Branch Uniontown
Phones, 731 and 3871MONEY IS PART OF
THE CURECONSUMPTION CAMPAIGN IN
CHICAGO MUST BE PRO-
PERLY FINANCED.

CHICAGO, March 22.—The regular bulletin of the Health Department this week is largely devoted to a plea to voters in behalf of the proposed municipal tuberculosis sanitarium.

Outside of the more important question of humanitarianism it is declared that there is the problem of finance that the city has to cope with in caring for consumptives. Professor James W. Glover of the University of Michigan has estimated that the average earning capacity of a resident of Chicago is \$100 a year, and at that rate, figuring a natural lifetime of a wage earner, the deaths from consumption in 1908 in this city, taking men only into account, caused a loss of \$1,367,511. This loss, it is contended, is either maintained or exceeded each year.

"Now bear this in mind," says the health bulletin, "this one and one third millions a year represents only what the community loses. What is the family loss? A man is worth \$100 to the city; add to this what he is worth as the head of a family to that family; what he is worth as a working head in a growing business to that business. Will \$1,000,000 touch it?"

TAMMANY ACTION

NEW YORK, March 22.—W. J. Conners, chairman of the Democratic state committee, returned to New York last night from Palm Beach, Fla., where he has been sojourning with Richard Croker, former chief of Tammany Hall, and announced that he would call a conference of county leaders to ascertain the sentiment toward the direct nomination bill, which is being pushed by Governor Hughes and most of his supporters. Until this meeting is held Mr. Conners said, he would be unable to state his position with regard to the measure. Mr. Conners' home is in Buffalo, but he says he will stay in New York today and tomorrow before continuing his journey.

Simple Remedy For La Grippe.
La grippe coughs are dangerous as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes. T. F. Laurin, Owl Drug Store.

NORTH SIDE NEWS

Miss L. M. Williamson, of Ilwaco, is the accredited representative of The Astorian and will take care of all items of news, orders for subscriptions and all kinds of printing.

ILWACO

Miss Rebecca Markham returned home Thursday from Portland and Vancouver where she has been visiting friends and relatives for the past two weeks.

Mrs. E. J. Walker and her son, Fred, departed the latter part of the week for Portland upon hearing the sad news of her mother's death, March 16th. They expect to return to their home at Seaside soon after the funeral.

Mrs. James Gold returned Tuesday to her home at McGowan, Wash., after a day spent in Ilwaco. She was accompanied by her sister, Miss Gladys Graham, who will remain with her for a few days.

Mrs. Meyers left Wednesday for Celilo, Or., where she will visit for a week or more with her son, Charles Eckert and family.

Mrs. Georgia Winship was among the passengers on the Naheotta Wednesday en route to Astoria.

Mrs. Fred Morden of this city is visiting her sister Mrs. Bert Sprague at her home near McGowan, Wash.

Mr. and Mrs. Clarence Curry returned Thursday from a brief visit to Astoria.

Mrs. Daniel Markham returned the first of the week from Portland with her small daughter, who has been under medical treatment for two or three weeks. The child returns much improved.

The final debate between the High Schools of Pacific county on the great issue. Resolved, "That labor unions are justified in using all lawful means in insisting upon the closed shop," was held Friday evening in the Columbia Hall. Hilda Christenson and Lois Fraser of Ilwaco, argued for the affirmative; Armour Murdock and Eva Heath of South Bend for the negative. The discussion was very interesting and the manner in which the question was handled by both sides showed that a most diligent effort had been put forth. The three judges, decided unanimously in favor of South Bend. Although the Ilwaco pupils were not victorious the way in which they discussed the topic would have done credit to much older pupils, and they feel confident that with more practice they will be able to defeat South Bend some time in the near future. The hall was very beautifully decorated in the Ilwaco colors, navy blue and yellow crepe paper with a profusion of beautiful

On The Market Now.

Morton Nelson has just returned from the metropolis where he made some very alluring buys in the furniture line, which he discovered while searching for some genuine bargains. Among them is a line of iron beds, which he proposes to sell outright at from 75 cents to \$12, all of the best makes and latest patterns; along with a host of other necessities and conveniences at like extraordinary figures. Give him an instant call at his Bond street repository, if you are really out for bargains in household goods of all kinds.

Foreman Disappears.

