overland Southern Pacific train which leaves here at 1:30 tomorrow morning. This will land the Governor at Paso Robles at 11:30 o'clock Monday night.

Mrs. Cosgrove does not regard the unfavorable condition of her husband as serious enough to call in the services of a physician, or at least she did not up till noon today, though before starting southward it is probable that she will call one in to assure herself that the Governors life will not be unduly endangered if he continues the journey, according to program.

W. H. Jenkins, traveling passenger agent of the S. P., will accompany the private car as far as Ashland.

### MAGNIFICENT FIGHT.

**Chicago Setting Fine Example For Protection Against Consumption.**

CHICAGO, Jan. 30.—Children infected with tuberculosis will go to school in open air, if a request to be made by the Chicago Tuberculosis Institute is granted by the Board of Education. The suggestion is made in a report of Superintendent Frank Ewing. The plan is to have air camps. In the stormiest weather the children will wear heavy ulsters to protect them from cold.

The council also will be asked for an appropriation to establish a municipal open air hospital for consumptives 1,000 patients who are unable to pay for treatment. The deaths in Chicago from tuberculosis last year numbered 4,000 according to Superintendent Ewing. He says that in every two hours and 15 minutes some one dies from the white plague in the city.

### DEAD AT 106 YEARS.

NEW YORK, Jan. 30.—Mrs. Mary Partridge is dead at the Kings County Almshouse in Brooklyn, at the age of 106 years. Her death is the result of exposure and old age. On January 13 she wandered through the door at the home of a cousin, lost her way and fell unconscious in the snow. Taken to a hospital she never fully recovered.

### STOLE MANY EGGS.

CHICAGO, Jan. 30.—A dairy company has offered a reward of \$100 for information leading to the arrest and conviction of desperadoes who ravished its warehouse of fifty cases of eggs. It is pointed out that with the same effort and ingenuity they might have obtained a wagon load of butter but they preferred eggs and the reason is not obscure. Eggs are now retailing at about four cents the egg, somewhere near 48 cents a dozen.

There has been a net advance of five cents in two days. This price dealers affirm is not justified by weather conditions nor by want of activity in the henneries of the country. The dealers declare that prices have been manipulated by a clique of operators on the local butter and egg board.

### SLIGHT TEMBLOR.

PARIS, Jan. 30.—A special dispatch from Madrid confirms the report of a slight earthquake shock at Totana, Spain. No serious damage was done. The walls of a few houses are threatening to collapse. Shocks were also felt in the neighboring village of Olias.

## ANOTHER COLLISION AT HIGH SEA

**OLD DOMINION LINER HAMILTON COLLIDES WITH A BARGE.**

NORFOLK, Va., Jan. 30.—The great value of the wireless was again demonstrated tonight in Hampton Roads when a message flashed thru the air telling of the collision of the Old Dominion liner Hamilton with a cargo and calling for assistance.

Within five minutes tugs were en route to the scene and the Hamilton badly battered but afloat was towed to her pier here. The collision occurred off Old Point. The extent of the damage to the liner is not known although she was rendered helpless and has shipped considerable water forward. The barge is not injured. The Hamilton carried about 50 passengers. It is said they were in no danger.

### JAPAN WANTS CATS.

CHICAGO, Jan. 30.—Chicago either loves or needs its rat catching cats too much to hearken strongly to the appeal of Rodent-ridden Japan. One dealer recently received an order for 500 Chicago rat-catching cats, or one tenth of a reported order to be executed here for the Orient. He advertised extensively but could get only 100 specimens.

Among dealers, others have orders for 300 cats which they have been unable to fill.

### HIGHER MILK PRICES.

CHICAGO, Jan. 30.—Two thousand farmers are expected to attend a mass meeting of milk producers Monday to demand that the price of milk be raised. They will represent producers of Illinois, Indiana and Wisconsin and all cities which send milk to Chicago either directly or through bottling firms and condensed milk dealers.

"Practically every farmer in this district will join the association," said an official. "We will at once make a demand for higher prices and we will fight for it. There will not be a can of milk sold until we get more for our products."

## ENGLISH AND DUTCH ARE NOW PLANNING UNITY

### KING JAMES WINS.

OAKLAND, Cal., Jan. 30.—King James won the Burns handicap worth \$13,704 of which \$10,590 went to the winner. Doranto, second; Milford, third; time 2:11 3-5; track muddy.

### FOR AIRSHIP EXPERIMENTS.

WASHINGTON, Jan. 30.—By voting an appropriation of half a million over the amount originally appropriated, the House today made liberal provision for further experiments by the army in the use of balloons and airships. The subject gave a rise in the spirited debate which continued most of the session.

