**TERSE TALES OF THE TOWN**

**Nordman Funeral**—The funeral of Lena Nordman will be held today at 1:30 p. m. from the family residence 2636 Birch street, Alderbrook. The interment will be in Greenwood.

**Mother Sent For**—Yesterday the friends of Charles E. Darrah who is very low at St. Mary's hospital with typhoid fever, telegraphed for his mother, who resides in San Francisco.

**Taken To Hospital**—William L. Williams, of Ilwaco, brought his daughter over yesterday and took her to the hospital for medical treatment. She is suffering with tuberculosis.

**Abdul Hamid Subject**—Joseph Papacano, appeared before County Clerk Clinton and declared his intention of renouncing all allegiance to Abdul Hamid and his Harem and become an American citizen.

**Homing Astorians**—The following well known Astorians alighted from the 9:50 express from Portland last night: Fred Simington, John Engberg, Joseph Gribler, Mr. and Mrs. Chris Leinenweber and B. Gray.

**Married**—Percy Royston, of Ft. Stevens, and Miss Nana Wright, of Hammond, were united in marriage by Rev. C. C. Rarick at the Methodist parsonage Wednesday afternoon. Mr. and Mrs. Royston will make their home at Ft. Stevens.

**Set For May 19**—Attorney A. M. Smith appeared in the justice court yesterday afternoon and asked that the case against Anton Kuljis, of Clinton, arrested for selling liquor without a license in Clinton precinct, be set down for hearing on Wednesday, May 19, which was granted.

**City Received Money**—Yesterday County Treasurer Sherman turned over to City Treasurer Dealey the sum of \$2283.76 being the balance due the city of Astoria on the taxes of 1908, so far as collected. This does not include the city's share on the second installment due November 1st.

**Chance For An Outing**—On Sunday next the fine, staunch launch Hulda I, Captain Haagblom, will leave her berth at the Lurline dock, for Fort Canby and Ilwaco, with excursion and picnic parties, returning to this city from there at 5:30 o'clock p. m. Here is a chance for a delightful outing for all who wish to get away on a charming trip.

**Ashes To Norway**—According to the written request of decedent, the ashes of the late Gilford O. Moen, after his funeral and incineration in Portland, at the hands of Oregon Commandery, No. 1, Knights Templar, will be sent to his old home in Norway, and there buried by his kinsmen in the ancient home cemetery.

**Took Eleven Stitches**—While cutting wood at his home yesterday morning, F. L. Fry, an employe of the Astoria National Bank, had the misfortune to cut his left hand with a sharp axe in such a fashion as to require 11 stitches in the dressing of the wound. He will be confined to his home for several days by reason of the mischance.

**Eighth Grade Exams**—This morning, under the superintendence of Miss Emma Warren, the capable head of Clatsop county school affairs, about 50 young people will begin on their examinations for the eighth grade; and all successful pupils will be amenable to entry to the Astoria high school under the terms of the present state law in such case made and provided.

**Sudden Death**—Word reached this city yesterday of the sudden death at Seapooe, of G. A. Emmerson, a well known mill operative there, in the Wickstrom mills. He did not report for work in the morning and nothing was thought of it, save that he was laying off on account of some slight indisposition, but his failure to report at noon, caused an inquiry, which resulted in finding him dead in his bed at his quarters. Heart trouble is known to be the cause of his death. Mr. Emmerson was well and favorably known along the Columbia.

**Died Yesterday Afternoon**—Yesterday afternoon at 4 o'clock, after a long period of illness, classed as general debility, the spirit of Andrew Berry, a well known citizen of Uppertown and residing at 1380 Grand avenue, took its flight. Mr. Berry has dwelt in this city for the past score of years and is well and respectably known to a great many. He leaves a widow and one daughter to mourn his loss. Notice of his funeral will appear in these columns later. He was 65 years of age.

**Contract Awarded**—Fred Moore of the Moore Logging Co., of Gearhart, yesterday awarded a contract to Birch & Jacobson, to building 400 feet of a spur connecting with the railroad at Warrenton running to the Skipanon creek where the new log roll is to be put in. Work will be commenced immediately and as soon as completed work of getting out logs will be commenced. The Moore company have a fine bunch of timber and will maintain their camp all summer.

