DON'T let that cold of yours run on. You may run into a catarrh, or into pneumonia, or consumption. Pneumonia-dysentery, pneumonia is dangerous. Consumption is death itself. The breathing apparatus must be kept healthy and free of all obstructions and offensive matters. Otherwise there is trouble ahead. All the diseases of these parts, head, nose, throat, bronchial tubes and lungs can be delightfully and entirely cured by the use of Bo-schee's German Syrup. If you don't know this already, thousands and thousands of people can tell you. They have been cured by it, and "know how it is, themselves." Bottle only 75. Ask any druggist.
