DETAIL OF SCIENTIST'S DEATH IN LUZON

DR. JONES WAS JUST ABOUT TO LEAVE COUNTRY WHEN TRIBESMEN ATTACKED.

MANILA, April 13.—The party recently sent out by the government to investigate the circumstances connected with the murder by Ilongote tribesmen of Dr. William Jones, a noted anthropologist connected with the Columbian Museum in Chicago, has recovered the valuable collection made by the scientist during his two year stay among the wild men of the interior. The specimens will be sent at once to the institution in Chicago. Members of the party learned additional details of the tragic death of Dr. Jones. It appears that he had been warned that trouble was in store for him and had started to leave the country, where he had been studying the natives at close range. He returned to the headwaters of the Cagayan river to secure boats in which to carry his collection down the river and unwittingly crossed the dead line that had been established by hostile Ilongotes. He was met by a party of warriors

who offered him a dish of fish as a token of defiance in accordance with tribal custom. Not suspecting that he was accepting their challenge by so doing, he ate the fish and was attacked immediately. The warriors wounded him many times with their spears but he managed to fight them off with his revolver until he reached a boat in which he escaped. Dr. Jones was so severely wounded that he died five hours later and his body was rescued from the river by friendly Ilongotes. A native servant also was attacked at the same time but escaped uninjured, saving the scientist's revolver.

GIRL WORKS LIKE MAN
Dons Overalls And Wields Spade For Man's Pay.

WATERBURY, Conn., April 13.—Annie Bugelnorth, the 17-year old daughter of August Bugelnorth, a farmer of Burlington, wears overalls and does a man's work because she likes it. The girl has been helping her father on the farm and wielding a shovel, assisting him on a highway contract. Neighbors complained to the authorities and Bugelnorth was arrested. But the muscularly inclined daughter promptly announced that she was not being forced to wear men's attire and that she was capable of earning a man's pay. Consequently her father was released yesterday and Annie continues to wear her man's clothing. There is a statute in this state prohibiting the wearing of attire of the opposite sex but no action has been taken. The girl is muscular and tall and looks like an Indian.

APPEAL TO PEOPLE

New York Subway Company Wants To Extend Its Lines.

NEW YORK, April 13.—The Interborough Rapid Transit Company, which operates the present subway and which is one of several interests seeking a chance to build more subways in New York takes a rather unusual course in pushing its plea by publishing quarter page advertisements in the New York papers today appealing to the people. The Interborough declares that whereas the present subway was built to carry 400,000 passengers a day, it is carrying twice that number. While it was expected that the underground road would relieve congestion on the elevated lines, the latter are carrying 50 per cent more traffic now than they did when the subway was planned. Pleading that there is no margin for delay, the interborough asks permission to build a subway from 42nd Street to the Bronx on the east side, one of them 42nd Street to the Battery on the West side and an express track on both the second and third Avenue elevated lines. The advertisement concludes: "The plans for our fifty million dollars expenditure are ready. Our proposal in writing is before the proper authorities. We are ready to act."

RETURNED TO JAIL

California Man Still In Trouble In Denver.

DENVER, April 13.—W. A. Muir, the former San Francisco broker for whose return to California requisition papers were issued on Friday last by Governor Shaffroth was placed in jail last night after his bail bond had been ordered temporarily withdrawn by Judge Shattuck of the District Court. This action was taken after a statement in open court by Assistant District Attorney Chiles that the action of the court admitting Muir to bail was not legal or binding upon his bondsmen. Arguments upon the motion to cancel the bond permanently were set for today. Judge Shattuck granted Muir bail pending action by the Supreme Court on the application of Muir's attorney for a writ of supersedeas asking the high tribunal to reverse the decision of the District Court in refusing a writ of habeas corpus sought to prevent the carrying out of the requisition order.

PASSENGERS MAROONED BY SNOW STORM

TRAIN BLOCKADED ON TOP OF CONTINENTAL DIVIDE.

DENVER, April 13.—Seventy five passengers who left this city Sunday morning last for a trip over the Moffat road are marooned at Corona, at the summit of the continental divide, with nothing to eat but the limited amount of foodstuffs in shipment in the express car. The primary cause of the blockade is the derailment of a snow plow sent out to clear the track of huge drifts caused by Sunday's snow-storm. A trainload of laborers started to rescue yesterday but according to reports they are stalled in the snow several miles this side of the passenger train. A 50 mile gale was blowing on the main range yesterday and work had to be suspended. The derailed snowplow is now buried in the snow and it is thought that it will be several days before the blockade can be lifted. In the meantime the passengers and trainmen are eating what they can get from the express car and sleeping in the day coaches of the train. It is reported also that passengers who left Steamboat Springs, the western terminus at present, of the Moffat Road, on Wednesday last for Denver, are still on the road, their train being stalled at Fawn Creek. The people along this line depend upon the daily shipments of supplies from Denver and unless the road is opened soon there will be read scarcity of provisions.