Hong Yick & Company, the Chinese contracting firm of this city, makes it known that one U. Hirayama, a Japanese, heretofore contracted to serve as foreman of the Japanese employees of the Columbia River Packers' Association at Nushagak, this season, has decamped from this city, and his whereabouts are unknown. They aver that he left on or about February 14th last, and took with him the sum of \$850, advanced to him by the contracting firm on the 6th of January; and that unless he returns before Monday next, they will proceed to secure another foreman in his place and stead. Hong Yick Company is located at 340 Bond street, in this city.

flowers, and the letters I. H. S. The debate was opened with a selection by the orchestra after which a duet, entitled "When Song is Sweet," was rendered by Mrs. A. A. Seaborg, and Miss Eleanor Williams. At the conclusion of the exercises, coffee and cake was served in the banquet room, by the ladies of the Presbyterian Aid Society.

J. J. Brumbach returned the first of the week from a business trip to South Bend, Wash.

Miss Ida Williamson spent Wednesday and Thursday with her uncle, Ross Williamson and family, at McGowan, Wash.

Tom Williams of Chinook spent a couple of days in Ilwaco the latter part of the week.

A large crowd of South Bend people arrived Friday afternoon to be present at the debate Friday evening. They returned home the following morning, very proud of the honors won by South Bend High School.

Mr. Leo Wise left the first of the week for Portland to spend a few days.

Sergeant McCue of Fort Canby was among the business visitors to Astoria the first of the week.

FOR PORTO RICO'S GOOD

WASHINGTON, March 22.—In lieu of the present resident commissioner from Porto Rico to the United States, it is the idea of Representative Cooper of Wisconsin to have that Island elect a delegate to the House, according to the provisions of a bill recently introduced by him. The delegate may have the right to debate and not to vote, and shall receive the same salary and allowances and rights accorded to the delegates from the territories of the United States. To be eligible he must be a bona fide citizen and voter of Porto Rico, be at least twenty five years of age, and must read and write the English language.

AIRSHIPS FINE TEST

Rose Like An Eagle With Many On Board.

CHICAGO, March 22.—The Tribune today prints the following special cable from Berlin under date of March 21.

Soaring like a mighty bird, Count Zeppelin's dirigible airship, the largest in the world, yesterday created a world's record for weight carrying in cruising the sky.

"The huge dirigible ascended from its quarters at Lake Constance bearing Count Zeppelin with ten aeronauts of the German army and fifteen soldiers. Never before in the brief history of aeronautics has an airship made a successful flight with a crew of twenty six persons. A great throng witnessed the ascent. The airship rose as majestically as an eagle. Its flight covered 150 miles and the dirigible was in the air for four hours.

"As a result of the trip the Kaiser will in all probability ask a large appropriation from the Reichstag to build an aerial navy which will surpass all others in existence."

A Religious Author's Statement

Rev. Joseph H. Fesperman, Saltsbury, N. C., who is the author of several books, writes: "For several years I was afflicted with kidney trouble and last winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days, unable to get up without assistance. My urine contained a thick sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy." T. F. Laurin, Owl Drug Store.

HUSBAND AND WIFE DIE

CHICAGO, March 22.—Ebert and Jennie Reynerton, 18 and 19 years old respectively and but two months married, were found dead in their room yesterday. They had been accidentally asphyxiated.

Near Death In Big Pond.

It was a thrilling experience to Mrs. Ida Soper to face death. "For years a severe lung trouble gave me intense suffering," she writes, "and several times nearly caused my death. All remedies failed and doctors said I was incurable. Then Dr. King's New Discovery brought quick relief and a cure so permanent that I have not been troubled in 12 years." Mrs. Soper lives in Big Pond, Pa. It works wonders in Coughs and Colds, Sore Throats, Hemorrhages, La Grippe, Asthma, Croup, Whooping Cough and all Bronchial affections. 50c and \$1.00. Trial bottle free. Guaranteed by Chas. Rogers & Son, druggists.

THE NICKEL THEATER

CHICAGO, March 22.—New light is thrown on the five cent theater problem by Mrs. William L. Thomas of the juvenile court women's committee, who urges the establishment of a "Municipal nickel theater." "Even under rigid police censorship the present institution," says Mrs. Thomas, "is not a force for good. One controlled by the city, however, would educate many who can be reached in no other way. 'Just for example, there are thousands of persons in Chicago who have never seen Niagara Falls and who never will. Wouldn't it be a easy thing to get these people into a nickel theater to see a moving picture of the falls as it is now to get them in to witness a series of utterly insane views?'"

