CASTRO TRANSPORTED BACK TO EUROPE

DEPOSED PRESIDENT OF VENEZUELA PLACED ON A DEPARTING STEAMER

FORT DE FRANCE, April 10.—Former President Castro of Venezuela has been ordered to go aboard

the steamer Versailles. He has intimated that he will refuse to obey the order and the chief of police, acting under the instructions of the governor, threatens to have his men place Castro on the steamer by force. The physicians employed by the French government today decided that the trip will not prove injurious to Castro's conditions. Former President Castro of Venezuela was placed on board the steamer Versailles tonight, following the orders of the French government that he be deported from Martinique.

SENATE PASSES THE NEW CENSUS BILL

WORK TO BE DONE UNDER CIVIL SERVICE COMMISSION DECIDED UPON.

WASHINGTON, D. C., April 10.—The bill providing for taking the next census was passed by the senate today in the form which it is understood meets with the views of the President regarding the appointment for census work under regulations by the civil service commission. The efforts by some senators to allow these appointments to be made upon the recommendations of the senators and representatives, without examination was defeated.

The fact that Billy Sullivan has been in close consultation with Comiskey gave rise to widely circulated rumors that the catcher has been chosen for the berth, but a prompt denial came from the magnate. "There is a deal yet to be put through before I make up my mind," said he. Osbell and Davis of the infield are prominently mentioned for the position.

TRACE OF PEARLS

Croker Necklace May Have Been Stolen by a Cook.

SAN FRANCISCO, April 10.—Chief of Police Cook and Miss Jennie Croker have received letters from Panama purporting to give reliable information of the whereabouts of the \$30,000 pearl necklace lost by the heiress at a ball in this city last February. These communications are to the effect that a man giving his name as Horace Keene, and his residence as San Francisco, was employed about two weeks ago as a cook for the constabulary force in the canal zone. Later it was discovered that he was pawning pearls at various places in the neighborhood and a close watch is being kept upon him by James Dawson, a member of the constabulary who informed Chief Cook.

Marie railroad held a special meeting at the general offices in this city today and gave their formal approval of the action of the board of directors in the recent purchase of the controlling interest in the Wisconsin Central Railway Company.

WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Graniteville, Vt. — "I was passing through the change of life and suffered from nervousness, indigestion, and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter." — Mrs. CHAS. BARCLAY, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 35 years it has been curing female complaints such as inflammation, ulceration, local weakness, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

SWELL CHURCH QUARTERS

NEW YORK, April 10.—As a means of carrying on a campaign for recruits in Upper Fifth Avenue, the Christian Science Church has leased the grand ballroom of the Hotel Plaza for Sundays for one year. The room has a capacity of 800 and the first service will be held tomorrow afternoon. Part of the Symphony orchestra will provide music to accompany the hymns. This move by the Christian Scientists is the forerunner of a plan to build a church in the neighborhood, although there are already six Christian Science churches in the city. Mrs. Eddy's sanction to the hotel innovation was obtained before the contract was signed. The consideration for the use of the ballroom was not announced.

The Human Appetite.

Of all the whimsical, shifting, unreliable, treacherous, exacting things in the world, the human appetite for the right thing to eat is, perhaps, the most unreasonable and imperious. There are those who humor it; others who defy it; and all men are more or less inclined to treat it with consideration. To find a place where these varying attitudes may be fostered, at the least cost in each case, and yet keep the appetite in proper and peaceful subjection, is always desirable information. One place that is conceded as perfectly adapted to this, is the Palace Restaurant, just opposite the Page building, on Commercial street, in this city. Try it once, and patronize it always; that is the rule of the Palace.

Norman Hackett, the popular young American actor, in "Classmates," the great American play, will be at the Astoria Theatre on April 24th. The production is one of the most sumptuous on the road.
