COUNTY NEWS.

Mr. RICHARDS, a witness in the Darby case, who has been confined in the jail for the past few months seems to be very much exercised over his confinement, and says he would like to see the law for such treatment. He failed to give bonds to appear as a witness and therefore has had to stop over till the trial. However he has not been idle and has invented a process by which he claims that he can make gold that will stand the test of all acids, and says if he only had a partner with \$10,000, could soon make an independent fortune. To say the least he is an expert at imitating gold quartz.

We have never dunned our patrons yet, but would just mention now that we have to send for about \$100 worth of paper and a few other bills to pay and desire all those owing for subscription, advertising, or job work to call and settle immediately. It is strictly against our rule to do job work on "tick," so call in to-day and settle.

I. H. Wood returned home from The Dalles, last Friday, bringing with him his family and Mr. John McCollough. They have been visiting relatives in San Jose, Cal., for the past several months and have had a pleasant visit. Mr. Mac says this county is the best place to make money in that he knows of.

M. AND MRS. B. C. Trowbridge celebrated the 16th year of their married life, yesterday. Although the day was unfavorable, all present enjoyed themselves hugely; in fact they always do at "Aunt Trowbridge's."

PHIL. METSCHAN and other delegates from here and Prairie City, took their departure for Portland, last Monday, to attend the meeting of the Grand Lodge, I. O. O. F., of Oregon.

ROBT. AIKEN, Republican nominee for District Attorney, for this District, refuses to run on the ticket, hence a new nomination will have to be made.

Mr. Trowbridge, brother of B. C., returned to this place a few days ago, after an absence of several months below.

The 3d Quarterly Meeting, for this charge, was held at Prairie City last Sunday, and on Monday evening the Elder preached in this place.

BORN.—To the wife of Jas. Allen, in this city, on the 9th inst., a son. "Jimmie" is doing well and so is the boy.

BORN.—To the wife of J. W. Lemons, near Mt. Vernon, on the 10th inst., a son. Dr. Howard, referee.

The Entertainment will be noticed next issue.

THERE will be preaching at John Day to-morrow at 11 o'clock.

THE Democratic Central Committee met in this city last Saturday and James Robinson being the only candidate was nominated for Treasurer. Dr. Praden was nominated for coroner.

REMEMBER the Picnic at Mr Trowbridge's, next Saturday and take the children down for a romp.

A fine baby carriage for sale cheap. Inquire of Mrs. Jas. Cleaver, Prairie city, or at this office. It cost \$40; will sell for \$20.

PERSONAL.

The following persons have either subscribed or renewed their subscription to THE NEWS since last issue: Phil. Metschan & Co., Phil. Metschan, 2, Gundlach & Bro., T. Prather, Clay Todhunter and H. Lohman.

ANOTHER GOOD DONE.—Robt. Lockwood informed us last Thursday that he had just received \$844, delinquent taxes from a man in Idaho, that had owed it for some time but failed to pay it for want of the proper address, until he run across the GRANT COUNTY NEWS and in it found the desired information, so writes the non-resident.

He came to town and got gloriously drunk, but in the evening repented, and told the following singular story:

"I have been in the lock-up a thousand times, never paid a cent of taxes; never voted a ticket and am 47 years of age." But few men can say the same. We failed to get his name.

Notwithstanding the rumor from The Dalles, that the miners of the Monumental had got away with Sam Parrish, we are happy to state that there is "nothing in it," and friend Sam is good for many a day yet.

The reporter of a newspaper in the pursuit of his duty is not a deadhead. "A deadhead" is one who gets something for nothing. Instead of being called a deadhead, a newspaper reporter representing his newspaper more than pays his way even if he pays no admission at the door. The balance is invariably on his side.

"To Let" is found on all Doctors of gods and grave yards, since the introduction of Danielson Bitters.

IN MEMORIAM.

OLD FELLOWS HALL, CANTON CITY, GRANT COUNTY, OREGON, MAY 5TH, 1880.

To the Officers and Members of Blue Mountain Lodge, No. 11, I. O. O. F., of Oregon:

Whereas, the hand of Death has taken from us our Brother E. E. Turk, P. G., therefore be it

RESOLVED: That in the sudden death of our brother, we are reminded of the uncertainty of life, and the importance of remembering that death may overtake us at any moment.

RESOLVED: That the sincere and heartfelt sympathy of this Lodge be extended to the widow and children, who, in him, have lost the most that makes life dear, and their firmest staff of earthly support.

RESOLVED: That a copy of these resolutions be sent to the afflicted family and also be published in the GRANT COUNTY NEWS, that the hall be draped with mourning and that the Brothers wear the usual badge of mourning for thirty days.

WILLIAM HALL, N. RULISON, Committee.

The first snow-plant of the season was brought to Carson from Lake Tahoe last week by Henry Wilson. It has leaves something like those of an artichoke spread out, and thick like a cactus. The entire plant is of a blood red color, and the surface of the leaves is covered all over with delicate traceries of what appears to be frost work.

CINCINNATI, May 7.—At the session of the general Methodist Episcopal conference to-day, Rev. Boreman of the Utah conference, offered a resolution authorizing the committee on itineracy to provide some plan for the transfer to the western conferences of applicants for the ministry for whom there is no room in the eastern conferences; referred to the committee on itineracy.

Rev. D. A. Wheedon offered a resolution requesting the bishops to communicate to the general conference their judgment on the number of additional bishops necessary to the proper performance of the work of superintendency; referred to the committee on episcopacy.