SOME NEED IT

Corporal Punishment In Schools Necessary For Discipline.

CHICAGO, March 22.—The efficacy of corporal punishment in the public schools again has been brought to the front as a topic of discussion by the Rev. M. P. Boynton, a Baptist minister, who, though declining to express his own views on the subject, declares that he has written to a number of teachers and has found only one who believes that the abolition of such punishment has aided discipline.

One letter made public, says: "There is a spirit of lawlessness and disrespect spirit of 'I'll do what I please,' and a disregard for the rights of others that is appalling. When other methods of discipline have been used and found wanting, I believe that the refractory pupils should be given a sound trouncing by the principal."

Another says: "It would help matters if the sterner methods of discipline were revived. I do believe that they could be dispensed with in most cases, but there are some children that simply must have corporal punishment in order to behave."

Still another teacher asserts that a large percentage of refractory pupils would be under control if they merely knew that the teacher or principal had power to punish them.

SCHOOL VIEWS

Chicago Divine Expresses Some Pertinent Ideas On Subject.

CHICAGO, March 22.—Dr. Emil G. Hirsch grills the public school system and believes that two hours of study and two hours of manual training is better than six hours of study and recitation. In a communication upon the subject to his congregation, he says:

"I plead for the unitarian subjects and at the risk of being criticized by every editor, I assert that only one language should be taught in the grades. Let the cultural subjects be reserved for the child when he is able to receive culture."

"The American school system was founded on the ideal that any man could do anything and that it was not necessary to learn anyone thing. It is now necessary that a child find out what he can and cannot do. The school should help him."

TOBACCO IN THE EYE

NEW YORK, March 22.—Ada Hilton, a waitress may lose the sight of her right eye because she was too hasty in uncorking a bottle of tabasco sauce in a Brooklyn restaurant yesterday. A drop of the burning fluid struck her in the eye, and although she was rushed to a hospital physicians are afraid that the sight is destroyed. The pain was so excruciating that she fainted.

BILLIARD TOURNAMENTS

NEW YORK, March 22.—For the world's championship and \$3000 in cash prizes the first of twenty one games of the 182 balk line billiard tournament will begin at Madison Square Garden concert hall tonight. The introductory game of 500 points will be between Louis Cure of Paris, and Calvin Demarest of Chicago. The other entrants are George Slosson, George Sutton and Ora Morningstar of New York; Albert J. Cutler of Boston, and Harry Kline of Philadelphia. This will be Demarest's first appearance in an open tournament since he turned professional. He will be the junior of the crowd with Slosson the senior. Their ages are 22 and 65 years, respectively.

DRINK PLENTY
OF WATER

ALSO GIVES A PRESCRIPTION—RELIEVING STOMACH TROUBLES, KIDNEYS AND BLADDER AND RHEUMATISM

"The people here do not drink enough water to keep healthy," exclaimed a well-known authority, "The numerous cases of kidney and bladder diseases and rheumatism are mainly due to the fact that the drinking of water, nature's greatest medicine, has been neglected."

Stop loading your system with medicines and cure-alls; but get on the water wagon. If you are really sick, why, of course, take the proper medicines—plain common vegetable treatment, which will not shatter the nerves or ruin the stomach."

To cure Rheumatism you must make the kidneys do their work; they are the filters of the blood. They must be made to strain out of the blood, the waste matter and acids that cause rheumatism; the urine must be neutralized so it will no longer be a source of irritation to the bladder, and most of all, you must keep these acids from forming in the stomach. This is the cause of stomach trouble and poor digestion. For these conditions you can do no better than take the following prescription: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking well in bottle and take in teaspoonful doses after each meal and at bedtime, but don't forget the water. Drink plenty and often.

This valuable information and simple prescription should be posted up in each household and used at the first sign of an attack of rheumatism, backache or urinary trouble, no matter how slight.

"My three-year-old boy was badly constipated, had a high fever and was in an awful condition. I gave him two doses of Foley's Orino Laxative and the next morning the fever was gone and he was entirely well. Foley's Orino Laxative saved his life." A. Wolkus, Casimer, Wis. T. F. Laurin, Owl Drug Store.
