COUNTY NEWS.

P. P. PRIM.

Prim, one of the candidates for Supreme Judge, has become a superannuated old humbug, maintaining the strongest possible prejudices against any one who does not fully endorse him in all things, hence the numerous infamous decisions he has rendered since on the Supreme Bench. In the Greenwood Will Case, a poor widow woman was robbed and impoverished, [see articles in another column] cause why, Governor Thayer was an attorney on the other side. We have been slow to believe these things but are obliged to believe them at last.

JAMES K. KELLY.

Patrick, of Presidential Election fame—Sends an affidavit alleging that Judge Kelly did not know what the cypher dispatch he so fully "endorsed" contained. Whether he did or did not, we neither know or care. Either event would render him an unfit man for Supreme Judge, for want of honesty.

The walking match at Ft. Harney, recently, between John Mahody and Gutt, both of Co. F., 2nd Infantry, was quite an affair. We are sorry we haven't space to insert the full score, but the result was that Mahody won the match by 15 feet, making the 25 miles in 5 hours, 4 minutes and 45 seconds. The first mile was made in 7 minutes and 20 seconds and the 25th mile in 9 minutes and 30 seconds.

Opinion of a Great Lawyer.

Below is the opinion of Frank M. Pixley, editor of the San Francisco Argonaut, upon the decision in the Walker-Teal case. Mr. Pixley is one of the ablest lawyers of San Francisco. [From the S. F. Argonaut, Oct. 25, '79.] There is an explanation due from the Supreme Court of Oregon to the American bar for its decision in the case of James D. Walker and Henry Hewe vs. B. Goldsmith and wife and Joseph Teal and wife. We cannot read the decision in this case without coming to the conclusion that fundamental principles of law have been violated, and that the plaintiffs have been robbed of their money. Oregon had better raise the amount involved by popular subscription and refund it than that such wrong should go unredressed. We decline from making such comment as we fear is deserved in this case from a personal respect we have entertained for the Court, and because this is the first time its integrity has, so far as we know, ever been called in question.

The following are the leading editorials in the paper called the "Greenwood Will Case," a copy of which you have perhaps received ere this.

To the People of Oregon.

My property left me by my mother's will having been taken from me by an infamous decision—so extraordinary as to shock the citizens of Salem and Marion county who knew the facts, I have, at their suggestion, requested Sydney Bell, Esq., of the Portland bar, to place the whole case before you in order that you may see for yourselves the fearful injustice perpetrated by our present Supreme Court. By the aid of the citizens of Salem and elsewhere I have been enabled to publish the whole case. If justice shall be vindicated by your ballots I will be satisfied.

MARY C. CLINE.

PORTLAND, May 20, 1880.

To the Voters of Oregon.

This paper contains the facts, the opinion of the court and the review thereof in the great Greenwood will case, which it is your duty to read carefully before you vote for supreme judge. On the first and fourth pages will be found the facts on the second page the review of the decision, and on the third the opinion of the Court, with running comments of the reviewer in brackets. The facts have been put in that form in order to reduce them to such a compass as to admit of their being published. They are taken from a copy of the evidence on the files of the Supreme Court certified by the clerk. As that evidence was by question and answer (much of it in reference) and covered 600 pages of legal cap paper, it was out of the question to print it in that form. Nobody would have the time or patience to read it and the cost of its publication would be enormous. But I have, at great expense of time and labor, carefully condensed it and have not omitted a single material fact testified to by any witness. Copies have been sent to the plaintiff's attorneys and to the judges so that if any material fact has been omitted or mis-stated they can point it out specifically to the public. A general denial will not do.

I have written up this case in behalf of public justice at the request of Mrs. Cline, because I feel that all citizens, of whatever party so vitally interested in the purity of the courts that they ought to be informed of this greatest outrage committed by Gov. Thayer's appointed court. I have given the court's opinion in full so that no one could say the reviewer was one-sided.

Let the people read first my review, then the facts, then the opinion of the court with my running comments thereon in brackets. Then let the vote.

SIDNEY DELL.

Portland, May 20, 1880.

N. B. I was not an attorney in any one of the cases reviewed by me over the signature of "Justin Darius." Gov. Thayer was attorney on the winning side of all of them, except one and he was not in that one at all.

NEW TO-DAY.

The County Line Swindle.

