SAN FRANCISCO, April, 26.—

The funeral of the late Chas. De Young took place yesterday afternoon, from the family residence. The house was beautifully decorated with flowers. The mother of the deceased was not present during the funeral services, remaining in her room broken down with grief. She has not looked upon the face of her son since death, saying she wished to preserve her remembrance of him as he last appeared in life. Rev. Elkan Cohen conducted the funeral services at the house, delivering a brief sermon, and offering a prayer, after which the coffin was placed in the hearse and the procession started for the cemetery in the following order: Carriage conveying Mr. Cohen; Odd Fellows and employees of the Chronicle; Alexander Campbell, R. H. Lloyd, Raphael Weill, Moses Heiler, Dr. G. Holland, A. B. Henderson, Louis R. Lull, John P. Jones, B. A. Wardell, John Timmins, E. J. Anderson, Maj. O. Livermore, L. N. Jacobs, John McWilliams, John Laws, Henry H. Libbing and Paul Keyser. Other mourners and friends followed in some thirty carriages. On arrival at the cemetery an immense crowd was found awaiting the arrival of the procession, the street-car lines having been taxed to their utmost capacity during the morning. The coffin was placed on stretchers in front of the Odd Fellows receiving vault and Past Grand Alexander read the Odd Fellows ritual, after which the coffin was removed to the vault. The relatives took a last look at the remains and the procession returned to town and the crowd dispersed.

At the Sand Lot yesterday no mention was made of the Kulloch-De Young affair, the speakers, it is understood, acting under instructions from the Ward Presidents.

Mayor Kulloch Impeached.

SAN FRANCISCO, April 4.—At a meeting of the board of supervisors last evening the judiciary committee, who had been instructed to take into consideration the utterances and addresses of Mayor Kulloch and to report what, if any, incendiary language he has used publicly, and to report proper action to be taken by the board in the premises, filed a long report reviewing the history of the labor agitation and the part borne in it by Kulloch, finding that he has encouraged a lawless and discontented element, advised them to parade the streets and endeavored to keep them in such disposition and temperament as to commit an outbreak whenever it should suit his purposes; that he has impeached the honesty of the whole community, accused various branches of the city government of corruption and dereliction of duty, and under pretense of counselling a mob against violence insidiously advised them to be in readiness for bloodshed and overthrow of the authorities. They expressed the opinion that Kulloch is

unscrupulous and unprincipled and devoid of integrity and fidelity to public interests, and that the time has arrived for the board to express their condemnation of his acts and recommend that prompt action be taken to vindicate the fair fame of the municipality by a judicial inquiry into Kulloch's case.

A motion to adopt the report was put by Mayor Kulloch, who announced on viva voce vote that it was carried. The roll was called, resulting in unanimous vote for adoption.

A resolution was then adopted which authorized the finance committee to cause judicial proceedings to be instituted against the mayor for his removal from office and empowering them to employ counsel and prosecute the matter to a speedy termination. Throughout the reading of the report and the resolution, Kulloch appeared cool and unmoved, appearing to consider only the dignity of his position as presiding officer of the board.

Discovery of a Rich Pocket near Baker City.

S. A. Heilner, under date of April 25th, writes the following to the Oregonian: "Messrs. Hayes & Co., while prospecting a out a month ago in a quartz mine, owned by them and others, consisting of George Hayes, S. Ottenheimer, J. Crow and Haskel, came upon what may be termed a pocket. Mr. Hayes and son, and Mr. John Cavins, the present owners, went to work quietly and bought Messrs. Haskel, Ottenheimer and Crow out, and now are taking out with a hand mortar at the rate of a thousand dollars per day. It appears the pocket is increasing in width and richness, and so far have taken out over \$20,000, if it keeps on, and the prospects are very favorable, the chances are they will take out millions. There is nothing equals it, except the Gold Hill excitement in Jackson Co. S. Ottenheimer & Co have rock on exhibition of which a ton is worth from \$50,000 to \$75,000. The strike is utterly immense and the value of the mine cannot be estimated. Strange that the mine is in the immediate neighborhood, about six miles from Baker City, and has been prospected from time to time by different parties since 1864.

