UNION.

Four months ago this paper said that in its opinion, the democratic name would stick to the Chicago platform. Recent events are proving the correctness of that opinion, and today we publish a long editorial from the Oregonian giving full information on that subject.

THE BANK.

We had determined to leave the bank assessment matter to the bank and the assessor to fight it out in another paper. But the position the assessor's letter to the Times leaves us in is; that we did not know what we were talking about.

TWO PARTIES ONLY.

The results of the recent election have brought sincere democrats who believe in the gold standard to the parting of ways. The gold democrats in Massachusetts cast a little more than 3 per cent. of the total vote; the gold-democratic vote fell below that of last year in Massachusetts, when many gold democrats were believed to have gone temporary with the republicans.

General Grant's Religious Spirit.

"I am a profound believer," said General Grant, "in a special and a general providence that shapes the destiny of individuals and nations, but in such a way as not to destroy man's free agency."

found for building up a leading opposition to republicanism. Commenting on the slump of the gold vote in Kentucky, the Republican says that, "taken in connection with the reports from other states, this must be regarded as near a finishing blow to the hopes of the old democratic leaders, who had thought to rebuild the party on Cleveland administration lines."

The New York Sun, which since the nomination of Bryan in 1896 has been as aggressive a republican journal as there is in the country, agrees with the view of the independent press, but goes further and predicts that in 1900 there will be a united Bryanite democratic party.

"A TIMELY WORD"

To the Bread Winner of the Family in Behalf of His Loved Ones at Home.

The fact is now so generally admitted it needs no argument to convince those upon whom the duty rests, that life insurance is the best protection for a man's family, his estate and his old age. The question with most men is, what form of policy will best discharge this duty and in what company to place so sacred a trust.