**Bluebacks Plentiful**—It has been contended by knowing ones that the Blueback salmon had been extinguished, notwithstanding many had been turned out by the various hatcheries. The run this season proves this not to be true as there is an exceptionally large run in the river at the present time. Reports from the traps at Chinook are to the effect that the traps are doing better this season than for several past seasons. Tuesday two traps averaged over half a ton each and nearly every trap reported from 500 to 1000 pounds, 40 per cent of which were bluebacks.

**A. & C. Rates and Changes**—From and after high noon yesterday the Rainier special out of Portland leaving heretofore at 11:20 p. m., will leave that city at 9:20 p. m. In the matter of round-trip tickets to and from the Alaska-Yukon Exposition, the company has established the following rates, to be effective on and after June 12th, and continuing until October 15th, via Goble and Kalama, to Seattle and return from Astoria, \$9.30; from Seaside, \$10.30; Gearhart, \$10.25; Warrenton, \$9.65; Fort Stevens, \$9.90; Svensen, \$9.30; Knappa, \$9.10; Blind Slough, \$9; Clifton, \$8.65; with stop-over privileges for illness only, etc.

**Northshore Items**—The survey for the Ilwaco-Oyster-ville electric line is going forward rapidly and will be completed and the notes amplified within the next two weeks; after which it is the purpose of the company to push the work of construction without any delay whatever over the 17-mile stretch. A new dock is to be built at Nahcotta, toward which Pacific county has contributed the sum of \$3000, the balance being supplied by Mr. Moorehead and his associates. Dr. Powell, the well known physician, will leave that city for his Colorado home, where he will take over and manage the home farm for his mother, whose extreme age was the chief consideration urging him to the step.

**Larceny Case Tried**—The case of the State of Oregon against Jacob Wilbert charged with larceny of a watch from Henry Kangos was tried in the justice court yesterday. The evidence was very conflicting, both parties being so drunk as to be unable to state just what did happen. Kangos lost his watch and \$6.50 in money but don't know who took them. Officer Houghton found the watch in the possession of Wilbert and arrested him. Wilbert claims he bought the watch from another man for \$5. Kangos claims he was not drunk but admitted blowing in about \$36 treating his friends and woke up Sunday morning sleeping on the floor in a rooming house. He claims Wilbert put him to bed, and Wilbert denies of ever having seen Kangos. Judge Goodman tried to unravel the mystery but the evidence was too conflicting and he took the case under advisement until this morning.

**The Human Appetite.**  
Of all the whimsical, shifting, unreliable, treacherous, exacting things in the world, the human appetite for the right thing to eat is, perhaps, the most unreasonable and imperious. There are those who humor it; others who defy it; and all men are more or less inclined to treat it with consideration. To find a place where these varying attitudes may be fostered, at the least cost in each case, and yet keep the appetite in proper and peaceful subjection, is always desirable information. One place that is conceded as perfectly adapted to this, is the Palace Restaurant, just opposite the Page building, on Commercial street, in this city. Try it once, and patronize it always; that is the rule of the Palace.

**CIRCUIT COURT DOCKET IN BAD SHAPE**

**SEVERAL IMPORTANT CASES MAY HAVE TO BE RETRIED AT LITIGANTS' EXPENSE**

The civil docket in the circuit court seems to be in a chaotic condition, owing principally to the resignation of Judge McBride. After completing the February term of court several cases had been argued and submitted and taken under advisement. Among the most important cases were the Tallant-Grant Packing Co., against the City of Astoria which has been before the court nearly three years. Additional evidence was taken and the case taken under advisement. The case will now have to be tried over. Three or more years ago, Leander Leabeck improved Bond street the contract price being about \$7000. The city was enjoined from collecting the assessments and in the meantime Mr. Leabeck has been out his money. His only recourse now is to sue the city, as the work was done a contract and if the property owners avoid payment, he claims he ought not to lose.

Another important case is John Hahn against the Astoria National Bank to recover \$5000. This case has also been before the court for a long time and at the February term was argued partially and was to have been completed at St. Helens. A voluminous mass of testimony was taken in the case at a cost of several hundred dollars. As no decision was rendered the case will have to be retried at a large expense to the litigants.

