REST AND RELIEF

A piece of machinery run by steam and overworked will become cranky, creaky and out of gear, owing to some expansion of metal from heat and friction. Stop its work, rub and brighten and let it rest. In a short while it will be restored and will run smoothly. The human system is a machine. Too much work and worry are thrown upon it; too much of the heat of daily cares; too much of the steam of daily business. The nerves become cranky; they are restless, sleepless and twitchy, and a neuralgic condition sets in. Pain throws the machine out of gear and it needs rest the machine out of gear and it needs rest and treatment to strengthen and restore. St. Jacobs Oil is the one remedy of all peculiarly adapted to a prompt and sure cure. So many have so treely testined from experience and use to its efficacy in the cure of neuralgia that it passes without saying that it surely cures. It will be a gracious surprise to many after the free use of it to find how easily pain, cares and worry may be lifted, and how smoothly the human machine goes on.

People doctor their troubles and try different medicines so often without benefit that they get discouraged and skeptical. In most such cases serious mistakes are made in doctoring and not knowing what our trouble is or what makes us sick. The unmistakable evidences of kidney trouble are pain or dull ache in the back, too frequent desire to pass water, scanty supply, scalding irritation. As kidney disease advances the face looks sallow or pale, eyes puffy, the feet swell and sometimes the heart aches badly. Should further evidence be needed to find out the cause of sickness, then set urine aside for twenty-four hours; a sediment or settling is also convincing proof that our kidneys

"Although the general desire of our people is to maintain a condition of peace with all nations, and the policy of the government is one of good will and peaceful relations with all others, vet nothing could be more injurious than to settle in a condition of insecurity and permit the lives of millions and the accumulated wealth of many generations to be destroyed or endangered by any foreign power with which we are liable to come in contact, and the general plan for defense which has been adopted by the government should be steadily pursued until the nation is in the condition of security and safety which a due regard for self-preservation would demand."

#### A VALUABLE CYCLOPEDIA.

Commercial Directory of American Republics Presented to the President. Washington, Nov. 15. - Secretary

Sherman, Minister Romero of Mexico, and Minister Merou of Argentine, members of the executive committee of the bureau of American republics, were at the White House today and presented the first volumn of the commercial directory of the American republics to President McKinley. There was considerable formality about the matter, the presentation being made in the blue parlor. Secretary Sherman presented the volume, saying the work was regarded as of "such vast practical importance to the commerce of our country, as to be well worthy that we should come in a body to present it to you. Upon looking through its pages you will discern its far-reaching value as a factor in disseminating general information respecting the natural resources, the peculiar commercial activities, the varying occupations, the industries and the latent capbilities of the countries of the Western hemis-

ohere. President McKinley made a formal response, expressing his interest in the work of the bureau and the hope that the publication would lead to a closer commercial relation between the republies of America. With the volume was transmitted a letter to the president from Joseph P. Simth, director of the bureau, in which he stated the objects of the publication. It is a commercial cyclopedia of the Western hemisphere, intended to furnish information for the benefit of merchants and agriculturists. President McKinley has been congratulated from time to time during the progress of the work, and has shown great interest in it.

#### A WHITECAP OUTRAGE.

Two Ohio Girls Reaten and Tarred and Feathered.

Holgate, O., Nov. 15 .- Word reached this city this evening from Oakwood, a hamlet 25 miles south, of an outrage perpetrated last night by whitecaps upon two girls, Edith and May Roberts, 19 and 17 years of age, respectively. Ten days ago the young ladies received a whitecap notice warning them to leave the town and county, but they paid no attention to the notice. Last night, they were awakened by a band of eight or ten men entering perpetrated last night by whitecaps their rooms and dragging them from their beds in their night-robes to the near-by road, where they were terribly whipped with a cat-o'-nine-tails, which was found this morning. After beating them, they gave the girls a coat of tar and feathers and took them back to the house, where they were found unconscious this morning.

May, the younger of the girls, is in a critical condition, the flesh being cut to the bone by the whip. There is no clew to the perpetrators.
