OCEAN, BAR, BAY, DOCK AND RIVER

The Lurline was doing good business last evening when she docked here. When she went up stream, she carried the following people as passengers: L. A. Loomis and Miss Alice Loomis of Nahcotta; Mr. and Mrs. G. E. Glover of Sublimity, Or.; Dean Blanchard of Rainier; Captain Garden, Mrs. D. Stiven, L. Leslie, J. R. Goulter, J. D. Friedman, H. E. Deputy, R. M. George, Mrs. E. F. Wright.

The steamer South Bay entered port yesterday afternoon and docked at the Callender pier at 6:30 o'clock last evening. She carried a heavy cargo of tar in barrels and other like stuff. She went to the Callender and docked part of it and then left for the upper reaches of the Columbia.

The steamer Charles R. Spencer did not make the Sunday run promised by her friends. She will be down today however, about 1 o'clock p. m. and will leave back for Portland at 3 o'clock, an hour earlier than her old-time schedule.

The steamer Northland entered port yesterday and docked at the Callender pier at 9 o'clock, where she left seven tons of local freight, before going on up the river.

The steamship Rose City came in yesterday from San Francisco with a heavy line of general cargo and over 300 passengers. Captain Mason reported a beautiful trip every mile of the run.

The fine new steamer Majestic came into port on Sunday and after a short stay at the Callender, went on up the Columbia.

The steamer Thomas L. Wand was a Sunday arrival from the Bay City, and she "caught her breath" at the Callender dock before heading out for the metropolis.

The steamer Johan Poulsen was among the Sunday arrivals from the California coast; she went on to the metropolis for a load of lumber.

The steamer Shoshone was numbered among the entries to this port on Sunday last, and went up stream after her cargo of lumber.

The steamer Alliance arrived down early on Sunday morning, en route to Coos Bay, on her regular run, and was doing good business on all decks.

The steamship Breakwater arrived in from Coos waters, with good business, and after a brief stay at the O. R. & N., went on up stream.

The oil tank steamship Rosecrans went to sea yesterday, bound for Monterey, Cal.

The oil tank steamship Asuncion, Captain Bridgett, entered port on Sunday evening last and kept on up the Columbia.

The steamer J. B. Stetson was among the get-aways from this port on Sunday last, going hence to San Francisco.

The French bark Jacobson has dropped down the river from Linton to Prescott and will load lumber at the latter port, for U. K. delivery.

The steamer Geo. R. Vosburg has arrived in from the Nehalem after a load of general merchandise.

The steamer Yellowstone has departed for the Golden Gate, with lumber loaded in the Willamette river.

Logical Eczema Cure Endorsed by Physicians

After treating eczema for years as a practically incurable blood disease, the medical world is greatly interested in the discovery that it is not a blood disease at all, but is due to a parasite in the skin itself. This parasite is easily destroyed by the external application of a compound of oil of wintergreen, thymol, glycerine, etc. This will quickly kill all eczema germs, while soothing and refreshing the skin.

Dr. R. A. Folkerts, of Duluth, Minn., tells of the success in treating patients:

"There was a man here suffering from eczema for the last 14 years, and I applied the D. D. D. treatment. I also applied it to a man of West Duluth, Minn., who has been suffering with Rheumatism for 14 years, and Eczema in his feet, and the second treatment in both cases cleared the skin almost absolutely. The first application is a balm, and its soothing effect is beyond expression. I shall never be without it, and shall use it among my patients altogether."

No matter how terribly you suffer from eczema, salt rheum, ringworm, etc., you will feel instantly soothed and the itch allayed at once when a few drops of this oil of wintergreen compound is applied. The cures all seem to be permanent. We recommend it with D. D. D. Soap.

Charles Rogers & Son, druggists.

COUNCIL PASSES UPON VARIOUS MATTERS

MR. PRAEL PRESIDES DURING THE ABSENCE OF MAYOR SMITH.

At the meeting of the common council last night there was very little of unusual importance that arose for consideration. Mayor Smith, who is ill, was not able to be present and Councilman Prael, who is president of the council, presided. All of the other members were present, except Mr. Beland, who is now in Alaska.

The Irving avenue matter again arose, this time upon a communication presented to the council by W. A. Goodin, the contractor who did the work. Mr. Goodin stated in his communication that from the Shively line to 35th street a considerable part of the improvement has washed or sunk away during the winter and that this resulted from unforeseen circumstances and from no fault of his. Mr. Goodin states that last fall, as evidenced by the fact that he had received 80 per cent of his contract price, that he had completed the work along there and that it would not be "just or fair" to demand of him now that he make good the harm that has ensued during the winter. Of course if the contractor is compelled to make him good on all this damage it will fall heavily on him; but of course the property owners in turn cannot be expected to bear all the brunt of the matter, for they already have suffered more than anyone else and to do justice and equity in the matter is no light task. However, it is presumed that the council will be willing to do all it consistently can to be eminently fair with Mr. Goodin.

Various Matters.

The brick company, the Astoria Clay Product Company, asked permission to take sand from the hill on the street on 47th street, as the taking it away would only work away a hill that will have to be cut down sometime anyway. The required permission was granted and probably the adjacent property owners have no objection. It was also ordered that the city attorney prepare an ordinance for the purchase of the Mike Martin place in Uniontown to be used as a site for a fire station.

Councilman Stangeland called at

NEW TO-DAY

The Modern.
The best and most up-to-date tonorial parlor in the city is The Modern. Perfect comfort and service guaranteed to all. Excellent baths.

