

Grant Co. News.

LOCAL BREVITIES.

Peter Kuhl returned home from McMinnville last week.

J. C. Glover's petition for liquor license under "New-to-day."

Rev. Goss publishes his religious appointments in to-days News.

Freight teams have this week been delivering goods to our merchants.

Over 75,000 sheep from Morrow county are already on their way to eastern markets.

It seems Decoration day is not to be observed here. Why this lack of enthusiasm, dear G. A. R.?

Happy Jack, the erstwhile Long Creek poet, occasionally fills the Baker City Democrat with his effusions.

See Jackson Chambers' "ad" on opposite page. He desires to pasture bucks during the season, and has a first-class pasture.

Strawberries will soon be abundant—are becoming more or less plentiful already. Mrs. Phillips was the first to treat the News to a sample of the new crop.

Mr. Byram completed the run of his wood down the creek this week, landing about two hundred cords besides what has been run. No danger of a wood famine now.

Apples furnished by Mr. Rinehart are now as firm and sound as when picked off the trees last fall. For excellent flavor and good keeping qualities Mr. Rinehart's fruit beats all.

A lonely sheep herder in Baker county went hence by his own hand by the rifle route last week. In Grant county sheep herders are generally killed before they get the suicidal mania.

Henry Blackwell was over from Long Creek last week, and informed us that he was buying beef cattle and was prepared to make cash advances on all contracts. He wants about 1,200 head.

As a bit of news we will state that Mr. Adamson of the summit house killed an immense brown bear in Bear valley a few days ago, which will be a blessing to sheepmen in that neighborhood.

Greenhorn mining district is attracting considerable attention, and miners are rushing in there from Pendleton and all directions. There are some valuable mining properties being developed over there.

Circuit court for Harney county has adjourned, but we have not heard the particulars of any of the important cases if any were tried. Don't know whether or not the ancient case of Mahan & Anderson was in the court this year.

W. C. Griswold of East Portland was here a few days ago looking after old Indian war claims. We understand it was part of the gentleman's business to buy claims against the government for services and property furnished during the early Indian wars of Oregon.

Any amount of complaint is heard in regard to the toll road leading to Baker City. It is the worst part of the entire road, and freighters have to pay exorbitant rates of toll. Baker City had better purchase the road and make it free if she desires to hold the Grant county trade.

Judge Sels had four turkeys sent to him by a friend down the valley last week. Mr. Sels was in Bear valley at the time, but when he arrived home four big horned owls were awaiting his coming. It is safe to say he didn't keep the "Irish turkeys," but distributed them among the small boy poultry fancies.

H. E. Gillespie was given a hearing before Judge Rollison last week, appealed from the Long Creek land, and the ruling of the former justices court sustained, viz: Discharged for want of evidence. Mr. Gillespie was under arrest for the larceny of horses, but the evidence was not sufficient to convict, hence comment is unnecessary. S. S. Denning was attorney for defendant.

Burns has a preacher and Harney has none. Recently the good man paid a visit to Harney and every one, saint and sinner alike, rallied to the sound of his voice and patronized the gospel man, giving him a congregation of 150 souls and a hat full of money. The Burns Herald is jealous of Harney, and says: "If Harney can secure up a hundred or more souls thirsting for gospel truths just for the glory of beating a Burns congregation, why not rustle up enough money to build a church and call a preacher?"

A relative of Dr. Horton, together with another man over in the Stein mountain country went hunting several days since, we are informed, and when found by other parties one of them was dead, lying in a tent, while the other one was crazy and nearly on the point of death. They were absent during the recent snow storm over there, and from indications they had filled a kettle with coals and placed it in the tent before retiring for the night, and the snow falling on the outside of the tent had smothered them. No particulars other than the above have been learned.

Now complaints about the warm weather begin.

Cope Dore walks with a stick because a horse fell with him the other day.

There are 1,200 persons of the name of Smith employed in the United States postal service.

Prime wethers, unshorn, from Oregon, are quoted at \$4.75 per head in the Chicago market.

Barley in Harney county is said to be heading out already, and an abundant crop is almost assured.

It has been ascertained that thirty of the crew of the Alaskan are drowned, which vessel was wrecked off Cape Blanco.

The teachers' institute at Prairie City appears to be largely attended. This city furnished a number of representatives.

Long Creek town is to whom things up on July 4th. Racing will be had on the 1th, 5th and 6th, and several horses are now in training.

Grant county ought to be able to furnish a large part of the world with fat beef and mutton this fall if there are any buyers, and there will be.

Miller's blacksmith became inspired with a sudden notion Sunday morning and lit out on foot for Cracker creek, without a moment's warning.

McCullough & Smith are preparing to drive a large land of horses to market. When Mr. Smith returns from Nebraska the land will be gathered and started.

The Secretary of the Interior has ordered the Surveyor General of Oregon to have the Camp Harney Military Reservation surveyed preparatory to offering it for sale.

