TERRIBLE RIOTS OVER OMAHA GREEKS

FORTIGN EMPLOYEES OF THE PACKING HOUSES ARE ATTACKED WICKEDLY.

OMAHA, Feb. 22.—The rioting which began in the Greek quarter of South Omaha Sunday afternoon did not subside until an early hour this morning and the toll of casualties is five persons suffering with gunshot wounds, eleven Greeks so badly beaten that they were taken to hospitals for treatment and about 15 other persons suffering from assaults or as the result of misdirected missiles intended for the Greeks on whom the wrath of the maddened hordes was centered. No estimate can be placed on the financial loss resulting from the destruction of property by the mob. Not less than five shops of importance were almost wholly wrecked, while sixteen smaller ones escaped less serious damage only because of their lesser importance.

The last trace of the rioters was not seen until nearly 4 o'clock and at that hour Chief of Police Briggs and Sheriff Bralley began to collect their forces in the packing house district, where it was expected trouble would occur in the event of the Greeks attempting to return to work as usual. There was every indication that trouble would be renewed should the Greeks go to the packing houses, but the authorities did not expect any such attempt would be made, at least for a few days.

AFTER SUFFERING ONE YEAR

Cured by Lydia E. Pinkham's Vegetable Compound

Milwaukee, Wis.—"Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world of it. I suffered from female troubles and fearful pains my back. I had the best doctors and they all decided that I had a tumor in addition to my female trouble, and advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I hope I can help others by telling them what Lydia E. Pinkham's Vegetable Compound has done for me." — Mrs. E. M. HISE, 833 First St., Milwaukee, Wis.

of the house and her small babe. Feeling akin to that against the Greeks was heard frequently regarding a large number of Japanese who also are employed in the packing houses. Last night's riots developed the fact that nearly every Greek in the city is armed. Especial vengeance was wrought by the crowd at places where the Greeks made a display of firearms. Another noticeable feature was the persistence with which many women urged the rioters on. Hundreds of these women gathered with the men and did not hesitate to express their dislike for the nationality against which the mob was hurling its invectives.

VALE, LEGISLATORS.

Thanks be, for the pitiful modicum of advantage the State of Oregon realizes from the vast, confused and costly mess you have left behind. We hope, most earnestly, that the 90 of you may individually come to know the pith of the burdens you have set up for the rest of us and do your several shares of pinching, and paring and cursing in the united effort to meet the millions you have plastered on the taxpayers of the commonwealth. We can wish you nothing that is liable to impress you with a deeper sense of your recklessness, your stupidity, your poor citizenship. For such few wise and wholesome things as did come through your dense ranks, under compulsion of the rare brains and characters that devalued them and the sheer merit that urged them, we are profoundly grateful, though we are yet marveling that they cropped out of the avalanche of insane and hopeless stuff you piled up, and found place and consideration in your "councils."

BABY IN CONFESSIONAL.

Boy Child Patined Off On The Church In Mysterious Way.

NEW YORK, Feb. 22.—"Look in the confessional box on the left hand side as you go into the church and you will find a child." A note with these words was handed to Miss Mary Huntman, sister of the Rev. E. H. Huntman, pastor of the St. Joseph's Roman Catholic Church, in Harlem, last evening. An investigation was made immediately and sure enough there was the baby. The child is a healthy boy only a few days old. He wore a white dress and a white lace cape and was wrapped in a woolen shawl. The Rev. Father Doyle was busy baptizing some children when the little foundling was discovered and it was taken to him and baptized with the others. The name Michael Joseph was chosen.

The mysterious note which told of the child's whereabouts, was given to some boys near the church by a man who, after asking them to deliver it, hurried on his way.

STILL BELIEVES IN THE TRIAL BY JURY

FAMOUS JURY LAWYER OF NEW YORK DELIVERS AN ADDRESS.

KANSAS CITY, Mo., Feb. 22.—Delphin M. Delmas of the New York Bar, delivered a Washington's birthday address here today.

After giving the history of the trial by jury and its origin in ancient days, Mr. Delmas said:

The most perfect conception of a magistrate is that of a just judge, not of a learned judge—one who, knowing the law, also knows that its administration must subserve, not thwart, the purposes of justice.

The age has reached the second period in the evolution which takes place in every system of jurisprudence. The first is that in which the body of magistration to whom is entrusted the administration of the law, losing sight of their mission to do justice, place the administration of the law beyond the reach and comprehension of the uninitiated, surrounding it with ceremonies which they alone understand. But there is a second period in the evolution of jurisprudence. It is that in which a reaction takes place against the jealous conservation of the judicial body and the demand is for justice—plain, ordinary, every day justice.

"And now, the final question remains, in the trial of controversies, to whose hands shall the application of these fundamental principles be confided? Shall it be intrusted to judges or to juries? Shall it be given to a body of men who represent but one class of the community, or to a body composed of all classes?"

