**ICURE FITS!**

When I say CURE I do not mean merely to stop them for a time, and then have them return again. I MEAN A RADICAL CURE. I have made the disease of FITS, EPILEPSY or FALLING SICKNESS, by a Clean Brain.

A life-long study. I WANT you to remedy the cause of the disease. Because others have failed to do so, and have received a large amount of money for a cure, and a large amount of money for a cure, and a large amount of money for a cure.

**Wrecked by Eating Cloves.**

A physician of Syracuse says that one of the strangest cases that have come under his observation in practice is a Syracuse young lady who is addicted to the habit of chewing cloves. For several years her friends and physicians have been fighting to break her of a habit which she carries to such an excess that her life will be the penalty paid. At times she breaks herself of the habit for a few weeks, but sooner or later goes back to it with renewed energy. She has been known to chew a pound of them within three days. All the chemists have been warned not to give her the spice, and many of the grocers also, but she manages somehow to supply herself with it in spite of the watchfulness and precautions of her family. The effects of the excessive use of the spice resembles somewhat the effects of opium, and sense of taste has been wholly destroyed by it.—N. Y. World.

In the morning my coughing and clearing of my throat would almost strangle me. By the use of Dr. Sage's Catarrh Remedy, in three months, I was a well man, and the cure has been permanent."
