HOBAN LODGE, No. 22. I. O. O. F. meets every Thursday evening at their Lodge Room in Canyon City. Visiting brothers are invited to attend. By Order of N. G.

COUNTY NEWS.

TALK about your mackerel fish, but don't say you can't raise anything on the tailings of Canyon Creek. You that are skeptical should visit that fine garden of "Brigham's" across the creek and see for yourselves what an abundance of everything he has there. We almost envy "Brigham" his nice little home. He brought us a fine assortment of his production, such as new peas, gooseberries, radishes, lettuce, eggs, etc. for which he has our sincere thanks.

BACK AGAIN.—Mr. L. B. Trowbridge, brother of B. C., is back again after an absence of about six years. We did not hear how long he expects to remain.

The spirit of improvement got hold of Judge Sel and he, like Ned Turk, has made some improvements on Washington street. Likewise the I. O. O. F. Hall. Those green shutters are high.

Our merchants are receiving loads of freight every day, and still they are sending for more goods. Mr. E. Hall has some fine cauliflower fruit.

SEVERAL new buildings are about to be erected in our city. Mr. Jacobs, of the firm of Overholt & Jacobs, informs us that they have the contract for the building of two or three on Main street.

Mr. "Josh" Gray started for Lake View last Saturday. He is a witness in the Wallace murder case.

SPRING chickens are ripe. Mr. John Darby brought us one this week. Also a nice mess of new potatoes, all of his own culture.

Spend your money at home. Set the example now. Buy your dry goods, bill heads, groceries, posters, meats and everything at home, and you will see a wonderful change in a short time in the business outlook of the place; therefore, deal with your merchants at home, of those that advertise.

ROSE.—To the wife of Peter Kuhl, of this city, on Saturday, June 14th, 1879, a son. The boy weighed eleven pounds.

CELEBRATION.—The citizens of this place and vicinity will celebrate the 4th of July at Canyon City, by the usual performances of the day and a ball in the evening. Afternoon exercises at the school house on Rebel hill. The oration will be delivered by Col. Geo. B. Curry. A grand ball at Masonic Hall in the evening. Full programme will appear in our next issue.

Just received at the Post Office a full and choice stock of candies, nuts, and confectionery.

A gentleman called at our office the other day and asked if we could change a \$20 piece. We went down in our pockets—we thought he said \$1—and after a vain search answered no, and sighed. The next day another man called and asked us to change an ounce of gold dust; our only answer was, we are a printer. When will people quit trying to insult editors by asking such questions?

SEE the advertisement of W. S. Southworth in another column. He has on hand and saws to order all kinds of lumber and fencing. Give him a call before purchasing elsewhere.

ALL accounts go to show that the people of The Dalles are still possessed of sufficient vital souk to resolve to rebuild their town at once so soon as the material can be obtained for the purpose. Several of the losses were nearly covered by insurance, while others will have to be wholly sustained by those whose property was burned. We also notice that some of the creditors below have shown the "Shylock" by attributing the insurance money of some of the sufferers. Such men generally would "rob the cents from the dead men's eyes."—Lewiston Telier.

CLOSING EXERCISES.—The public school of this city, under the supervision of Prof. Eads and Miss Douthit, closed on last Friday. We attended the closing exercises, and must say that, from all appearances, the children have been in good hands for the year just ended. The performances consisted of readings, essays, declamations, music and illustrations. We would like to mention each scholar minutely, but time and space forbid. We were pleased to see the interest the boys have taken in music. If more fathers had been there to hear the closing address of Prof. Eads, we are of the opinion that in the future but few sons and daughters would be permitted to go abroad to school. We are sorry that our space is so limited this week; we may have something to say on the school question next week.

A vessel recently arriving at Gardiner brought 520 goats for farmers of that vicinity.

Brace up, be a man and subscribe for your county paper.

NEW MILL.—The success of wheat culture in the neighborhood of Ridge Creek, has set some parties to work on the flour mill question. It will enable the Canyon City Teamsters to haul full loads both ways, and that will be coin in everybody's pocket.—Empire.

OFF TO THE MINES.—Portland is foretoms in losing at least fifty out of the thousand and one Chinamen who have arrived in this city within the past few weeks. They took their little packs and membered off toward the John Day country to engage in mining. We hope Moses or some other sealawag will run across them. Their scalps are real ornaments.—Standard.

A LIVE INDIAN AGENT.—Major Rindler, Indian Agent at the Midheer Reservation, is in town awaiting the arrival of Old Winnenucca, whom he expects to get to Midheer with some of his immediate followers. He has been confined to his rooms at the Winnenucca Hotel with a rheumatic attack the greater part of the time since his arrival here. —Live State.