Another case is the Callender Navigation Co. against Thomas Linville as sheriff, a suit to enjoin the sheriff from collecting the taxes on the steamers owned by the Callender Company, the total amount aggregating \$2000 and which sum is now charged against Sheriff Pomeroy on the assessment roll and was the alleged deficiency found by the experts when the books were expeted. Several other demurrers and motions were argued and submitted and taken under advisement but no decision rendered. It is these facts which has placed the docket in an unsettled condition making more work for the attorneys and more cost to the litigants. It is probable after Governor Benson appoints the new judge for this district a special term of court will be convened and an attempt made to clear up the tangled mess. Judge Campbell will be the presiding judge of the district and the new appointee will be assigned either to certain counties or to the law or equity cases, probably as may be agreed upon between the two judges.

**New County Road**—Pursuant to an order made at the last term of the county court appointing viewers, the county surveyor, viewers and County Judge Trenchard went over the proposed route yesterday. The viewers are expected to complete the survey this week. The proposed road starts in at First street in Case's Astoria near the approach to the Young's Bay bridge and then follows the shore line of Young's Bay to a connection with the county road at Williamsport which connects with the Olney road. When completed it will make a belt line road from Astoria around Smith's point to Williamsport. The grade will be light and be of great advantage to farmers hauling produce to Astoria as it saves climbing the steep hills via the reservoir. As soon as the report of the viewers is filed and the probable cost prepared by the county surveyor, bids will be called for to build the road. It is the intention of the county court to complete the road early this summer.

**STILL AFTER THE FLY.**  
SEATTLE, May 12.—Dr. C. W. Chapin, United States government expert in charge of the municipal bubonic plague laboratory, plans to begin original research work into the habits and life of the ordinary house fly in the hope of arriving at a method of exterminating this disease-breeding pest. Dr. Chapin will commence work by incubating enough specimens from the eggs deposited in refuse to experiment upon. Several new formulas for exterminating flies will be tested.

**Sheriff's Sale**—Yesterday Sheriff Pomeroy sold a boat and net belonging to Andrew Johnson on which the Columbia Packers' Association held a chattel mortgage for the sum of \$210 and \$20 attorney fees. The boat and net were bid in by the cannery for the amount of the sum of \$50. Also at the same time the sheriff sold a boat and net belonging to Sigurd Brix upon which the same company held a mortgage for \$386.28 and \$38 attorney fees. The property was bid in by the cannery for the sum of \$100.

**Flourishing Fraternity**—W. P. O'Brien, of this city has returned from the metropolis, whither he went to join in the state convention there of the Knights of Columbus, the popular and rapidly growing Catholic fraternity, which, though a comparatively young order, as orders go in this country, now has in the neighborhood of 1450 Councils throughout the country, and practically a million of money in its national treasury; indeed, its financial condition is such as to have precluded the payment of the last month's insurance dues by its members everywhere. In the honors falling by reason of the election of the State staff, Mr. O'Brien was awarded the State treasuryship, than which no better selection could have been made.

**Quiet, But Promising**—The members of the directorate of the Oregon & Seacoast Railway Co., the holding company, in conjunction with the interests of the Astoria, Seaside & Tillamook Electric Railway Company, had a meeting yesterday morning at the parlors of the Scandinavian-American Savings Bank, in this city; and while the gentlemen at interest had nothing to give out at this particular moment, it is known that there is frequent and constant correspondence with Mr. Evans and others in the East with regard to pending negotiations and that matters are moving cleverly and, so far, satisfactorily, in the business, though no positive determinations have yet been recorded. It is hoped, at an early day, to make some definite announcements, but projects of this sort, at long distance communication, are necessarily slow.

**Happily Wedded Yesterday**—At the house of Mrs. Harriett Ansted on Irving avenue, at 3 o'clock yesterday afternoon, occurred one of the prettiest home weddings of the season, when her daughter, Miss Nellie A., became the bride of Mr. Irwin F. Morrison, one of the most popular young business men of this city. Only the immediate friends were present but the home was tastefully decorated and a large number of costly and beautiful presents were received. The ceremony was conducted by the Rev. Wm. Seymour Short, rector of Grace church. Dainty refreshments were served and the young couple left on the evening train for a honeymoon. A striking incident was the presence of Mr. John Minto, the uncle of the groom. Mr. Minto was the first bridegroom on record in Clatsop county, so the oldest and newest met together.
