### EVENTS OF THE WEEK ARE FORECASTED

#### SPECIAL SESSION OF CONGRESS IS THE PRINCIPAL MATTER.

WASHINGTON, D. C. March 13.—Occupying first place on the calendar of events for the week will be the assembling of Congress in extraordinary session Monday. The business of the session will be confined to tariff revision. Important changes in the existing tariff schedules are certain. The multitude and diversity of the interests affected by the proposed revision of the tariff renders the task a difficult one, but leading men of both parties are of the opinion that the work will be accomplished and the session ended within ten weeks. The House Ways and Means Committee, upon which devolves the duty of framing the bill has gone about its work under the impetus of a very strong public opinion favoring tariff reductions and with the moral influences of a determined President.

President Taft expects to go to New York Thursday to speak at a meeting to be held in Carnegie Hall on the afternoon of that day in memory of Grover Cleveland. Mayor McClellan will preside over the exercises and in addition to the President the speakers will be Chief Justice Fuller of the United States Supreme Court and Governor Hughes of New York.

The election of a United States Senator to succeed Philander Knox, who resigned to become Secretary of State, is on the calendar of the week.

### The General Demand

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could recommend for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.

Pennsylvania legislature for Tuesday. The choice of George T. Oliver (the Pittsburg newspaper publisher, to fill out the unexpired term, is conceded.

William J. Bryan will be forty-nine years old Friday and the Democrats of Nebraska have arranged for a banquet to be given in his honor in Lincoln, at which Mr. Bryan will be the principal speaker.

The heroism of a young girl will be recognized at the capitol in Washington Thursday, when a gold life-saving medal will be presented to Miss Mary McCann. At the time of the General Slocum disaster in New York Miss McCann, then only a little girl, was convalescing from scarlet fever on North Brother island, near where the ill-fated steamer was burned. The river was filled with human beings and the young girl, disregarding her own illness, waded into the water and rescued nine children.

The opening of the great live stock show in Fort Worth, the Standard Oil rebate trial in Chicago, the Cooper trial now nearing its end in Nashville, the progress of the Pope's illness and the negotiations for a settlement of the differences between the coal miners and operators are other matters that will figure more or less conspicuously in the news of the week.

#### STUPID SUPERSTITION

Philippino Under Sentence Of Death, Object Of Solicitude.

MANILA, March 11.—An unusual scene took place at Bilibid, the military prison today, when Governor General Smith made a personal call on Papa Isio, the black Pope of the Negros island tribesmen, who is confined there under the sentence of death. The constabulary are urging Governor General Smith to commute Isio's sentence to life imprisonment, because they are certain that the moment he is executed one of his followers claiming to be him resurrected will start trouble in the mountains of Negros. The officers of the constabulary declare that if he is kept in prison where the members of his occasionally can see him undergoing punishment for his crime it will have a deterrent effect upon future disorders among the tribesmen. Isio, who seems to believe that he possesses supernatural powers, told Governor Smith that he warred against Spain but not the United States. He denied the murders and plantation destructions of which he stands convicted.

### WOULD PAY BIG SALARY TO THE MAYOR

NAME \$125,000 YEARLY AS RIGHT PRICE IN NEW YORK CITY.

NEW YORK, March 12.—In order to obtain for the office of Mayor of New York, a man of sufficient merit and honesty to carry out the changes proposed in the new city charter, promoters of an independent movement for the election of a "Purified" municipal ticket proposed to pay him an annual salary of \$125,000 a year, or for the term of four years a bonus of \$500,000 over and above the regular salary of the office. It is suggested that the difference be raised by popular subscription. A statement issued by those active in the movement, who as yet designate themselves merely as tax payers, says in part:

"Such a man for such a job should be found among the younger generations of the 'Captains of Industry.' In commercial life such a man could count his income in the hundreds of thousands. Therefore let twenty-five public spirited citizens pledge themselves—anonymous so far as the public is concerned—to contribute every year during the next four years an amount sufficient to produce in the aggregate the sum of \$125,000 a year.

If anyone accepts this unique offer and is elected he must agree not to be a candidate for reelection nor participate in any partisan politics during his incumbency. Backers of the plan assert that radical measures are necessary because of almost six years of the worst government that any

#### HANDICAPPED

This is the Case With Many Astoria People.

Too many Astoria citizens are handicapped with a bad back. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause. To eliminate the pains and aches you must cure the kidneys.

Doan's Kidney Pills cure sick kidneys and cure them permanently. Can you doubt Astoria evidence?

Wm. Joyce, 412 Duane Street, Astoria, Ore., says: "At the time I began using Doan's Kidney Pills, I was enduring a great deal of suffering. The secretions from my kidneys were so frequent as to cause me a great deal of annoyance and as a result of not getting my proper rest at night, I would arise in the morning tired and weak. The slightest exertion caused severe pains through my back and hips and though I tried liniments and plasters, I did not receive relief. At last my attention was drawn to Doan's Kidney Pills and I procured a box at Charles Rogers & Son's drug store. They entirely cured me and I am now in good health."

city in any civilized community has every endured."

