FOR BENEFIT OF WOOL GROW. ERS.

Communicated to Grant County News S. A. Heilner, of Baker City.

THE PRESENT TONE OF THE WOOL The wool market has been ex-

ceedingly dull since January first. Manufacturers east bethe election beyond a reasonable No. 91 State of Oregon vs Joseph point, and that a decline must take place to the level of values No 92 State of Oregon vs William for woolen goods, and they have held out of market. The decline No 93 state of Oregon vs W E in price of wool which usually takes place in April has been No 94 State of Oregon vs John watched for this year and pendcheap substitutes such as carpet wool and shody.

Enormous quantities of socalled waste, manufactured out No 89 State of Oregon vs Adam of scoured merino wools for the Murray, Alex Murray and Will- purpose of evading the proper duty have been imported, and have gone to the mills in every direction. Many holders of American wool felt that prices reached in December were justified by the belie! that the new administration would make such rulings as would prevent woolen clothes from coming in at the lower duty of worsteds, and that it would prevent so-called lap waste, justly dutiable at 60 cents per pound from coming as waste, at a duty of only 10 cents, and in consequence of this they have held wool firmly for December prices.

only say that we are now threat- | \$40 per month. ened with the dangers of free wool and with the level of English prices that were imminent one year ago, but on the other market are artificially inflated. to eign goods.

\$95 | In conclusion I would say that S. A. Heilner.

DOCTORING IN THE DARK No sensible surgeon will attempt the performance of an operation in-

vo ving human life in a room secluded from the proper amount of light. A practioner will not attempt the diagness of a complicated disease unless he can see t e sufferer and make an examination upon which to base his opinion relative to the course of treatment necessary to bring about a comple's restoration of health.

Notw thatanding the impropriety of such action there seems to be a great deal of doctoring done in the dark. fly this it is not intended that a literal meaning be inferred, but that a creat many mi-takes are committed because of the daraness which is the result of ignorance. It needs no illustrations to demonstrate that gross ignorance has cau-ed many fatal mistakes to be made in the treatment of diseases by those who profess to be learned in the art of healing.

In many diseases reveral organs are more or less implicated and what s ems a primary adment may be one quite remote. For instance, a s vere headache may have its origin in a eisturbed stomach On the other hand, sickness at the stomach may he caused by a blow on the heal. The seat of typhoid fever is in the up, er part of the bowels, but most if its worst symptoms are of en in the

Symptoms of dise se as well as diseases themselves are oftentimes followers or concomitants of some unsuspected organic disease and this is peculiarly true of lung, wer, brain and heart diseas s in general, for it is now known that they are the result of kidney disease, which shows it pres-

ence in some such indrect manner. Several years ago a gentleman became convinced of the truth of this and through his efforts the world has been warned of kidney disease and as At on Early date | hours from 10 to 4 daily; even- a result of continued effort a specific known as Warner's Safe Cure was discovered, the general use of which has shown it to be of me timable bene-
