COUNTY NEWS.

The Lecture delivered by Judge McArthur at the Court House, on last Thursday evening, was not as largely attended as it should have been, owing, no doubt, to the numerous previous engagements, and to the preparations being made for the Ball on Friday night. A better and a more profound and studious lecture is seldom ever heard in any town or city than the audience listened to on that night. Judge has certainly expended much time and study in the preparation of his excellent lecture on "Industrial Education," as it is very deep, instructive and interesting to an appreciative mind.

"THE LITTLE JOKER."—We invite the inspection of the ladies to the above named washer now in our possession, also to borrow it and do a washing with it. Those that have used it in this city pronounce it excellent. It is simple, and a child five years old can carry it. You can put it in your trunk when you move. It is the only perfect washer yet out. Come get it, try it and we will then take your order and forward to E. S. McComas, if you wish one.

A gentleman, of this city, attended divine service last Sunday night with a coin of these dimensions in his pockets namely: \$5 and 25 cents. He separated the coin into two pockets, and when "the hat was passed" he put in the 25cts (?) and felt that he was a good christian till he started next morning to get a "square nip" when, lo! and behold, he only had 25cts, the \$5 was—Guess he will have to take a season ticket on the collection business or do without 20 drinks.

A devout christian was traveling through lately and stopped at a house, while there he sought to improve the time by giving an eight-year-old boy an instructive moral lesson. "My boy, I have lived 45 years, and have never used tobacco in any form, nor told a lie, nor uttered an oath, nor played truant, nor—" "Gimminy crickety," interrupted the boy, "yer ain't had no fun at all, have ye?"

"The Thalian Club" had an immense house on Tuesday evening. The receipts amounted to \$77.25. Perhaps no town in Oregon can produce an Amateur Troupe that will contain as many natural performers as "The Thalian." While all are good, the Misses Hazeltine, Eugene Brackett and Phil. Poindexter were mentioned by good judges as being worthy of being called stars.

Any company that desires to strike a good thing—need look for nothing better. There is a mill near by, and as Hugh is willing to bond his mine it would be a good investment.