LAWYERS AVER CASTRO IS OUT OF IT

ATTORNEYS WHO REPRESENT VENEZUELAN GOVERNMENT GIVE OPINION.

NEW YORK, April 13.—Messrs. Pace, Stimson and Arroyo, New York attorneys representing the Venezuelan government have issued an opinion on the present situation. The statement is in reply to recent reports from Washington that doubts is felt as to whether Senor Castro legally abdicated his office of president, or acted within his rights in leaving the country. The lawyers declare that Castro was constitutionally ruled out of office and that the acts of Senor Gomez, who has since become President, were legal. They base their opinion upon an indictment presented to the federal and cassation court by the Attorney General of Venezuela, which is authorized by the Constitution to take cognizance of all cases of impeachment of the president of the republic. In conclusion the attorney say that "We are of the opinion that General Gomez is constitutionally the acting president of Venezuela and as such entitled to exercise all of the powers of president, as conferred by the Venezuelan Constitution, and that therefore, all treaties, appointments and other acts by, or at the instance of General Gomez since he became acting president are valid in every respect and strictly within the letter and spirit of his country."

Muir claims that the requisition was secured by means of false representations, on the part of Detective Sergeant Friel of San Francisco, who has been in Denver for several days fighting to have Muir surrender to him that he might take him back to California to stand trial for alleged embezzlement. Three attempts have been made to secure possession of Muir on requisition of the Governor of California. The first failed by reason of a flaw in the papers; the second was issued, but Muir secured his freedom on habeas corpus proceeding and now the third is tied up in the Supreme Court.

WILL REMAIN GOVERNOR.

EL PASO, April 13.—A special to the Times from Santa Fe, N. M., says: Governor Curry announced today that he will remain governor of New Mexico until statehood has been secured. He has received a letter from ex-President Roosevelt assuring him his confidence and co-operation.

JAP IS TO MARRY AN AMERICAN LADY

ELDERLY SPINSTER WHO RESIDES IN CITY OF LOS ANGELES.

LOS ANGELES, April 13.—An unexpected romance has entered into the life of Miss Kate Goodman, an American mission worker among Japanese women and children in and around this city and Rev. Joseph Kenichi Inazawa pastor of the Japanese Presbyterian mission. Accidentally thrown together less than a year ago, their friendship ripened into mutual admiration and now they are engaged to be married.

Mr. Inazawa was greatly surprised when he learned his secret had leaked out, but freely acknowledged the truth of the report. No date, he said, has yet been set for the wedding ceremony.

Inazawa has been a resident of this city for several years, during which time he has been in charge of the work of the Presbyterian mission. He is well educated and Americanized. For more than 20 years he had been engaged in missionary work on the Pacific coast with headquarters at San Francisco.

Miss Goodman is a resident of Moneta, a suburb of Los Angeles, where she conducts a night school for Japanese boys. For many years she has been a worker among the Japanese and has studied their language with the intention of going to Japan as a missionary. She is well educated and highly connected and was a student at the University of Chicago when she started a year ago for Japan. Inazawa is 45 years old and Miss Goodman a few months his junior.

day evening and report a pleasant time.

W. A. Fowler of Youngs River was in the city Sunday where he was supervising the loading of an engine for Geo. L. Colwell.

AND NOW HE'S GONE

MILWAUKEE, Wis., April 13.—Under circumstances as strange as the return of his reason by the click of a camera, William Childs of Brooklyn, who wandered about with his mind blank for many years, ignorant of his own name, has disappeared from the Milwaukee County Hospital. Childs was watering shrubs when he left. The police have been searching for the missing man.

Better, Healthier Women

are known to exist in this country by thousands because freed from pain and suffering by Lydia E. Pinkham's Vegetable Compound.

Could such a record be made without actual and superior merit? Read what this woman says, and realize that the results secured in her case could not have been made except by a very good medicine.

Detroit, Mich.—"For more than ten years I suffered with all the troubles women have. I had one doctor after another without receiving any benefit. They advised an operation, but I refused to have one. My body and feet were swollen, caused by my female trouble. I was very nervous, had no appetite, indigestion and heart trouble."

"About six months ago I heard of Lydia E. Pinkham's Vegetable Compound and decided to try it, and in six weeks I was well and strong."

"I have had the pleasure of seeing five friends made well by this medicine, and I want to say to all suffering women take Lydia E. Pinkham's Vegetable Compound. If any woman is in doubt she can write to me and I shall be most happy to give her all the information I can."—Mrs. Freda Rosenau, 554 Meldrum Ave., Detroit, Mich.

Science in surgery and electricity has advanced much in the past 30 years, but the treatment of disease by the old fashioned roots and herbs method has never been improved upon. The fact that this leader of them all—Lydia E. Pinkham's Vegetable Compound—is to-day the largest seller of any similar medicine in the world, is proof positive of its value and superiority, for with all our enterprise and advertising we could not keep fooling the people for 30 years. Merit and merit alone is what has made Lydia E. Pinkham's Vegetable Compound the standard medicine for treating diseases peculiar to women.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful.