WINNEMUCA, (Nev.), April 26—

The Silver State contains the following relative to C. W. Hymor who is to be hung today: "Quite a number of ladies assembled in the Sheriff's office last evening, where services were held by Rev. M. Trousdale, Rev. Marlington and Mr. Van Lump. C. W. Hymor, the condemned youth, was conducted by Sheriff Miller from his cell to the office, where he joined in the services and confessed that the services afforded him much consolation. He appeared to be much affected and at the close of the services shook hands with all present and thanked them for the kindness shown him and the consolation which their prayers and hymns afforded him. He says he entertains no enmity against anybody and is resigned to his fate. There has been a great deal of prejudice existing against Hymor in the northern part of the county, where T. K. West, who was a very popular young man, was known; but it should be remembered that the fatal shot was fired when Hymor's blood was up, and that he did not lie in wait to take the life of his victim.

New York, April 26.—Private information from Atlanta says that of the delegates Sherman has 12; Blaine, 9; and Grant, 1, in the delegation to Chicago. The Blaine club at Washington claims six Ohio Congressional Districts for Blaine Secretary Bartlett, of the Blaine club, says Blaine has 8 delegates in the Virginia and 15 in the Georgia delegation. Blaine's friends claim that if this is carried General Grant cannot possibly hope to get a majority in the Chicago Convention, no matter if he gets all that is claimed for him.

"THIS PAPER may be found on file at Geo. P. Rowell & Co's Newspaper Advertising Bureau 110 Spruce St., where advertising contracts may be made for it IN NEW YORK.

A MODEL SUBSCRIBER.

"Good morning, Mr. Editor, how are the folks to-day?"

I owe you for next year's paper—I thought I'd come and pay; And Jones is agoin' to take it, and this is his money here; I shut down lendin' it to him, and coaxed him to try it a year.

"And here's a few little items that happened last week in our town; I thought they'd look good for the paper, so I just jotted 'em down; And here's a basket of peaches my wife picked expressly for you, And a small bunch of flowers from Jennie—she thought she must send something too.

"You're doing the locals finely, as all our family agree; Just keep your old goose quill a-flapping, and give them a good one for me; And now you are chuck full of business, and I won't be taking your time, I've things of my own I must tend to—good day, sir, I believe I will climb."

The editor sat in his sanctum, and brought down his fist with a thump; "God bless that old farmer," he muttered, "he's a regular jolly old tramp." And 'tis thus with our noble profession, and thus it will ever be still;

There are some who appreciate its labor and some, who, perhaps never will. But, in the great time that is coming, when Gabriel's trumpets shall sound, And they who have labored and rested shall come from the quivering ground;

When they who have striven and suffered to teach and ennoble the race, Shall march at the head of the column, each one in his God-given place; As they march through the gates of the city, with proud and victorious tread, The editor and his assistants will travel not far from the head.

As we walked up street a few days ago we were cornered by a man and the following conversation ensued: "Shep," here is \$6, send the paper to my brother and also to me, here is three dollars that R. sent in, he wants the News; and as you have made the paper a success here, we are going to get you more subscribers for your labor."

Our special Artist happening along in time to catch the last five words, took the liberty to make the above diagram.

New York, April 27.—An unusual feature of the present heavy immigration from Europe is the steady movement west and southwest by the Baltimore & Ohio railroad. Extraordinary inducements are being made to immigrants in that direction. One steamer landed nearly 2,000 Germans at Baltimore last Sunday.

RIO VISTA, Cal., April 27.—The Sacramento River is higher at this place to-day than at any time this year. All the Cache Slough country is hopelessly flooded. The island leaves so far as heard from are still holding out, though it is said they are softening in several places on Brannan and Grand Islands, so that a heavy wind just now would be disastrous.
