ONLY PAPER IN GRANT COUNTY.

Official Paper For Grant County.

Canyon City, Saturday Jan. 31, 1880.

S. H. SHEPHERD, - - - - Editor.

Bedrock Debtors.

We HAVE now received the subscription accounts, of which notice was given in this paper, and in the Bedrock Democrat, some ten weeks ago. All parties owing the Democrat, at this place, John Day and Independence, will take notice and pay up and save cost. We mean you.

N. B. We have never asked the subscribers of the News for a cent, and hope we will not have occasion to; and we want you to distinctly understand that the above notice applies only to Bedrock Democrat accounts which have run from one to seven years, and which now come into our possession by virtue of settlement with that office. Your account may not be more than \$1, \$15 or \$25 yet in the aggregate amount to hundreds of us, and in some parties that we have bills on have gone crazy, some committed suicide and others "jumped the county" and we are bound to loose near \$300; all those that are good should take solemn and eternal warning and pay us immediately what they owe the Bedrock Democrat.

The above has no connection at all with the News, but a separate business transaction and means all it says. S. H. SHEPHERD.

It is decided that Wimmoween and his followers are to return to the Malheur Reservation, and that they will be allowed to take up land in severality, each head of a family to take up a particular tract of land, as a farm. All the Whites, who so desire, can remain where they are and earn their own living. This is a sad disappointment to the majority of our people, as they hoped it would be thrown open for settlement. If we are to have "do" then give us "high, jack and the game," or in other words put troops enough at Fort Harney to protect the rich red devils.

The physician at the office of State Point has saved Calif. in over \$74,000 in wages, and would probably have done all that more in four years. But it could not be done, but without an examination of the State Constitution. Don't you think it would pay to say that medical education is a reward for part service done to be kept up to the detriment of the tax-payers.

Don't talk any more about brains, if you please. The more a man has, the less he knows. Look at the "Emperor Norton," who died in San Francisco last week. He had English and French to be sure, and the attendants physicians made an autopsy of the brain and found it to be perfectly healthy. It weighed 53 ounces, just five or six more than that of Jim Fisk, or seven ounces more than that of Commodore Vanderbilt. After this, the talk about brains the better. Well, who knew Joshua Norton, well in his days when he was an egotistic medical man, will hardly care to be called a man of brains after the result of this autopsy on the head of the famous old Jew.—Ex.

Health, Strength and Vigor, Will surely flow to you using the celebrated JINGON KIDNEY TEA. For sale by all druggists. Don't be persuaded to use any other preparation, as one trial of this will convince you of its surpassing qualities.

On the 13th, 100 more North Carolina colored people passed through Pictsburg on their way to Indiana.