### WILL REPORT FAVORABLY.

SACRAMENTO, Jan. 30.—The assembly of the judiciary committee to which was referred A. M. Drew's new anti-alien land bill, prohibiting all aliens from holding land, but eliminating the clause objected to by Roosevelt as discrimination against the Japanese, decided late today to report the measure favorably Tuesday.

## GIVE FAREWELL DINNER TO PRESIDENT

**NEARLY TWO HUNDRED TO DINE, THE GUESTS OF GRIDIRON CLUB**

WASHINGTON, Jan. 30.—A farewell to Roosevelt and Fairbanks in their official capacity only, was said to them tonight by the famous Gridiron Club of Washington newspapermen. The occasion was the annual winter dinner of the club.

In all nearly 200 guests and as is always the case the roll will include many names that figure conspicuously in the hall of fame. It was a joyous affair throughout, President Roosevelt Vice-President Fairbanks, Senators, Congressmen and other notables being made the butts of many a jest, written and spoken.

President-Elect Taft sent a cablegram to the President in the hall of the club from Panama which read: "The possum am very, very fine. William H. Taft."

### FOR COOS TRUNK LINE.

SALEM, Or., Jan. 30.—The Idaho Development Congress adjourned today to meet in Boise on February 26 and 27, to co-operate with the legislature of that state, strong resolutions are being adopted asking for the conservation of national resources. Congress recommended legislative measures in Oregon and Idaho for the purpose of building a great trunk line railway system from Boise to Coos Bay on the Pacific Coast.

### ERUPTION THREATENING.

LAKEPORT, Cal., Jan. 30.—It is reported that the Grizzly Mountain, located in Southern part of Lake county, is threatening with eruption, but cannot at this time be verified. Rumbles were heard in the neighborhood which was probably thunder was quite severe in that vicinity a week ago.

## FORCES ENEMY INTO TEETH OF BUZZ SAW

ABERDEEN, Wash., Jan. 30.—A special to the World from Oakview says that Meres Schifin this afternoon killed Arthur Gestland by throwing him upon a revolving saw at the Harris mill near Oakville. Bad blood had existed between the two men for several days and when Gestland this afternoon threw a chip of wood at Schifin, the latter rushed upon him and threw him on the saw. The saw cut its way through Gestland's back, tearing the ribs from the backbone, and disembowelling Gestland.

**Movement to Unite South Africa Being Made**

**SUCCESS IS PROBABLE**

**New Addition to England Will Rank Almost With Canada and Australia**

**PROCEEDINGS KEPT SECRET**

**Delegation Will Visit London to Consider the Measure With the Colonial Office and Members of Parliament.**

LONDON, Jan. 30.—British domains of South Africa, so recently the scene of war between English and Dutch, now form a stage of movement for unity which promises to be one of the most remarkable culminations in the history and to add to the British empire a great federation ranking almost with Australian and Canada in importance. Representatives of four colonies have been in conference for several weeks on the plan of the union.

Cecil Rhodes probably had little thought before he died that within 10 years after the destruction of the Dutch independence in Africa, a campaign dominated by such hostile spirits as Dr. Jamison, who led the raid which brought on the war; President Steyn of Orange Free State and the two great Boer generals, Botha and Dewet, would be conferring amicably for the purpose of welding the Dutch and Uitlandes into a semi-independent nation under the British flag.

More noteworthy still seems the fact that British progress has been so marked by the harmony and is likely to be concluded with success. Another year will elapse before the South African union can become a fact. After the convention has agreed on the bill first presented by delegates from the Transvaal, the plan must be submitted to parliaments of the four states and then it will be put to the test of popular vote. Probably the convention will re-assemble then to consider amendments.

Thus far the proceedings are in secret form of the government but it is predicted that a compromise between nification and federation. Most of the delegates prefer something approaching the Canadian rather than the federation on the Australian system.

### TO STUDY PERVERTS.

WASHINGTON, Jan. 30.—The establishment of a laboratory for the study of criminal, pauper and defective classes, is provided for in a bill which the committee on judiciary soon will report to the house. The laboratory and the work of collecting sociological and pathological data are to be in charge of a director to be appointed by the President. The laboratory if the bill becomes a law, is to be located in the National Capitol.

The saw was stopped as soon as possible but too late and Gestland's body fell to the floor. In forcing Gestland's body onto the saw Schifin's hand was caught and two fingers cut off. Schifin ran from the mill but was soon captured. Schifin says his parents reside at Richmond, Cal. He is 18 years of age and his victim was 30. Sheriff Payette says Gestland formerly was a fireman on the Lake Shore, Michigan & Southern Railway and lived in Buffalo.
