**EDITING A PAPER.**

Editing a paper is a pleasant business—if you like it.  
 If it contains much political matter people won't have it.  
 If the type is large it don't contain much reading matter.  
 If we publish telegraphic reports folks say they are nothing but lies.  
 If we omit them they say we have no enterprise, or suppress them for political effect.  
 If we have a few jokes, folks say we are nothing but rattleheads.  
 If we omit jokes, folks say we are nothing but old fossils.  
 If we publish original matters, they damn us for not giving selections.  
 If we give selections, people say we are lazy for not writing more and giving them what they have not read in some other paper.  
 If we give a complimentary notice, we are censured for being partial.  
 If we don't, all hands say we are a great hog.  
 If we insert an article which pleases the ladies, the men become jealous, and vice versa.  
 If we at end church they say it is for effect.  
 If we remain in our office, attending to our own business, folks say we are too proud to mingle with our fellows.  
 If we go out, they say we don't attend to our business.  
 If we don't pay up promptly, they say we are not to be trusted.  
 If we pay up promptly they say we stole the money.—Hobart Journal.

**What Shall We Do With our Daughters?**

This is certainly a important problem; but here are some suitable lessons which should be early impressed upon them:

- Teach them self-reliance.
- Teach them to make bread.
- Teach them to make shirts.
- Teach them to foot up store bills.
- Teach them not to wear false hair.
- Teach them to wear thick warm shoes.
- Bring them up in the way they should go.
- Teach them how to wash and iron clothes.
- Teach them how to make their dresses.
- Teach them how to cook a good meal of victuals.
- Teach them that a dollar is only a hundred cents.
- Teach them how to darn stockings and sew on buttons.
- Teach them every day dry, hard, practical common sense.
- Teach them to say No, and mean it; or Yes, and stick to it.
- Teach them to wear calico dresses and do it like a queen.
- Give them a good, substantial, common school education.
- Teach them that a good, rosy rump is worth fifty consumptives.
- Teach them to regard the morals and not the money of their beaux.
- Teach them to have nothing to do with intemperate and dissolute young men.
- Teach them all the mysteries of the kitchen, the dining room and the parlor.
- Teach them that the more one liveth within his income the more he will save.
- Teach them that the farther one lives beyond his income the nearer he gets to the poor house.
- Rely upon it that upon your teaching depends in a great measure the well and woe of their after life.
- Teach them the accomplishments, music, painting, drawing, if you have the time and money to do it with.

Teach them that a good, steady mechanic, without a cent, is worth a dozen oil patent loafers in broadcloth.  
 Teach them that God made them in his own image, and no amount of tight lacing will improve the model.

Garfield's plurality, 61C.  
 Garfield's clear majority, 439.  
 We take the above from the Weekly Oregonian and is in all probability correct, with, perhaps, some few votes for Weaver not counted. Those that bet on Oregon and got 500 majority given them have undoubtedly won; the Weaver men have lost, unless they bet that Weaver would get 100 votes.

 A few days ago while John Carey was going out of Long Valley with his freight wagons, the trail wagon became detached and went off the grade and Noble Trowbridge, who was in the wagon at the time, says it rolled over three times. No harm was done to the boy, and but little to the wagon.  
 Our old friend P. D. Rothwell, formerly of Baker City, was elected president of a lyceum club recently organized at the medical college of Ann Arbor, Michigan. Mr. Rothwell has been attending that college a little over a year.  
 CHRIST GERBER, Wholesale Hardware, Toledo, Ohio, says:—The Excelsior Kidney Pad has accomplished more for my wife in three weeks than all the medicine she has taken in three years. Refer all skeptics to me.—See Adv.  
 Mac Robinson, who fell while unloading grain some days ago and was laid up for some time from the fall, is up and around again.  
 Mr. Hugh Cannon and family have moved to town to reside. Hugh says he will stay all Winter if the people are good to him, and we guess they will be.
