DON'T

let that cold of years run on. You think it is a light thing. But it may run into a catarrh. Or into pneumonia. Or consumption.

Catarrh is disgusting. Pneumonia is dangerous. Consumption is death itself.

The breathing apparatus must be kept healthy and free of all obstructions and offensive matter. Otherwise there is trouble ahead.

All the diseases of these parts, head, nose, throat, bronchial tubes and lungs can be delightfully and entirely cured by the use of Boschee's German Syrup. If you don't know this already, thousands and thousands of people can tell you. They have been cured by it, and "know how it is, themselves." Bottle only 75. Ask any druggist.

WHAT AM I TO DO?

The symptoms of Biliousness are unhappy but too well known They differ in different individuals to some extent A Bilious man is seldom a breakfast eater. Too frequent, alas, he has an excellent appetite for liquids but none for solids of a morning His tongue will hardly bear inspection at any time; if it is not white and furred, it is rough, at all events.

The digestive system is wholly out of order and Diarrhea or Constipation may be a symptom or the two may alternate. There are often Hemorrhoids or even loss of blood. There may be giddiness and often headache and acidity or flatulence and tenderness in the pit of the stomach. To correct all this if not effect a cure try Green's August Flower, it cost but a trifle and thousands attests its efficacy.

THE MAGIC HAIRPIN.

ITS MULTITUDINOUS USES.

What Can Be Accomplished With a Hairpin in the Hands of a Woman.

The proof of a boy's mechanical skill is usually what he can do with a jack-knife; the proof of a woman's is what she can do with a hairpin, says an exchange.

Few women take naturally to ordinary tools. They use hammers in a gingerly and ridiculous manner, or they pound their fingers with them; they put blunt-pointed nails along side instead of across the grain, and then wonder why it splits; they use screw-drivers principally to pry open boxes, and they think wire-pincers were made to crack nuts with. But they know how to manage a hairpin.

"A lady," said an observant gentleman, the other day, "always opens a letter better than a man. A man tears off a corner, and then pulls the envelope more or less to pieces in getting at the contents; but a lady draws a hairpin, inserts one prong at a corner, and rips open the edge as neatly, easily, and quickly as if the tool were made for that purpose."

With the same tool she can, and frequently does, button her glove, and occasionally her boots. She cuts the magazine with it. She twists it into clasps for broken jewelry. She uses it to suspend plaques. She employs it to draw corks, and also to snuff candles. She inserts it in windows to keep them from rattling, and to brace back shades that incline to tumble down. She succeeds with its help in turning the hasps of windows from the outside when obliged by accidental lock-out to burglarize her own house. She arms herself with it when traveling, to keep disagreeable neighbors at a respectful distance. She files receipts upon it. She pins up notices to the milkman with it. She even bends it roughly into the form of an initial, and hangs it in the keyhole of her intimate friend's lock, by way of a card, when she has forgotten her card-case, and the family are out.

The fan has long been regarded as the object most suggestive of the Spanish women. Ladies of other countries are famed for their graceful or skillful use of other dainty, family feminine articles. But if we were asked to select the thing most truly representative of the great American girl, we would name without hesitation the neat, the ingenious, the inexhaustible, the magic hairpin.

An important use of the hairpin has been overlooked in the above, viz.: loosening up the soil in the window garden without injuring the delicate roots of the plants. We know of no instrument which makes so good a "spade" for this purpose as the inexhaustible" hairpin.

Two Ways. Choose Which!

There are two usual ways of doing what Nature sometimes does incompletely, namely, to relieve the bowels. One is to swallow a drastic purgative which evacuates profusely, abruptly and with pain, the other is to take Hostetter's Stomach Bitters, the effect of which is not violent, but sufficiently thorough, and which does not gripe the intestines. If the first is selected, the person employing it need not expect permanent benefit, and he cannot hope to escape the debilitating reaction which leaves the organs in a bad or worse off than before. If, on the other hand, he resorts to the Bitters, he can rely upon the restoration of a regular habit of body, consequent upon a renewal of a healthful tone in the intestinal canal. Besides healthfully relaxing the bowels, the Bitters arouses & dormant liver, imparts a beneficial impetus to the action of the kidneys, and counteracts the early twinges of rheumatism, a tendency to gout, and malaria in all its forms.

WARM WAVES

Are rolling in. You can't escape them; but you can escape the sleepless nights, loss of appetite, and languid feeling that result from draining the nervous force by muscular or mental exertion in summer's torrid days. The use of Paine's Celery Compound, that great nervetonic, will at once strengthen the nervous system, and fortify it against the attacks of summer debility. This preparation is a medicine—not a drink. It is a scientific combination of the best tonics, giving lasting benefit to body and brain. It cures all nervous diseases, and has brought new life and health to thousands whose weakened nerves were the cause of their many ills. It is especially valuable at this season, when feeble persons are so liable to sunstroke, a disease which is nearly always fatal. Paine's Celery Compound, by restoring perfect health, almost entirely removes the liability to this dread disease. If you feel the effects of summer's heat, you can't afford to delay another day before gaining the vitality only obtained by the use of this great medicine. *Sold by Druggists, $1.00. $500 REWARD

is offered by the manufacturers of Dr. Sage's Catarrh Remedy, for a case of Catarrh in the Head which they cannot cure.

SYMPTOMS OF CATARRH.—Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery, and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak and watery; there is a ringing in the ears, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with scabs from ulcers; the voice is changed and has a "nasal twang"; the breath is offensive; smell and taste are impaired. There is a sensation of dizziness, with mental depression, a hacking cough and general debility. Only a few of the above-named symptoms are likely to be present in any one case. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption and end in the grave. No disease is so common, more deceptive and dangerous, or less understood by physicians.

By its mild, soothing and healing properties, Dr. Sage's Catarrh Remedy cures the worst cases of Catarrh, "Cold in the Head," Coryza, and Catarrhal Headache.

Sold by druggists everywhere; 50 cents.

"Untold Agony from Catarrh."

Prof. W. Hanaford, the famous mesmerist, of Hiram, N. Y., writes: Some ten years ago I suffered untold misery from chronic nasal catarrh. My family physician gave me up as incurable, and said I must die. My case was of a loathsome, that every day, towards sunset, my voice would become so hoarse I could barely speak above a whisper. In the morning my curdling and clearing of my throat would almost strangle me. By the use of Dr. Sage's Catarrh Remedy, in three months, I was a well man, and the cure has been permanent."

"Constantly Hawking and Spitting."

Thomas J. Keating, Esq., 202 Pine Street, St. Louis, Mo., writes: "I was a great sufferer from catarrh for three years. At times I could hardly breathe, and was constantly hawking and spitting, and for the last eight months could not breathe through the nostrils. I thought nothing could be done for me. Luckily, I was induced to try Dr. Sage's Catarrh Remedy, and I am now a well man. I believe it to be the only sure remedy for catarrh now manufactured, and less has only to give it a fair trial to experience astounding results and a permanent cure."

A complete Treatise on Catarrh, giving valuable hints as to clothing, diet and other matters of importance, will be mailed, post-paid to any address, on receipt of a two-cent postage stamp.