"For my own part, I have no hesitation in answering this question. Believing in self government, I believe in the right of the people to make their own laws, I believe in their right to administer them.

I give my fullest assent, therefore, to the words uttered by one of the chief justices of England, of the Victorian age, who summed up his judicial experience by saying:

"A jury trial gives expression to the sense of justice of the people, which is the nearest approach to absolute justice attainable in earthly tribunals."

ALLEGED TRAIN ROBBER.

ASHFORKS, Az., Feb. 22.—Charles Casey was arrested here last evening on suspicion of complicity in the Denver & Rio Grande train robbery. Casey came from Phoenix on February 17 and has since been drinking and spending money freely. A heavy calibre revolver was found on his person, together with \$1,000 in currency and \$600 in Wells Fargo money orders purchased in Denver and Pueblo and made payable to Charles Casey. He claims to own a coffee plantation in Mexico, but does not give a connected account of himself. The Denver authorities have been notified.

The Secret of Long Life

A French scientist has discovered one secret of long life. His method deals with the blood. But long ago millions of Americans had proved Electric Bitters prolongs life and makes it worth living. It purifies, enriches and vitalizes the blood, rebuilds wasted nerve cells, imparts life and tone to the entire system. Its a god-send to weak, sick and debilitated people. "Kidney trouble had blighted my life for months," writes W. M. Sherman, of Cushing, Me., "but Electric Bitters cured me entirely." Only 50 cents at Charles Rogers & Son's drug Store.

HONORED VETERAN DIES.

NEW YORK, Feb. 22.—Captain W. H. G. Nymmo, who was in command of the steamboat Island City, which was a supply ship to the famous Monitor during the Civil War died yesterday at his home in Flushing, L. I. Captain Nymmo arrived at Hampton Roads with his ship the night before the Monitor met the Merrimack and was an eye witness to the now historic fight. He was born in Virginia in 1830. A widow and seven children survive him.

Revolts at Cold Steel.

"Your only hope," said three doctors to Mrs. M. E. Fisher, Detroit, Mich., suffering from severe rectal troubles, lies in an operation, "then I used Dr. King's New Life Pills" she writes, "till wholly cured." They prevent Appendicitis, cure Constipation, Headache, 25c at Charles Rogers & Son's drug store.

Hoarse coughs and stuffy colds that may develop into pneumonia over night are quickly cured by Foley's Honey and Tar, and it soothes inflamed membranes, heals the lungs, and expels the cold from the system. T. F. Laurin, Owl Drug Store.

Battleships Arrive

gained similar colors and one of the distinct features of the American navy will be a thing of the past.

Tonight the fleet was brilliantly illuminated. Ashore the admirals and captains of the fleet together with two score or more of officers were guests at the annual banquet of navy league of the United States.

ROOSEVELT'S SPEECH.

"Admiral Sperry, officers and men of the battleship fleet: Over a year has passed since you steamed out of this harbor and over the world's rim, and this morning the hearts of all were thrilled with pride as the hulls of the mighty warships lifted above the horizon. You have been in the northern and southern hemispheres; four time you have crossed the line; you have steamed through all the great oceans; you have touched the coast of every continent. Ever your general course has been westward; and now you come back to the port from which you set sail. This is the first battleship fleet that has ever circumnavigated the globe. Those who perform the feat again can but follow in your footsteps.

"The little torpedo flotilla went with you around South America, through the straits of Magellan, to our own Pacific coast. The armored cruiser squadron met you and left again; when you were half way round the world. You have falsified every prediction of the prophets of failure. In all your long cruise not an accident worthy of mention has happened to a single battleship, nor yet to a cruiser or torpedo boat. You left this coast in a high state of battle efficiency and you return with your efficiency increased; better prepared than when you left not only in personnel, but even in material. During your world cruise you have taken your regular gunnery practice and skilled though you were before, with the guns, you have grown more skilled still and through practice you have improved in battle tactics, though there is more room for improvement than in your gunnery. Incidentally, I suppose I hardly need say that one measure of your fitness must be your clear recognition of the need always steadily to strive to render yourselves more fit; if you ever grow to think that you are fit enough you can make up your minds that from that moment you will begin to go backward.

"As a war machine the fleet comes back in better shape than it went out. In addition, you, the officers and men of this formidable fighting force, have shown yourselves the best of all possible ambassadors and heralds of peace.

"Wherever you have landed you have borne yourselves so as to make us at home proud of being your countrymen. You have shown that the best type of fighting men of the sea know how to appear to the utmost possible advantage when his business is to behave himself on shore and to make a good impression in a foreign land. We are proud of all the ships and all the men in this whole fleet and we welcome you home to the country whose good repute among nations has been raised by what you have done."
