They Exhausted the Catalogue.

Three darkeys once made a bet together that each could name the two best things to eat. Each put up a quarter of a dollar and then they drew straws to see which should have the first and second name. The man who had the first trial suggested that "spring chicken an' watermillions' were good enough for him. This made the third man a littl wild, but he contained himself until the second man declared that "roas' possum wid sweet taters," were about his size. At this a party of the third snatched a part of all the money and ran away, declaring as he did so, "You blame niggahs mus' take me for a fool, ef you think you gwienter have any chance at my money w'en you's done an' named everything in the worl' de fus' clip. Good evenin,' gentlemen, I'll move you bye-an'-bye," and he dashed off through the woods.

RESOURCES OF ALASKA.

Professor George Davidson, the noted scientist long resident upon this coast, and known in every portion of it, has forwarded to Washington a very interesting report on the resources of Alaska. His report will surprise the country in a most gratifying degree. He states that the codfishing banks of Alaska are "four times the area of those in the region of Newfoundland." As to salmon he asserts that there is no such field on this earth as these Alaska waters for the fishing development." Herring and halibut and other varieties of food fish are of the finest quality and in great abundance. The whale fishing and hunting of walrus for their ivory tusks, are valuable pursuits, in which many vessels and crews and hunters are employed. The fur-seal and fur-bearing animals—martin, otter, fox, beaver and others exist in greater number than in any other country of the globe. The forests of Alaska abound in spruce, hemlock, yellow cedar—excellent in shipbuilding alders and willows. The mineral deposits are yet only in the infancy of development, but are known to be rich in gold and silver, iron and galena, and vast coal deposits await the working.

The San Francisco Bulletin prints a summary of Professor Davidson's report, which the Professor himself says is only an abstract of the resources of Alaska. But this abstract is valuable to impart information of the great natural wealth of that most Northwestern Territory throughout our own country and to all the enlightened world. Congress should provide a suitable government system for Alaska.—Ex.

A Stab in the Dark

Sometimes fails of its murderous intent. The insidious and dastardly attacks made upon the reputation of Hostetter's Stomach Bitters by persons who seek to palm off cheap and fiery tonics as identical with it, or "the same thing under another name," or "equally as good," in most instances react disastrously upon the unprincipled traders upon popular credulity who attempt them, converting their speculations into ruinous failures. The Bitters is a pure, wholesome and thorough medicine, adapted to the total cure and prevention of fever and ague, bilious remittent, dyspepsia, constipation, biliousness, debility, nervousness and kidney troubles. Its every ingredient, unlike those in the imitations of it, is of an ascertained standard of excellence, and while they, by reason of their fiery properties, react ruinously upon the brain and nervous system, of all it does, or can do it is a sedative and invigorant. Reject all these harmful imitations.

A PLUCKY MAN.

One of the New York papers tells the story of a Virginia farmer, who, by the way, is a descendant of Chief Justice Marshall, who has a saw-mill on his farm. Not long ago, finding the apparatus out of order, he went down in the buzz saw pit to adjust the screws. Suddenly he felt something moving behind him, and he threw his arm up and felt the saw cut, right through above the elbow, almost from skin to skin. Raising his head he struck the saw, which cut a groove right through his hair, over his forehead and face down into his throat. When he was taken out his face was one mass of bleeding flesh. They laid him on the grass and brought a surgeon. While the latter was running across the fields to the spot where the men had left Marshall he heard his voice saying, as well as the wounds would permit: "Shove this stuff away from my eye so that I can see whether it's hurt." They did "shove the stuff" away as carefully as possible, and he gave them one gastly glance and then murmured: "It's all right, I can see." It took the surgeon an hour and a half to dress his wounds. He endured the pain with perfect composure. Within a month he was out again as well as ever. Some one was telling one of the darkies on the place, while "Master John was still in bed, what a narrow escape he had had from death. "Huh!" said the darky, "take heap more than that to kill Marse John. Why, if you wanted to kill Marse John you'd have to cut his head off and then hide the head."

WHAT AM I TO DO?

The symptoms of Biliousness are unhappy but too well known. They differ in different individuals to some extent. A Bilious man is seldom a breakfast eater. Too frequent, alas, he has an excellent appetite for liquids but none for solids of a morning. His tongue will hardly bear inspection at any time; if it is not white and furred, it is rough, at all events.

The digestive system is wholly out of order and Diarrhea or Constipation may be a symptom or the two may alternate. There are often Hemorrhoids or even loss of blood. There may be giddiness and often headache and acidity or disturbance and tenderness in the pit of the stomach. To correct all this if not effect a cure try Green's August Flower, it cost but a trifle and thousands attests its efficacy.

$500 REWARD

is offered by the manufacturers of Dr. Sage's Catarrh Remedy, for a case of Catarrh in the Head which they cannot cure.

SYMPTOMS OF CATARRH.—Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak and watery; there is a ringing in the ears, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with scabs from ulcers; the voice is changed and has a "nasal twang"; the breath is offensive; smell and taste are impaired, there is a sensation of dizziness, with mental depression, a hacking cough and general debility. Only a few of the above-named symptoms are likely to be present in any one case. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption and end in the grave. No disease is so common, more deceptive and dangerous, or less understood by physicians.

By its mild, soothing and healing properties, Dr. Sage's Catarrh Remedy cures the worst cases of Catarrh, "Cold in the Head," Coryza, and Catarrhal Headache.

Sold by druggists everywhere; 50 cents.

"Untold Agony from Catarrh."

Prof. W. HADWARE, the famous mesmerist, of Ithaca, N. Y., writes: Some ten years ago I suffered untold agony from chronic nasal catarrh. My family physician gave me up as incurable, and said I must die. My case was such a bad one, that every day, towards sunset, my voice would become so hoarse I could hardly speak above a whisper. In the morning my coughing and clearing of my throat would almost strangle me. By the use of Dr. Sage's Catarrh Remedy, in three months, I was a well man, and the cure has been permanent."

"Constantly Hawking and Spitting."

THOMAS J. RUSHING, Esq., 2902 Pine Street, St. Louis, Mo., writes: "I was a great sufferer from catarrh for three years. At times I could hardly breathe, and was constantly hawking and spitting, and for the last eight months could not breathe through the nostrils. I thought nothing could be done for me. Luckily, I was advised to try Dr. Sage's Catarrh Remedy, and I am now a well man. I believe it to be the only sure remedy for catarrh now manufactured, and one has only to give it a fair trial to experience astounding results and a permanent cure."

A complete Treatise on Catarrh, giving valuable hints as to clothing, diet and other matters of importance, will be mailed, post-paid to any address, on receipt of a two-cent postage stamp. Address