Kelley, The Wood Man.
Wm. Kelley, the wood and coal dealer, is prepared to supply the public and all his old customers with the best slabwood that Astoria has ever seen. He promises not to join any combination to raise the price of wood and he will keep his old title of "the man who keeps the price down." Ring up Main 2191 for particulars.

The very best board to be obtained in the city is at "The Occident Hotel." Rates very reasonable.

Try our own mixture of coffee—the J. P. B. Fresh fruit and vegetables. Badollet & Co., grocers. Phone Main 1111.

A Cleaner That Cleans.
W. H. Fellman, the furniture man, is at the head of the carpet cleaning industry in Astoria, because he possesses the best and only Vacuum carpet cleaner in the city. He will send it to any house, on demand at moderate rates, and clean your carpets on the floor, without an atom of dust appearing anywhere in the process, and to the saving of household drudgery in this line for the women of the homes. It is the cleaner that cleans, and operates quickly and silently, and admirably. Drop in and leave your order.

If you desire a clear complexion take Foley's Orino Laxative for constipation and liver trouble as it will stimulate these organs and thoroughly cleanse your system, which is what everyone needs in the spring in order to feel well. T. F. Laurin, Owl Drug Store.

The Proper Place.
Go to the Occident Barber Shop if you are particular and desire first-class service. Satisfaction guaranteed. An expert bootblack and porter has also been engaged.

Foard & Stokes Hardware Co.

tention to the dangerous condition of the street and sidewalk at 35th and Duane. The highway is already fenced off there, but it was stated that the sidewalk is also in very dangerous shape and that trouble is apt to occur at any time. It was ordered that the sidewalk also be fenced off.

Houses In The Street.

Makula & Wuopio, the contractors who have the contract for one block of the improvement of 18th street, stated that they are unable to go ahead with the work for the reason that they find the street is not down to grade, as the specifications call for, and that three houses and various fences are within the confines of the street. This condition of affairs results from the slide. Manifestly the contractors could not go ahead with matters in such shape. They asked if the council would reimburse them for the extra cost. Their contract is not signed yet. If there are houses and fences in the street it would appear to be the duty of the owners to get them off, as the council would hardly appear to have the right to pay for the removal of a trespass on its property; on the other hand the owners are likely to say that the city should pay for the removal on the grounds of "negligence" on the part of the city, etc. The mix-up is a bad one. The matter was referred to the street committee, and possibly new bids may be called for.

Wants His Money Back.

Henry Vahlsing, the keeper of a saloon whose license was taken away for the reason that liquor was sold to a minor therein, asked the council for \$200 of his license money back, on the ground that six months of it had not expired. Perhaps the council may good naturedly return, though doubtless there is no means of making it do so; and especially every saloon man gives bonds condition that they shall stand forfeited in case of the saloon not being run in the right way.

I. Rosendale, the man who was once turned down in his application for a license in the "Owl" saloon, and again put in an application for one, was granted the license last night. It had been stated that he had said he didn't want it if the council insisted upon certain changes being made in the numerous exits and entrances to the place, but apparently he changed his mind.

Some Bad Sidewalks.

Superintendent Kearney made a report in reference to the condition of certain streets and sewers. He said that the sidewalk on 14th, from Grand to Jerome, is in very bad shape; also on Bond, from the McClure line west; also that the sidewalk on Franklin, 31st to Adair's, is in dangerous condition. He might have added others

which are equally bad, including some on Commercial street. Mr. Kearney also stated there should be larger sewer mains in various parts of the city, and instanced the sewers on 7th and 8th, which are so small that it is almost impossible to keep them clear in winter, and on 10th street, which is always giving trouble.

Saloon Ordinances.

The Curtis saloon ordinance was not acted upon last night, as Councilman Curtis said Mayor Smith has suggested one or two minor changes. The Prael ordinance, providing for \$500 license, was passed last night. Thus there are now two new saloon ordinances, the Prael ordinance, and the Belland ordinance, which provides for Sunday closing. The Curtis ordinance, if adopted, will repeal both of these.

New Curfew Ordinance.

A curfew ordinance was adopted last night, introduced by Councilman Leinenweber, providing that minors under the age of 15 years, shall be off the streets after 8 o'clock at night and all minors between the ages of 15 and 21 years shall be off the streets after 9 o'clock.

Astoria Day.

The committee on the Astoria day at the Seattle exposition, of which Curtis is chairman, made the following report:

"We, your committee appointed to make arrangements for Astoria day at the Alaska-Yukon-Pacific Exposition to be held in the city of Seattle on July 17, 1909, beg leave to submit the following report:

"We have corresponded with the exposition managers and have been assured of every courtesy being extended to the citizens of Astoria on that day. It has been suggested that the council co-operate with the Astoria Chamber of Commerce, but we do not believe that to be advisable, as following the usual custom of that organization, citizens would be called upon to contribute to a fund for advertisement."

(Continued on page 6)

Lived 152 Years.

Wm. Parr—England's oldest man—married the third time at 120, worked in the fields till 132 and lived 20 years longer. People should be youthful at 80. James Wright, of Spurlock, Ky., shows how to remain young. "I feel just like a 16-year-old boy," he writes, "after taking six bottles of Electric Bitters. For 30 years kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth." They're a Godsend to weak, sickly run-down or old people. Try them. 50c at Chas. Rogers & Son, druggists.
