COUNTY NEWS.

TOMATOES.—Mr. G. W. Houston is engaged extensively in the canning of tomatoes in this city. They are put up in three pound cans expressly for family use and are sold at the same price as the imported tomatoes. In buying of him you get fresh, pure goods and at the same time help a home enterprise thereby keeping the money in our own county. He presented us yesterday with a few cans and we can recommend them as excellent. In laying in your winter supply remember and buy the I. X. L. Tomatoes. His advertisement appears elsewhere in this issue.

MR. HENRY STANISLAWSKY, from Eureka, Cal., arrived in our city last Friday night. He comes highly recommended as a gentleman and a Jeweler; and it is his intention to locate in our city for the purpose of practicing his profession. We think he has located sensibly and on behalf of the citizens of this county we cheerfully welcome him to our midst.

The person who borrowed a Ladel from the undersigned, several months ago, is hereby respectfully requested to return the same.

MAX METSCHAN.

Messrs Muldrick, Kuhl & Co, are building a reservoir on gospel ridge near the Catholic church for the purpose of supplying the town with water in case of fire; It holds about 1200 gallons, and is walled with stone;

IN JAIL.—Dept. Sheriff Fitzgerald arrived in town last Friday evening from Harney bringing with him Mr. Murphy, the man who killed Vickers a few months since. Murphy is in jail in this city.

THOS. OVERFELT is over in Umatilla county buying horses for the firm of Sweetser Brothers of this county.

COUNTY COURT meets on the first Monday in November, which will be the 3d day thereof;

A Watchmaker and Planing Mill man will answer our advertisement.

OHIO elected Foster, Republican, Gov. by about 17,000 majority.

E. M. FURMAN, and wife, of the firm of Sutliff & Watson, of the Dalles, were in the city yesterday.

A letter just received from our father tells us that he has arrived in Iowa safe and well.

SICK.—Mr. Fisk, Sr., is very sick at the house of Mr. A. Hackney at John Day.

JOHN MARSHAL has gone to Prairie City to spend the winter.

SICK.—Mr. J. DeMoss is over on Elk Creek sick with fever. May he speedily recover is our wish.

MR. J. J. ROBERTS is erecting a dwelling house on the opposite side of the creek from the Episcopal Church in this city.

MISS DOUTHIT arrived in our city last Monday night. She comes to remain.

Women journalists are multiplying in Chicago.

The story of the sale of the Mammoth Cave is untrue.

A TRAMP went into the house of Mr. J. J. Roberts, of this city, last Thursday and as no one was at home but the ladies he said he "was a sewing machine agent and wanted to fix the machine" On being told it didn't need repairing, he said that "he would take the privilege of fixing it anyhow," and took it apart, and put it together again and almost ruined the machine. He ought to be rode on a rail out of town or sent to Salem.

Mr. Ed. Holland, now of the U. S. Signal Corps arrived in town on Saturday from Fort Lapwai, on his way to take a position in the Portland office. He left on Tuesday morning accompanied by his mother, who intends making her home in that city for the future, and "keep house" for her two boys—Ed. and Frank—Mountaineer.

ALL those desiring papers containing the description of the Monumental Mine next week will please let us know the amount before next Monday night or they may not be able to get what they want as the extra papers must be engaged before we press the outside.

Mr. O. P. CRESOP, of Susanville, made us a very pleasant call last Thursday. He showed us a specimen which he had taken out of his mines this season. It weighed over \$70 and is pure gold. The finest specimen we ever seen. Not a particle of quartz is visible in the specimen.

A CAR load of freight has arrived at Winnemucca for Fort Harney. 15,000 pounds was shipped from there recently for Harney. Morehead & Cleaver have an order from the Fort to deliver 27,000 pounds of flour there soon.

WOOD THIEF.—The parties that stole wood off of our rick, on the bank of the creek, several nights since, had better let the job out to the lowest bidder before they get hold of the "loaded stick." We will not mention your name now, but remember we may do it next time.

W. H. CLARK returned home from Portland on Sunday night. He says he had a "wa, up" time at the Grant reception. Mr. Clark also bid in a full supply of winter goods while below.

The citizens of Boise City have presented Col. Orlando Robbins with an elegant gold watch, says the Boise Statesman, in honor of his services.

The Mountaineer says, Mrs. E. Schutz of Camp Watson, is visiting friends in this city. She reports having left Mr. Emile at home to take care of the place.

THE Ditches as advertised for sale in the NEWS were sold last Friday. "Ned" Turk brought the salmon ditch interest and one other. M. M. Bradley purchased the Dixie Ditch.

CHAMPION KNOX and Brushy John trotted a race at Boise City on last Saturday for \$500 a side.

