THE BEE HIVE

OCEAN, BAR, BAY, DOCK AND RIVER

The work of replacing the buoys and beacons and other channel marks in the ship channel across the bay from Altona to Astoria was undertaken yesterday morning by the light house tender Heather, assisted by the Callender steamer Jordan and Ferguson & Houston's pile-driver.

The steamer Argo is due to leave Portland on Tuesday evening next for the Tillamook country, and when she comes out she will be a passenger boat with accommodations for thirty people.

The Lurline was on duty again last evening, with good business both ways. When she left here E. G. Loomis and Miss Loomis were passengers on board.

The steamer Sue H. Elmore will probably get away for Tillamook Bay today. She has a big lot of people on the waiting list who are anxious to sail.

The oil tank steamship Col. E. L. Drake was off the mouth of the Columbia at 9:30 o'clock last night, en route to Seattle. All well on board.

The steamer R. Miller made her last trip to Cathlamet yesterday, for at least 10 days to come, as it will take that long to put her through the repairs that are essential.

The steamer Rainier entered port yesterday afternoon, and after a brief stay at the Callender dock went on up the river.

SIMPLY COULDN'T STAND IT.

OAKLAND, Jan. 30.—A man registered at the Hotel Crellin here, under the name of G. H. Burton of Chicago fired two shots last night from his window at a preacher, who was holding services in the street near the hotel. The plate glass window of a store across the street was shattered by the bullets, but the preacher was unharmed. Burton was arrested by the police whom he told that he was a real estate dealer and horse trader from Oregon. The police claim that Burton is either demented or suffering from the effects of heavy drinking. The preacher, who came here recently to organize a new sect has not been seen since the shots were fired.

WORTH CONSIDERATION.

Averages of Railway Wages and Railway Traffic Scales Made.

NEW YORK, Jan. 30.—W. C. Brown, president of the New York Central deplored attacks on the railroad last night in an address at the annual dinner of the New York School of Commerce. It was at this dinner that Kokoch Mizuni, Japanese consul general in this city, spoke of the misunderstanding between this country and Japan. In his address Mr. Brown said in part:

"Wages of railroad employees in the United States and almost every article used in construction, operating and maintenance, averages 75 per cent higher, while freight rates average 60 per cent lower than thirty years ago. 'Is there not food for serious thought in these facts and do they not argue powerfully for patient and kindly forbearing consideration of the railroad question as a whole?'"

ASTORIA BAR ASSOCIATION HOLDS AN IMPORTANT SESSION YESTERDAY.

At a meeting of the Astoria Bar Association yesterday afternoon resolutions of protest against the proposed change in the attachment laws of the State were adopted, and the secretary will forward a copy of the resolutions to the House and Senate.

Another important matter that arose for consideration was the question of dividing the Fifth Judicial District into two districts, the one to be composed of the counties of Clackamas and Washington and the other of the counties of Clatsop and Columbia. The resolutions as adopted were as follows:

"Resolved, That the Bar Association of Clatsop county is opposed to the passage of Senate Bill 53, and of House Bill 93 and that the secretary be instructed to send a copy of this resolution to the delegation of Clatsop county, with the request that they oppose the passage of both or either of said bills.

"Resolved, That it is the sense of the Clatsop County Bar Association that the Clatsop county delegation be requested to support a measure, later to be introduced, dividing the Fifth Judicial District into two separate districts, the one to be composed of the counties of Clackamas and Washington, and the other to be composed of the counties of Clatsop and Columbia."

"That the secretary send a copy of each of these resolutions to the Clatsop county delegation in the Legislature."

Gustaf A. Hemple, who has been practicing law in Astoria for several months, was admitted to membership in the Bar Association at the meeting yesterday.

AMUSEMENTS

BAKERONIAN.

Appreciation is a most admirable quality, especially when applied to the theatre audiences. Manager Simonton has given at the Bakeronian an opening vaudeville that should call for the greatest appreciation and patronage from the theatre-loving public. The bill is diversified and appeals to all classes of amusement-seekers. Angela May, a comic opera feature in classic and popular musical numbers.

J. Louis MacEvoy, a comic opera comedian, Elmer Beard, a contortionist of new and striking poses, Bob Hendrick, in monologue, and the Fauzards in mystifying handcuff and spiritualistic acts. The pictures of life are exciting and full of thrills and laughter; the illustrated song is new and pictures the West. This afternoon and tonight are the last two chances to see this week's bill.

THE LIEUTENANT AND THE COWBOY

The Sale Lake "Telegram," October 17, 1907, says: "The Lieutenant and the Cowboy, is the best thing seen at the Grand theatre this season. It is a clean-cut western military drama, and the cowboy play without the usual claptrap so often found in a play of that character. But two pistol shots are fired during the action of the play and both of these are out of sight of the audience. The author, Anthony E. Willis, has tried to depict at least one cowboy who is not the usual stage type, and has succeeded well. The character of Bud has been a great western favorite for three seasons, and at times his followers could not approve of the plays he has selected for their entertainment, nor of the manner they were produced, yet with all they could help but admire the painstaking care which he has tried to give each production. In 'The Lieutenant and the Cowboy' Mr. Lorch has a play and a character that fits him better than anything else has ever done in this city. Moreover he has surrounded himself with the best company that he has yet had and 'The Lieutenant and the Cowboy' is one of those up-to-date shows that should be appreciated by all theatre-loving people and is presented in an admirable manner and is really worth while.

Lame Shoulder Cured.

Lame shoulder is usually caused by rheumatism of the muscles and quickly yields to a few applications of Chamberlain's pain balm. Mrs. F. W. McElwee, of Boistown, New Brunswick, writes: "Having been troubled for some time with a lame shoulder, I decided to give Chamberlain's pain balm a trial, with result that I got prompt relief." Sale by Frank Hart and leading druggists.

Fever Sores.

Fever sores and old chronic sores should not be healed entirely, but should be kept in healthy condition. This can be done by applying Chamberlain's salve. This salve has no superior for this purpose. It is also most excellent for chapped hands, sore nipples, burns and diseases of the skin. For sale by Frank Hart and leading druggists.

SUGGESTIVE TID-BITS.

Till the ground till it fills the till. Its poor land that can't hold its sown. Carelessness is really laziness under a more polite name. Ever see the man who works like a bee every place but at home? The potato bug is destructive, the chinch bug is as bad, but the humbug beats them both. In spite of the fact that she seems so demure and amiable, the cat is a constant tail bearer. Sometimes a man is so busy getting a lodge grip that he loses his grip on business. Man is an admirer of the beautiful, that has the prettiest handle. Behold the patient ox. He vaults no speed records, but he gets the load to the barn all the same. A little vanity is a good thing in a man. It will usually keep him from going to town collarless and coatless. If a woman paid as much attention to the picking out of a man as she does to a hat, how much happier she would be. The Lord tempers the wind to the shorn lambs, but the lambs that are shorn in Wall street are compelled to look out for themselves. Those who dance must pay the fiddler, which is but another way of saying that every man must reap his own wild oats harvest. Tight shoes are a sure panacea for all other troubles. The man whose footweir pinches him will soon cease to worry about anything else. When a man gets a pain the whole township knows it; but a window may have several panes all at once without making any fuss about it. "The woman is the weaker-vessel" men are fond of saying, but when it comes to endurance and patience she has her lord beaten to a frazzle. Some folks (though not our folks) are so busy spreading scandal in the village store, that they haven't time to spread manure on their fields.