James Bronson Reynolds, who was a special investigator in the Roosevelt administration has arrived in New York and opened an office in Fifth avenue. It is said that he has the backing of Mr. Roosevelt in bringing about a fusion of all anti-Tammany forces in the mayoralty campaign this fall. Mr. Reynolds names among other possibilities for mayor on the fusion ticket, President Nicholas Murray Butler of Columbia University.

#### 100 CANDLE-POWER CAKE

NEW YORK, March 12.—One hundred candles will sparkle on a huge cake today when friends gather to celebrate the birthday of Mrs. Franklin D. Cottle of 341 West Fifty First Street. Mr. Cottle was born in Martha's Vineyard, Mass., but in 1852 she went to San Francisco to make her home, where she remained until after the earthquake through which she passed unscathed despite her advanced age. Two years ago she was a member of an automobile party, which made a trip from this city to Boston.

#### DIPLOMAT RESIGNS

CHICAGO, March 12.—The Tri-continental cable from Lisbon, Portugal, says: Chas. P. Bryan, the American minister to Portugal, has forwarded his resignation to Washington. Mr. Bryan, who is a Chicago man, has been in the diplomatic service since 1897. In that year he was appointed minister to China and one year later he was transferred to a similar post at Rio Janeiro. In 1902 Mr. Bryan was sent to Switzerland and two years later he was appointed minister to Portugal.

#### BIG PROTEST MEETING

BOSTON, Mass., March 13.—Forty thousand members of the labor unions of Boston and vicinity will march tomorrow afternoon to Faneuil Hall to attend a meeting of protest against the sentencing of President Gompers, Vice President Mitchell and Secretary Morrison of the American Federation of Labor, the alleged encroachments of the judiciary on the rights of free speech free press, trial by jury and other rights guaranteed by the constitution and to make further steps to secure legislation to define and limit the powers of judges in injunction cases. It is expected that the demonstration will exceed in numbers any of its kind ever held in this country. The labor organizations will assemble in ten divisions and march to Faneuil Hall, each division to be headed by a big volunteer band from the musicians' union.

#### FAT STOCK SHOW

FORT WORTH, Texas, March 13.—With a record-breaking number of animals in the barns and pens, the annual exhibition of the National Feeders and Breeders' Show is ready for its opening in the spacious grounds and handsome buildings in North Fort Worth. Fattened, pampered and groomed until they look their best, the mighty assemblage of cattle, horses, swine and sheep are awaiting the admiration of the thousands of spectators who will visit the exhibition during the coming week. The poultry show, which has been made a leading department of the exhibition this year, comprises a

chickens, ducks, geese, turkeys and pigeons. In connection with the exhibition the Texas Cattle Raisers' Association will hold its annual convention, beginning its sessions Tuesday and continuing for three days.

#### BELEN CUTOFF READY

TOPEKA, Kas., March 13.—The management of the Santa Fe expects to send its first trains over the Belen cutoff line next week, though it may be several weeks later before the full service is in operation. All the through freight traffic is to be diverted from the main line to the Belen cutoff. This will route all the freight business from the main line at Newton via Mulvane, Wellington, Amarillo, and the Belen branch to the main line at Rio Puerco, N. Y. By this means the Santa Fe will avoid the Raton and Glorieta mountains in northern New Mexico, which are the steepest and most difficult grades on the entire system. The change of route will apply only to the freight traffic, no change being contemplated in the passenger business.

#### AUTOMOBILE SHOW

MINNEAPOLIS, Minn., March 13.—Two months of hard work on the part of the automobile dealers of Minneapolis has resulted in the gathering of the great show which is to undergo the first test of the public's critical gaze in the Armory tonight. It will be the second exhibition of its kind given in this city and from all indications it will be the most notable ever given in the Northwest.

The show will continue through the coming week. The Armory has been tastefully decorated and every provision has been made for the comfort of visitors. The main floor and basement have been entirely filled with exhibits. The display embraces the 1909 models of the leading makes of motorcars, both American and foreign, together with a large and varied assortment of automobile accessories. Motorcycles also are well represented at the show.

#### STEPHENSON WILL GO IN

WASHINGTON, March 12.—The first business of importance to be taken up by the Senate at the beginning of the extra session next Monday will be the admission of Senator Stephenson of Wisconsin. Immediately after the Senate convenes the certificate of the Governor of Wisconsin, declaring Mr. Stephenson's election will be presented, and unless there is objection he will take the oath of office. There is no dispute as to the regularity of the credentials committee and some of the older lawyers in the Senate say that he could not be prevented from taking his seat even by objection. So far as can be learned, the plan of Stephenson's opponents is to postpone the presentation of objections until the investigation by the Wisconsin Legislature into the Stephenson election is concluded.

A Religious Author's Statement. Rev. Joseph H. Fesperman, Salisbury, N. C., who is the author of several books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days, unable to get up without assistance. My urine contained a thick sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy." T. F. Lauen, Owl Drug Store.
