

# The Grant County News,

Saturday Morning, Aug. 14, 1880.

THE GRANT COUNTY NEWS IS REGISTERED AT THE POST-OFFICE AT CANYON CITY AS SECOND CLASS MAIL MATTER, ACCORDING TO LAW.

## COUNTY NEWS.

THE NEWS WILL ENLARGE ABOUT SEPTEMBER 4TH.

During our absence, Chas. Dustin, "Our Devil," is authorized to receive and receipt for any money any one may wish to pay to the News. He will also act as foreman, business manager, man of all work and "fighting editor," but the boys must not bother the office for all that.

B. N. Barnett took his departure for Portland last Monday evening.

Emigrants are passing from the East through John Day, daily, for The Dalles. If they only knew it they are leaving a better country in Eastern Oregon than they are going to.

Within the last four weeks about 20,000 head of sheep have been brought into Hay Stack Valley from Wasco and Umatilla Counties.

Ministers, Lawyers, Doctors all use Dandelion Bitters. They are a brain food, and vitalizer.

Frank Mack is now engaged in teaching the school in Hay Stack district and is liked generally.

Sam. French has, perhaps, the finest residence in this county.

D. G. Overholt's family visited the Warm Springs last week.

Miss Sargent spent several days in this place, the past week. She is on her way to Baker City to visit relatives.

Phil. Metsehan & Co., Overholt & Muldrick, Gundlach & Bro., merchants of this place, recently received a large large stock each, of general merchandise. Go and see them.

The editor hereof will be absent for several days and upon his return will enlarge the News to a 40 column paper, the largest in Eastern Oregon.

CANYON CITY LODGE, NO. 34, A. F. and A. M., holds its regular Communications on the Saturday evening of or next preceding the full moon in each month, at seven and half o'clock P. M.

HOBAN LODGE, No. 22, I. O. O. F., meets every Thursday evening at their Lodge Room in Canyon City. Visiting brothers are invited to attend. By Order of N. G.

MOUNTAIN VIEW LODGE, No. 33, I. O. O. F., Prairie City, Oregon, meets every Saturday Evening. Members of the order are invited to attend. By order of the N. G.

Mining men are now turning their attention to Canyon Creek hills and some excellent rock has been discovered. It is a fact patent to all that the mountains for miles around in this vicinity have never been prospected and it is also known that no better placer mines were ever worked in Oregon than the "Canyon Creek mines," of Grant County, hence it is safe to predict that at no distant day the outside world will hear that some of the most valuable quartz ledges in existence have been found near this place. D. B. Hancock and others now have very rich rock and only want capital to develop the ledge. The excitement is increasing and solid men are now turning their attention to Canyon Creek. There is talk that a bed rock flume put in about ten miles above town and run down the creek would no doubt pay. It looks reasonable, as all know that in the time of the gold excitement 18 years ago, here, men left diggings that paid from \$10 to \$15 per day to go to some new camp. The Chinese are now working these same mines with bed rock flumes and are making plenty of money as their actions fully testify. There is a bright future for Grant County, and particularly Canyon, Divie, John Day, Elk and Granite districts.

The Ball given by the Brass Band at Prairie City, on last Friday evening, was a grand success in every particular. 68 tickets were sold and all passed off very encouragingly. The Band—16 pieces strong—marched down to the hall and furnished the spectators with a few tunes. Long may the Prairie City Brass Band stick together, in our wish.

List of letters remaining in the post office at Canyon City and not called for:

T. C. Basher, 2. Geo. W. Carey, H. D. Crumpacker, P. H. Dulan, M. V. Johnson, F. Kline, F. Zan, S. G. Mosings, 2 H. R. Stone, C. V. Wooltruff. Persons calling for the above, please say advertised. E. HALL, P. M. Canyon City, Aug. 2nd, 1880.

KNOWN ABROAD.—Our Selling is one of the business men who knows the value of printers' ink and does not hide his light under the bush. He not only keeps two standing advertisements in the Dalles' papers, but also has one in the GRANT COUNTY NEWS. If there is a man here who will keep the Grant county trade from going past this town, Selling is the man.—Inland Empire.

A big six-footer was lifting for all he was worth on a wagon-wheel, which was stuck, when a little two-foot mite of humanity, nearly as broad as he was long, and just out of long dresses and into pants, with his hands in his pockets and a swaggering air, sang out: "Mister do you want me to help you? I can grunt while you lift."