An Alabama paper published the following notice: "Married, at Flintstone by the Rev. Samuel Winstone, Ephraim Grindstone, to Emiline Sandstone, both of Limestone."

Honore Sloan arrived home Tuesday from his Elk creek placer mines. He has a sack full of nuggets which will cure any case of sore eyes at one look. Makes us think we would like to be a miner.

Maud Muller was fined \$15 the other day in Kansas City for being drunk on the street. The Judge was as kind to Maud as he used to be, when she "raked the meadow sweet with hay."

The wealthiest cargo that has left the Columbia river this season was that of the Otterspool, which put to sea last week, destined for Londonberg, Ireland, with a cargo of flour valued at \$128,012—World.

We hope the Oregon Pacific road will soon resume work on its eastern extension and build to the country east of the Cascade range this season. The more "shipping points" this country has the better.

Alexandria, Va., has a population of 20,000, yet during the thirty days constituting the month of March, not a wedding occurred in the place, and not a marriage license was issued by the clerk of the court.

Pat McGinnis' little house in which he last saw the light of day has been torn down and the timbers will doubtless be preserved for the use of the next one who will have occasion to be furnished a jumping-off place by the sheriff.

Eighteen years ago a pane of glass was broken in the window of a house in Hamilton, Ohio. On the 25th of last month the owner got around to have it replaced and it was recorded among the "great improvements" to the city.

The Indians are congregating at different points along the Columbia for their annual fishing season, and in a very short time they will be congregating all over this upper country for their annual deer slaughtering season. But what can we do about it?

There has been collected from the United States government, on the Indian war claims of Oregon, \$38,132.98. This payment is practically in full of all claims forwarded. There are a few small claims yet remaining, but these will also be forwarded when the proper vouchers are received.

A correspondent says that he treats every man as a rascal until he proves himself honest, and that he finds it saves him many a dollar. If the man is honest he will not suffer from being watched as you would watch a rascal, and if he is a rascal you will be greatly ahead by watching him.

Mr. John Luce returned during the week from Harney county, where he had been to move a band of fat wethers from Glass Buttes to the John Day. While at Gilchrist's mill on the head of Silver creek he was caught in a snow storm that lasted thirty-six hours, the snow lying 22 inches on the level, and impossible for a sheep to wade through. He thinks that a pretty good record for Harney county, that too on the 17th of May. It certainly was quite a "touch of winter."

COMMISSIONER'S COURT.

Additional business transacted since last report, prior to the adjournment of court:

Bonds of various road supervisors were approved.

In the matter of the proposed change in the county road leading from Canyon City to the summit of the mountain on the old Harney road, viewers and a surveyor were appointed.

It appearing that the claim of F. L. Mulvarey for which a warrant was issued May 7th for the sum of ten dollars to pay for one coyote scalp was allowed and issued under a mistake, and that said F. L. Mulvarey is entitled only to the sum of one dollar, it was ordered that the clerk of this court cancel said warrant.

In the matter of the application of Young & Masterson, J. H. Hamilton, G. B. Hatt, Hugh Smith and E. O. Woodall for license to sell spirituous liquors, the same were denied upon the grounds of non-compliance with the present liquor law.

Bills amounting to \$6,278.34 were allowed and warrants ordered for the same.

GRANT VS. LAKE COUNTY.

In the Grant vs Lake county case the judgment of the supreme court was against Lake county for \$4,298.82, but no interest or costs except the fees of the clerk of the supreme court, which are taxed against Lake county. A portion of the syllabus is as follows:

For the purposes for which a county is made a body corporate and politic, it is a person, and is capable of suing and being sued in regard to matters pertaining to those purposes, the same as an individual.

Held, further, that the fact that the indebtedness of the county of Grant at the time of the passage of the said act, exceeded the sum of five thousand dollars, did not support a finding of a conclusion of law, that the part of the indebtedness in excess of that sum was illegal and void; that the clause in the constitution of the state which provides "that no county shall create any debts or liabilities which shall, singly or in the aggregate, exceed the sum of five thousand dollars etc." does not imply that all debts and liabilities against a county over and above said sum are necessarily obnoxious to said provision; that the provision only applies to debts and liabilities beyond said sum which a county in its corporate character and as an artificial person, voluntarily creates.

Held, also, that interest should not be allowed upon a claim against a county, until a warrant therefor has been presented to the treasurer thereof and an endorsement made thereon. "Not paid for want of funds," and the date of such presentment over the treasurer's signature.

Disputes furnish an account of two young women fighting a duel over a young man, with whom both had become infatuated.

The once fighting Molee Indians have become industrious farmers in the past twelve years, and half of them have professed Christianity.

McKay, a mutton buyer from Reno, has raised the price offered by other buyers from \$2 to \$2.25 and \$2.50. Nothing like competition.—Lakeview Examiner.

Ten or twelve California boys have lately been committed to the insane asylum at Napa. Their insanity has been traced directly to cigarette smoking.