In last week's Bedrock Democrat the Democrats of that county complain because Kellogg and Foster, boundary line survey contractors, received in script \$737,333 coin \$1,954,000. Total \$2,691,333, for work ordered done by the last Legislature, in accordance with a bill introduced by Haines, democratic Senator from that county, sanctioned and voted for by Davidson, democratic Senator from Grant County, or at least was so called, but who was claimed and whose nomination was urged by Baker county men. Just why they now complain is a mystery, since they had it all their own way; got more ground and established a line that is about as near right as murder. Now the right thing for them to do is like the democrats of this will do (providing Foster & Kellogg get a judgement against Grant County for their bill of near \$2,000 at the next term of court) i. e., pay it like little men and then say to the Senator: "Well done good and faithful servant, enter thou into Baker county where you belong" and to his adviser, present nominee on the democratic ticket for the office of Representative: "It is done, step down and out." Others will say: "Why didn't they listen to and take the advice of G. Clark, and this heavy debt would not now be?" But, it is no use to cry over spilt milk. The way to do is spill no more.

The suit is on us and whether we gain or not let us not put our foot in again but forever and eternally shake off Davidson and his advisers, and the only way to do it is to vote for J. J. Worcester for Representative. He is honest, capable, and has large mining interests in the county. He received his nomination without the aid of tricksters and openly pledged his word to stand by this county.

JUDGE BOISE.

Judge Powell, of this city, sent word to Judge Boise by at least two different persons that if he (Boise) would be a candidate before the Convention for Judge of this District, he (Powell) would not enter the field. In both cases Boise stated that he would not run for that office, and on the previous day Judge Powell consented to allow his friends to propose his name. After he was defeated in getting the nomination for Supreme Judge, Boise forgot all about his pledges, and coming out for Circuit Judge defeated Mr. Powell. Such duplicity as this does not look well in any one, but in a Circuit Judge it would be great crime. Our people will remember this little piece of chicanery on the part of Judge Boise. Any one who in such low acts to secure a nomination for office does not deserve the vote of any class but criminals. — [A busy Democrat.]

Mr. Editor:—In reading the above in a crowd it was suggested that perhaps you had a letter in your possession that would show that Mr. E. Schutz received his nomination as did Boise, only more trickery used to defeat you. Will you publish the letter if in your possession?

MANY VOTERS.

DEAR SIR:—In reply I say that the letter was a private affair between Emile Schutz and myself; and he informed me that he was induced by friends (?) of his in this city to ignore his pledges to me. Yet with all I cannot publish the letter as I refrain from stooping to trickery. I have so far kept out of politics and now rest the case with people that have the welfare of the county at heart.

The Oregon Kidney Tea.

Read the following testimonials, not from persons 2,000 miles away, whom no one knows, but from well-known and trustworthy citizens of Oregon, whose names, written with their own hands, can be seen at our office:

Perdleton, Ogn, Jan. 12, 1880.
Having suffered with my kidneys, I was induced to try the OREGON KIDNEY TEA, which relieved me in a short time. I take pleasure in recommending it to the public as a safe remedy for kidney difficulties.

Some time ago I bought a package of OREGON KIDNEY TEA, and after using it felt better than I had for years, and bought two boxes more, being unwilling to be without so valuable a medicine. My wife pronounced it the best kidney preparation in use.

A GOOD PIANO.

Frank Leslie's Illustrated Newspaper says: A good piano at a fair price is one of the wants of the times. An instrument that is durable, that is substantially made, and has all those qualities of tone which make a first-class piano, can be had from the MENDELSSOHN PIANO Co. New York, from \$150 to \$400. For over thirty-eight years the factory has been producing pianos, and adopting every new invention which has proved itself to be valuable. They can be compared by an expert with the instruments of the highest name and fancy price, and the result is surprisingly satisfactory. The piano is warranted for five years, and no purchaser has ever made a complaint. From personal knowledge and critical examination we can recommend any one to send for a catalogue to the above mentioned manufacturers.

Says the Esmeralda Herald: The town is scandalously healthy. No physician who thinks anything of himself would try to make a living here. As we have neither doctor nor preacher the supposition is that bodies and souls are safe in Aurora.

On last Thursday we chartered a team, loaded in our flock, and also Mr. Rutson's family and took a "spin" down the river. At John Luce's we found a large number of men rounding up their cattle, some taking their horse; others delivering to Col. Lang. At David Luce's we found Col. Lang and his men branding cattle, and after a close inspection, we came to the conclusion that cattle generally are in very good condition. The cattle men men are not getting to deliver as many head as they would like to from the fact that Mr. Lang will not remain any longer. A drink of Mr. Fick's vice cider and a rest and short visit for the ladies with Mrs. David Luce, we returned home. Col. Lang will drive out about 1500 head of cattle.

Hon. Sydney Dell's speech at Roseburg last Saturday was a masterly effort, and as complete an expose of the corruption of the Oregon Supreme Court as could be given in one evening. Purchaser Kelly and Imbecile Prim, who are attempting to stifle comment on their judicial shortcomings, were placed in their true light before the people of Roseburg, and as a result many Democrats are said to have expressed a determination to help keep them at home.—Miss. Duuiway's New Northwest.