OMAHA, Aug. 4.—Mr. Stewart, a railroad contractor, of Blaire, went to see old man Bender to-day at Fremont, and on seeing him he said, "That's old Bender." Stewart saw old Bender before the family left the place in Kansas and knew him well. He has no doubt that the prisoner is Bender. They did not speak to Bender about Stewart as it gets him so excited to mention Kansas or the name of Bender to him. Crowds have been to see both the old man and old woman to-day, and he is very excitable, remaining cress and nervous two or three hours about Kansas. He frequently asks for a knife and persists that he will not be taken to Kansas alive.

TOPERA, Kan., Aug. 5.—The Sheriff of Oswego, Kansas, has gone after the Bender family, who are to be summoned to Kansas on a requisition. The question of identity appears to be definitely settled.

T. B. Merry, the editor of the Inland Empire, will solicit our citizens for subscriptions to his paper, and we are pleased to say that if they give "Tom" their name they will get the full worth of their money in his paper, as he is one of the best writers on this coast and intends to tell all about our mines and country.

See notice of "The Two Surgeons."

A Shooting scrape took place down the river on the 30th of July, but we are glad to state that no damage was done other than the shearing off of a portion of a horse's tail. It seems that A. Ambrose got angry at S. Venator and got his repeating gun out and began shooting at Mr. V. Three shots were fired but only one took effect, that one took a little hair off of the horse's tail. No arrests were made; hence, we presume the only expense will be to Ambrose who will have to buy more ammunition. Business for the merchants, you see, don't you see?

FINE BERRIES.—Mrs. D. N. Luce sent us a box of gooseberries last Monday, of the English variety, that "claps the climax" for taste, size, &c., and what is stranger they are about the first ones of that variety but what were blighted or mildewed. They are very sweet and if Mrs. Luce will let the people know how she prevents the berries from blighting, perhaps more of the kind will be produced in this county.

MARRIED.—In Baker City, on the 1st inst., W. P. Lockwood, of Pendleton, to Miss Belle Hulsey—nee McLain. Miss Belle, it is no false report this time from our hasty correspondent is it?

Mr. Lockwood has secured as a wife one of the most accomplished young ladies and also one of the best girls in Eastern Oregon. We wish them all the happiness imaginable.

Miss Alice Settlementier was in the city last Monday. She informed us that her father was busily engaged in mining on Dixie Creek with very flattering prospects. Miss Alice intends visiting in Baker City, soon. The young ladies of Baker will find her to be a fine young lady and an enjoyable visitor.

FISHING PARTY.—Judge Sels and Niece, Dr. Horsley's family and others started for Bear Valley on a fishing excursion, last Tuesday. We wish them a pleasant time, and of course they will have it for the party consists of happy and free hearted people.

Wm. A. Fisher, of Hay Stack Valley, was in town last Monday and urged the people here to use their efforts to have a road built to the above Valley. No doubt it would pay our citizens and be a great accommodation to the settlers of that section.

H. C. Paige still languishes in the Pendleton jail, as every one yet solicited positively refuses to go on the bond.

Mrs. Jas. Robinson contemplates visiting her mother at Silver City, for some time.

No Paper in Oregon presents as many advantages to advertisers as does the GRANT COUNTY NEWS.

The Masons have caused a splendid new side walk to be laid down in front of their Hall and yard.

B. N. Barnett says Grant County is all that it is claimed to be, and he ought to know.

Mrs. H. R. Sels returned home from Portland, last Monday morning.

The Hedgehog lives on mice, small rodents, slugs and grubs, —animals hurtful to agriculture. Don't hurt the hedgehog.

The Toad is a farm-assistant: destroys twenty or thirty insects an hour. Don't kill the toad.

## DISSOLUTION NOTICE.

The Co-partnership heretofore existing between the undersigned, under the firm name of Rubison & Groth, in the Hotel Business in Canyon City, Grant County, is this day dissolved by mutual consent. All persons owing said firm will please call and settle with either of the late partners. Canyon City, Aug. 1st, 1880.

N. RULISON.  
A. H. GROTH.

A Delaware mule that kicked over a beehive was a painful spectacle for a beholder ten minutes afterward. The mule himself was immediately converted into a bee-holder—and a very sad one, too.
