

The Grant County News.

ONLY PAPER IN GRANT COUNTY.

Official Paper For Grant County.

Canyon City, Saturday Mar. 6, 1880.

S. H. SHEPHERD, - - - - - EDITOR

NEUTRAL IN POLITICS UNDER ALL CIRCUMSTANCES.

The Newspaper Boom.

The paper mills in the East have raised a "paper boom," not only have they done that, but they have and are still raising the newspaper proprietors out of an unreasonable amount of cash. In the last three months the price of printing paper has advanced 70 per cent, and still it "booms."

In view of the swindle the leading eastern journals have either discarded their supplements, reduced their paper in size or raised their rates. The Chicago Times raised its subscription rates, but on account of loss of patronage had to return to the old rates. The proprietors say it will cost them \$100,000 more this year than the year previous. The Tribune decreased the size of their sheet, and the St. Louis papers now charge 5cts. per copy instead of 4 cents as formerly. The Oregonian estimates that it will cost it \$18,000 more this year to run than last year.

While it will not cost the News thousands more this year than last it will cost it hundreds no doubt, if printing material still goes up, or even remains at the present prices, but we do not intend to ensmall, neither do we intend to raise our rates but shall do all in our power to increase our subscription list and business to make the difference in cost.

If merchandise comes up the merchants can raise the price on their goods, but if printing material goes up people will not stand to have the newspaper rates raised on them, hence the peculiar position newspapers are now placed in.

The GRANT COUNTY NEWS has ink enough on hand to run it this year, and paper enough to last till July and if prices do not take a fall by then we will either print on oiled satin and hire some man to take it to each subscriber to read or simply buy a new stock of paper; anything to please our patrons. In view of the extreme prices now in vogue we will after this week do away with a portion of our "complimentary list" and send only to a few that naturally belong to such a list. We will also stand firm to our "warning notice" in another column. If a man don't pay for one year's subscription will he pay for two?

WASHINGTON, FEB. 25.—The Star service bill introduced in the House yesterday appropriates out of the treasury as much as may be required to meet the expenses of inland mail transportation, or "Star" routes during the present fiscal year, at or within existing contract prices, providing that on any route where there has been an increase of the original contract price during the last current fiscal year, exceeding five thousand dollars, the compensation shall be reduced to the terms of the original contract on and after March 1st, provided that nothing herein contained shall be construed to prohibit the payment of one month's pay that is usual in such case of reduction or termination of contracts. It further appropriates \$100,000 to enable the postmaster-general to place needed service as authorized by law, and \$100,000 to increase service on existing routes, provided that no increase shall exceed the rate of \$5,000 a year on any one route.

The oldest theater in America is the Savannah Theater, which was built in 1803. It is a massive building of brick and stone, and has never been remodelled or changed in any way. The architect was an Englishman who was brought to this country by the Blake brothers, two wealthy planters.
