## COUNTY NEWS.

### TAKE NOTICE.

We hereby give notice that all debts due us must be paid by the 20th day of November, 1880. Accounts remaining unpaid after that date will be placed in the hands of an attorney for collection. Attention to this notice will save costs. SNIDER & STEVENS. Camp Harney, Ogn., Oct. 27, 1880.

THE GRANT COUNTY NEWS is the only paper published in Eastern Oregon that gives the general and unbiased political news, miscellaneous reading, general and home local news. It is read all through by the intelligence of the land thereby making it a paying investment for its advertisers.

Mr. W. E. Garretson is spoken of by all of our citizens as the finest and best watchmaker that has ever located in this town. His work stands the test and when he fixes your watch, clock or jewelry you may depend that it is a good job and will go.

PROF. BALDWIN, wife, mother and sister arrived in this city a week ago last night. They were serenaded by the Brass Band at the City Hotel on Saturday evening, and on Sunday they went to Prairie City, where they will reside.

### CARD.

By invitation, the Canyon City Brass Band visited the County Fair Grounds on the second day of the late Fair and did their utmost to furnish music for the visitors thereat, without charge or compensation. Yet no notice of their appearance was taken by the Association—none of its officers acknowledging their services, either in public or private. It seems that the presence of the Band and their music was an annoyance to the Association manipulators, and that they had not time or inclination to extend to it the simplest courtesies, though there was ample time and inclination for the officers to advertise the auction of a wandering sheep man. We therefore most respectfully ask the pardon of the Agricultural Association for our intrusion.

In this connection we desire to tender our hearty thanks to Mistress Trowbridge and Herburger for the delicious dinner furnished us on the above named occasion.

### CANYON CITY BRASS BAND.

We were somewhat surprised that no thanks were tendered the band by the officers, as a certain person told us that he had never failed to raise a good purse for a band; but, perhaps he forgot the boys on this occasion. After cheers had been given for private men and other matters and no notice taken of the band we spoke to C. W. Parrish, Mr. Palmer, N. Thornton and others of the coolness and then proposed three cheers for the Brass Band which was given with a vim.

See the advertisement of H. C. Jarrell, the liveryman of John Day, Oregon. "Hank" has some good travelers and is up with the times.

Canyon City is improving more this Summer than for years past.

The Merchants are all very busy in this county.

F. C. Sels has been making improvements about his brewery.

Mr. Wm. McDowell is building a two story residence in John Day.

M. L. Olmsted has built a neat wood shed on his premises.

Miss May Mack is visiting her uncle's, Judge Dustin's family.

Phil Metschan and W. F. Stevens have returned home.

Frank McBean now boasts of a brand new buck-board on his daily stage line.

Jacobs & Basford are rushing the City Hotel up in a hurry. They have five men at work on the house.

Mr. S. Lofton laid some very fine potatoes on our table a few days ago.

By request of our several Eastern Advertising Agents, we this week publish our advertising rates.

The proprietors of the City Hotel are adding 14 new rooms to their house so as to accommodate their numerous guests.

Tony Hacheney will soon have to build a new store house to get all of his goods in. He is doing an immense business.

W. S. Southworth has put up a new building near his residence. We understand it is a barn for his mill horses.

The first storm of the Winter season, in Grant County, visited us on last Thursday. It was quite a rain and snow storm.

We notice by the Idaho World that C. W. Ran has arrived in that place. He went singly and alone as the "hired girl" referred to by the Empire, is still at the station.

Mr. E. A. McCoy has purchased the property on the opposite side of the creek, lately owned by John Kuhl, and will level the tailings down and enlarge his lot.

Mr. G. Porter also raises very fine potatoes and, in our opinion, are as good as any that have been brought to Canyon City this fall. He will accept our thanks for a sack of the beauties.

### Please Take Particular Notice.

There appears to be a doubt of E. M. Simms having the right to gather up Mires' cattle. On the first Monday of Court last, myself and two other persons read the correspondence between Simms and said Mires. We read the writings that were drawn between Mires and Simms, near Boise, Mires giving Simms a perfect right to gather up all the cattle he had left between Camp Watson and Boise. We read five or six letters from Montana from said Mires written to Simms. The contents of those letters corresponded with the first written contract. Mires stated in his letters that he had received letters from certain persons in this vicinity saying that Simms was acting very bad about the cattle having gathered up about 125 head of cattle and disposed of them. Mires stated that he had been informed that Simms had received the money for those cattle that are now in law. Why should persons give Simms his orders not to take another one of the Mires' cattle. Simms gave me the names of those persons who did this, but I will omit them. E. M. Townsend, his grandfather, and I, his grandmother, have raised Simms. I am bound to believe that all this disturbance has come up by persons wanting the cattle left on the limits given to Simms.

It is said that the love of money is the root of all evil, they may say it is the love of horses. I say it is the love of cattle in this case.

N. B.—Two months since Simms called for his clothes, saying he was going off for he thought he was in danger of persons up the valley.

MRS. JOANA TOWNSEND.
