### Huffy People

One of the oddest things to witness, if not one of the most disagreeable to encounter, is the faculty which some people have for taking offense where no offense is meant—taking "huff," as the phrase goes with reason or without—making themselves and everybody else uncomfortable, for nothing deeper than a mood or more than a fancy. Huffy people are to be met with, of all ages and every station, neither years nor condition bringing necessary wisdom and un-suspiciousness; but we are bound to say that the larger proportion will be generally found among women, and chiefly among those who are of an un-certain social position, or who are unhappy in their circumstances, not to speak of their tempers. Hurliness, which seems to be a self-assertion in what may be called the negative form, and which the possessors thereof classify as a high spirit of sensitiveness, according as they are passionate or sullen, is in reality the product of self-distrust. The person who has self-respect, and nothing to fear, who is of an assured social status and happy private condition, is never apt to take offense.

Many and great are the dangers of action with huffy people; and as sure as you are to flounder into the bog with them, while you are innocently thinking you are walking on the solidest esplanade, the dangers of speech are just as manifold. The dangers of jesting are, above all, great. It may be laid down as an absolute rule which has no exception anywhere, that no huffy person can bear a joke good-humoredly, or take it as it is meant. If you attempt the very simplest form of chaffing, you will soon find out your mistake; and not infrequently the whole harmony of the evening has been set wrong because a thin-skinned, huffy person has taken a pleasant jest as a personal affront, and either blazed out or gloomed sullenly, according to his or her individual disposition and direction of the wind at the time. —[Household.]

OWN A HOME.—Every man who has or expects to have a family, should strive to become the owner of a home, for without one he can never feel or be independent. With a home of his own he becomes better contented, feels a deeper interest in public affairs, and is a better member of society. No man should rest satisfied until he possesses at least a small portion of the grandest of all the estates—land—the fruitful mother of all the productions which sustain existence, secure comfort and give stability and independence to life. Every man makes his life what it is out of the material circumstances which surround him. How different the feelings of a family with a home they can call their own from those who are dependent tenants.

To Whom it May Concern:  
I take a great pleasure in making the following statement: I have been afflicted with a disease of the kidneys for the past two years and have tried numerous remedies with only partial and temporary relief. Warner's Safe Kidney and Liver Cure was recommended to me, and after taking it the pain and distress left me, and I am to-day feeling strong and well. I am perfectly satisfied that Warner's Safe Kidney Cure is the medicine needed, and can cheerfully recommend it to others.

A H. the most prevalent but least understood of all diseases, is the cause of much needless suffering and thousands of premature deaths annually. DR. KECK has made this disease a life study, having been a great sufferer himself until cured by His Own Remedy, which he has for thirteen years in his practice—the three last in Portland, Or.—put to the severest tests with the most satisfactory results. He has also treated several physicians. With this accumulated evidence we are warranted in saying that no other preparation for the cure of this disease in any of its forms will give such universal satisfaction as DR. KECK'S SURGE CURE FOR CATARRH, which you can get of your Druggist at home, or of DR. KECK of Portland, Or., at \$1 per bottle, or six bottles for \$5.  
The Doctor makes a specialty of the treatment and cure of chronic diseases, especially Cancer, and Dis-eases peculiar to Women. Young men, middle aged or old men who are suffering from the errors and indis-ciplines of youth, nervous weakness, early decay, loss of manhood, etc., should consult DR. KECK. Every-thing strictly confidential. All proper questions an-swered thoroughly the most promptly. Send me a three-cent stamp and address.
