A Natural Error. Mr. Gotham (angrily) - What do you mean, sir, by saying in your paper that while at Albany I spent my time among the saloons? Editor - My dear sir, that was a printer's mistake. What I wrote was that you spent your time among the saloons, meaning, of course, the members of the state legislature.

Mr. Gotham - Huh! That was a strange mistake for a printer to make. Editor - Well, you see, sir, the printer used to live in Albany, and - I suppose it comes sort of natural to him to get such words as saloons and saloons mixed up. - N. Y. Weekly.

NO WOMAN IS EXEMPT.

Regularity is a matter of importance in every woman's life. Much pain is, however, endured in the belief that it is necessary and not alarming, when in truth it is all wrong and indicates derangement that may cause serious trouble. Excessive monthly pain itself will unsettle the nerves and make women old before their time.

The foundation of woman's health is a perfectly normal and regular performance of nature's function. The statement we print from Miss GRUBBS SIKES, of Eldred, Pa., is echoed in every city, town and hamlet in this country. Read what she says:

"DEAR MRS. PINKHAM - I feel like a new person since following your advice, and think it is my duty to let the public know the good your remedies have done me. My troubles were painful menstruation and leucorrhoea. I was nervous and had spells of being confused. Before using your remedies I never had any faith in patent medicines. I now wish to say that I never had anything do me so much good for painful menstruation as Lydia E. Pinkham's Vegetable Compound. It would say that your Sensitive Wash has cured me of leucorrhoea. I hope these few words may help suffering women."

The present Mrs. Pinkham's experience in treating female ills is unparalleled, for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometime past has had sole charge of the correspondence department of her great business, treating by letter as many as a hundred thousand suffering women during a single year.

All suffering women are invited to write freely to Mrs. Pinkham, at Lynn, Mass., for advice about their health.

PINKHAM'S CURE FOR CURS WHERE ALL ELSE FAILS. Best Cough Syrup. Tastes Good. Use in all cases. Sold by Druggists. **CONSUMPTION.**

A STORY OF HORROR.

Eleven of a Ship's Crew Eaten by Cannibals on the Island of New Guinea. Vancouver, B. C., Jan. 30. - After escaping death by drowning, 11 of the crew of the ship Manbare were captured and eaten by cannibals of New Guinea.

The Manbare was bound for Sydney, Australia, when it was caught in the terrible gale of December. Near Cape Nelson it began to sink. The crew, 18 all told, left the vessel in two boats, and soon became separated. One boat, containing 12 men, was finally thrown ashore 10 miles from the cape.

The sailors were seized by natives from a neighboring island, and hurried off to the village of the chief. One man, James Greeng, escaped. The sailors were stripped and bound and killed, one each day. A wild orgy was participated in by at least 100 savages, who had gathered for the feast.

In several cases the sailors were tortured by the old women and children of the tribe. The eyes of one were gouged out. The doomed men stoically watched the elaborate preparations for their death. A huge pot filled with boiling water was used for the feast, which on the first day was prolonged away into the night. In most cases the men were beheaded, their head being stuck on poles and paraded before the men who were to suffer the same fate.

Greeng was rescued by a steamer after tramping without food a day and a night to reach the coast. The scenes of horror he had witnessed turned his hair snow white.

More Speeches on Expansion. Washington, Jan. 30. - At the opening of the senate Spooner and Rawlins gave notice of speeches on the resolution opposing annexation, Spooner Wednesday and Rawlins Thursday next. Mason asked unanimous consent for a vote on his resolution, declaring it to be the policy of the United States not to attempt to govern the people of any other nation, next Friday at 1 o'clock, and Hour for a vote on his resolution declaring the Filipinos ought to be free and independent, but Carter objected to both.

In the House. Washington, Jan. 30. - When the house met this morning there remained but little more than an hour of time for general debate on the army reorganization bill. Henderson (Rep. Ia.) was the first speaker. He opposed a standing army of 100,000 men, but was willing to support a proposition for a force numbering from 60,000 to 60,000.

Court-Martial Over. Washington, Jan. 30. - The case of Commissary-General Charles P. Egan, charged with conduct tending to the prejudice of good order and military discipline, is now in the hands of the court martial appointed to try him. Today the taking of testimony was closed, and arguments of counsel submitted. The trial lasted three days and consumed less than eight hours of actual sitting. A session behind closed doors of an hour or so sufficed for the court to reach a conclusion and embody its report. What the verdict will be is altogether a matter of speculation, and officially at least will not be made public by the trial board, military regulations requiring that its findings shall go through prescribed channels, and be kept secret until action be had and promulgated by the proper reviewing authorities.

Arm Chair of Solid Gold. The shah of Persia owns the most valuable arm-chair in the world. It is of solid gold, inlaid with precious stones. At one time some of the stones were stolen from one of the legs of the chair, and the indignant shah ordered the arrest of a number of his servants and held the keeper of the furniture responsible for the loss, with the intimation that if the thief were not discovered the keeper would be beheaded. The culprit being eventually found, was forthwith beheaded and his head carried on a pole by the imperial body guard through the streets of Teheran.