It is suggested by some of our citizens that a petition be sent to the general conference for a dozen Missionaries for Canyon City.

Princess Sallie, the asphasia of the sage brush, who by virtue of her royal blood and amorous benevolence, has become such a power in the Military Department of the Columbia, passed through our town, a few days ago. She goes as envoy extraordinary and minister plenipotentiary to the great chief at Vancouver.

Sallie's heart is sad at the prospective abandonment and utter desolation of Fort Harney, one of her most cherished tramping places. The memory her many romances and "cuts sark" exploits performed there amid the glimmer of gold buttons and tinselled grandeur, now makes her sorrow at the approaching dispersion to more prosaic regions, the gallantry which has made her famous, if not virtuous. But her tears shed in behalf of Harney will be evoked in vain. The great chief at Vancouver will not brook the danger to his dusky darling, and to himself of so powerful rivals within sixty miles of her queenly wicker-up on the Agency. The boys must go spite of Sallie's tears.

A shooting affry occurred at Jacksonville week before last between a John Lathrop and William Caldwell, in which the latter was seriously and perhaps fatally shot. The shooting resulted over some trivial affair.

NEW YORK, April 26.—John Siomton in a letter to the Irish World proposes that a great mass meeting be held to express sympathy with Dennis Kearney, sent to prison through the most perverted of justice and under circumstances of practical cruelty. The editor replies that arrangements are now being made to hold such a meeting. Three gentlemen of the Irish World join with Siomton in defraying the expenses of Cooper's Institute for that purpose.

UNION PRINCIPAL, May 5th, 1880. Considerable discussion has been indulged in during the last eighteen months by citizens of this precinct in regard to the establishment of the boundary line and the great fraud perpetrated on the county. It is the decision of the people of Union precinct, as well as other sections, to support for office no man that has ever been implicated with the affair. The Senator may have acted with the best dictates of his judgement and his advisers theirs, but if they did we don't want any more such representatives, and if it was a put up job "more's the pity." Now as a democrat I voted for the Senator because the legislature had to elect a U. S. Senator, but this year no politics will be before the assembly and all we look to this year is for the interests of this county and a readjustment of the boundary line. I do not believe in voting for a man that can't wash his hands clear of the boundary line fraud. As a miner my interests are with the candidate that wears the pick and pays rosters in to the county. However wishing to say more about this matter at some future time I will close.

Mr. Editor I glory in your decision in not printing political matter till paid, for I have found out to the tune of a few hundred dollars since residing in very uncertain after election. Herewith find the cash from My TUM-TUM.

ATLANTA, Ga., April 26.—The gold love is spreading, especially in Wilcox County. The Lumber Bro's at Nacoochee have taken out 2,700 penny weights in nuggets from 80 square feet of earth at a total expense of \$65. From a peck 30 inches square they gathered 212 penny weights in small nuggets. Another party that has struck the same lead took out before they began to clean up, a nugget that weighs 106 penny weights and several others not quite as heavy. Great excitement prevails.

While ground sluicing on Poor Man's Creek, Southern Oregon, Thomas Keating picked up a \$37.50 nugget, in the claim of Keaton, Kippel & Co., last week.

Clubbing is as they leap over the dam is now the amusement of some of the temporary sojourners in Reno. It is hardly necessary to state that they don't club a great many.

The Oregon Kidney Tea.

Read the following testimonials, not from persons 3,000 miles away, whom no one knows, but from well-known and trustworthy citizens of Oregon, whose names, written with their own hands, can be seen at our office:

Umatilla, Ogn., Jan. 20, 1880. Having received great benefit by the use of the OREGON KIDNEY TEA, I take great pleasure in recommending it to those suffering from kidney troubles or headache as a speedy and sure cure. J. A. PERKINS.

Portland, Ogn., March 25, 1880. Having tried the effects of the concentrated extract of OREGON KIDNEY TEA, we cheerfully bear witness to its beneficial agency in affections of the digestive organs. It is a simple, safe and sure; is easily taken and restores healthy vitality to the organs. It is intended to operate upon with assured success. S. J. McCORMICK, Editor Catholic Sentinel.

The storm Saturday afternoon was very severe to the south and east of us. In the Malines and Vernes township hail stones fell that were larger than a man's fist. A 10th window glass in the sides of the houses from whence the storm came were broken out, and much damage was done to fruit trees and shrubs. At Farmington the loss in window glass alone is fully \$500. During the time the storm raged the wind veered to every point of the compass and broke out the gales on all sides of exposed buildings. Hail stones were picked up that measured nine inches in circumference. One man was cut on the head, knocked down, and had his scalp cut open so that a doctor had to be called to dress the wound. Fruit trees were broken and battered and skinned, and as might be supposed, considerable damage done in other directions. It was one of the worst storms that has visited this section for many a day.—Ke anaqua, Iowa, Democrat.

T., \$2,000; Ch-halia river, W. T., \$7,500; Yaquina Bay, Oregon, \$40,000; Coquille river, Oregon, \$10,000.

The office of Postmaster General is vacant. General Key having been appointed U. S. District Judge. A recess dispatch says that the appointment of a successor to General Key will be postponed until after the Chicago convention.

A man named Pierce shot himself at Sierra City a few days since, while attempting to draw a pistol from his pocket. The ball struck the hip-bone. He will recover. Pierce was on a jamboree at the time.