WE omitted to mention last week that Mr. Lofton had left at this office a beet that weighed over ten pounds and a turnip weighing about 15 pounds.

MR. HUGH McQUAID sends us \$3 of beautiful dust by Mr. O. P. Cresop, accompanied by encouraging words. Thanks.

PETER FRENCH and Mm. McDowell, of this county, have been at Portland for a few weeks past.

GOOD NEWS.—The people will be pleased to learn that "Tom" Howard is again in the Butcher Business: He has opened a shop at John Day and the firm reads Howard & Cobb: It is useless for us to say much about the ability of these two gentlemen to carry on the business to the satisfaction of all, as they are well and favorably known, and to see the name of Howard & Cobb only assures the citizens that the very best of all kinds of meats will be served in style and at low prices: "Adv" will appear next week:

Our Dayville Letter.

DAYVILLE, OGN Oct. 19th, 1879.

EDITOR NEWS:—Your Dayville correspondent must have certainly gone abroad—perhaps to recuperate his brain after his mental labors—for high and low have I sought him, mourning for the cause and dreading it might not find favor in his eyes. But the crops being all in, and having turned out to his perfect satisfaction, there is nothing more to interest him, hence his absence and it entails on me the unwanted task of writing a letter to "the paper." But the need is pressing, judge for yourself.

This valley is full of beef cattle ready for market; no buyers coming in, stockmen are gathering preparatory to driving on their own account, in fact one band has already started. Now this will necessitate that all those dashing "cow-boys" euphonious name, be absent from us for months, leaving nobody, yes, positively nobody in the country, of the male gender. So what are we poor girls to do? Of course there will be a few married men and sheep herders left, but—well—married men are out of the question; sheepherders are well enough in their way, but my dear, sweet, darling cow-boys we girls want, and if they once get to the railroad, they are actually liable to board the cars bound for distant climes, and never return to us. Or worse still, the artful wiles of those city girls may entice their hearts from our keeping, and then, oh! what shall we do? Then help us please, Mr. Editor, send cattle buyers in and save our cause for it is the country's.

But how are we to fight this Eastern ogre—to us at least—Mr. Laing, who has contracted for nearly all the cattle between Spanish Gulch and the Des Chutes river, his latest purchase being from Messrs. Cook and Howe, of the Gulch, will take so many cattle out of the county and consequently many of our cow-boys. Oh I hate him! I wish though I knew whether he was married or not, for he must have lots of money, and would be a splendid catch. By the way wasn't that Frenchman horrid when he compared "Man to a gudgeon; woman the line; her smile the hook; her kiss the bait; and marriage to the frying pan?" That last is "awfully awful."

Mr. Laing pays \$7 for yearlings, \$10 for two year olds and cows, \$18 for three year olds, and \$20 for four year olds, and if he takes a single vaquero from our midst, may mine be the task of writing his obituary.

But oh you cute little vaqueros! "Away! I am not cryin,' Your charge I'm denyin."

You're wrong to attribute such weakness to me; But if tears I showin,' I'd have ye be knowin' They're shed out of sorrow that ye should leave me.

MARY ANN.

THE LOCAL PAPERS.—The Western Homestead, one of the leading agricultural papers of our land, says that a large proportion of people do nothing to support their local papers, and yet reap the benefit every day of the editor's work. A man will say, "Advertising does not pay in my business. I have to keep men on the road, and get my customers by going after them;" and yet the fact is that the town in which he does business would be unknown, the railroad over which he ships his goods would be unbuild, and he himself would be unheard of, if it were not for the newspaper, which he says does him no good. The local paper is of advantage to every man in the community, and when a man refuses to contribute to the support of the paper on the ground "that it does him no good," he might just as well refuse to pay his taxes for the support of the courts and the police force, on the ground that he never breaks the law and does not need any officers. There are men who believe themselves to be honest and pious, who are doing business in every community, and every day appropriating to their own use the fruits of other men's labors, by reaping the benefit of the newspaper without contributing a cent to its support, and yet they would

be terribly shocked if they should be charged with stealing wood from their neighbors. But the principle is just the same, the only difference being that in one case the law can reach them, and in the other it cannot; but, morally, it is just as dishonest to steal the fruits of your neighbor's enterprise as to steal his fuel or his chickens. Too much credit cannot be given the weekly paper for the work it has done and is still doing for this country.

To FRIENDS.—We hope the friends throughout the county will make it a point to keep us informed concerning events happening in their neighborhood. It brings a section of country into notoriety by having spicy correspondence therefrom. No matter how your communications may be written, we'll fix 'em up. All we want are facts.