A man serving a term for horse theft at Denver, Col., has fallen here to \$100,000. Now everybody is trying to get a pardon for him. An exchange remarks that cash is mighty and will prevail.

On the person of Sullinberger, found dead at Wapinitia was \$100 in coin and a revolver, and the verdict of the coroner's jury was that he had been killed by carrying concealed weapons, and the costs be taxed up to the county.—Mountaineer.

At the recent elections held in the territories which will be admitted to statehood this year, Montana went democratic, while the result in Washington is rather undetermined even yet. The Dakotas were carried by the Republicans of course.

A catfish is a very dangerous animal to fool with. A story is now related where a head of Silver creek fisherman caught a huge catfish and started home with it. On the way the fish flopped its tail against the hammer of the man's gun, causing the discharge of the piece, thus sending a load of duck-shot through his thigh, inflicting a very dangerous wound.

MT. VERNON.

May 24.

The beautiful and accomplished Miss Minnie Bonham is sojourning in Canyon City at present.

Mr. Chas. Beshaw will leave for The Dalles in the near future accompanied by his beautiful daughter, Miss Edith.

Miss Clara Ingle will leave our burg in the near future for John Day City, where she expects to spend the summer in cultivating her musical talent.

Shearing will soon be a thing of the past as the boys seem to be getting tired of the business.

Mr. Chas. Angell and Mr. Ramsby are at Mt. Vernon training horses on the old fair-grounds race track. Mr. Wm. Wilson is also breaking horses at the same place.

Mrs. Birge is the happy possessor of a new gig, but she won't let the boys ride in it. We hate that.

Miss Ruhama Luce is visiting the family of Mr. Chas. Beshaw, this week.

Mrs. Day Luce is also visiting Mr. Beshaw.

Miss Mary Fogle is attending school at Mt. Vernon.

Our school is progressing finely under the faithful superintendency of Mr. Williams.

A slick tongued Range-seller is doing the country. He is rather good looking and therefore breaks hearts as well as sells stoves. So the girls say.

RELIGIOUS NOTICE.

Rev. Mr. Goss will (D. V.) visit Canyon and Prairie City and hold services as follows:

Wednesday, June 12, Prairie City, evening; Friday June 14, Canyon City, evening; Sunday, June 16, Canyon City, morning; Sunday June 16, Prairie City, evening; Tuesday, June 18, Prairie City, evening; Wednesday, June 19, Prairie City, morning; Wednesday, June 19, Canyon City, evening; Thursday, June 20, Canyon City, morning; Bishop Morris will preach and administer the Rite of Confirmation. Wednesday, June 19, Canyon City, evening; Thursday, June 20, Canyon City, morning; Bishop Morris will preach and administer the Rite of Confirmation; it is expected, also, that St. Thomas church will be consecrated at this time. Friday, June 21, Bishop Morris will visit Long Creek, and preach in the evening. Sunday, June 23, the Bishop will preach and administer the Rite of Confirmation at Monument, in the morning. Holy Baptism will be administered at any service. The Holy Communion at every morning service where the Bishop is present.

TO DISPEL COLDS.

Headaches and Fevers, to cleanse the system effectually, get gently, when costive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Figs.

The following from an Ex. explains why so many editors are long faced men: "The writer kept count yesterday, and from 9 a. m. to 9 p. m., there came into this office two sewing machine agents, one straight beggar, three book agents, one man selling shirts or taking measure for shirts, two building association men, two life insurance men, one accident policy man, and one advance agent."

Ramsby & Angell, at the Mt. Vernon Race course will break horses for \$10, and furnish feed while the horses are in their care. They will also train horses on the track to trot or run. If you want your animals handled by experienced trainers, write to them for terms of training. Address Ramsby & Angell, Mt. Vernon or John Day, Oregon.

Mrs. C. S. Lockwood is agent for Speirs' Steam Cooker, Shepard's Stove Pipe Shelves, Brewster's Safety Rein Holder, and the Favorite Fluting Iron. These articles are of inestimable worth to every housekeeper, and the rein holder cannot well be dispensed with by those who ride in carriages. 24

The other day an old gentleman dropped dead at a hotel dinner table in Salem, and now the papers are engaged in a brilliant contest to decide which one can get off the most original joke on the hotel tables of the capital city.

Disturbance of the Heart.

Heart disease is like an assassin, which creeps upon you in the dark, and strikes you when unaware. THE MINES.

PRairie City, May 26.

To THE NEWS: Something of Grant county's mineral resources might be interesting to your readers. I made a visit to one of the richest mines last week that it has been my good fortune to visit for many a year. This mine is situated in the northern part of the county on Greenwood gulch, and worked by Messrs. Barnett, Berry Bro's & Shoultz. They are taking out large quantities of immensely rich ore and working it in an arrastra which is yielding them large profits.

The Colorado, owned by Mr. Lorraine, and other parties under a lease is doing well, and those interested are making money much above wages.

Messrs. Hill and Tate who have been working the old Keystone mine the past winter have lately cleaned up \$6,000 and gone to Baker to ship their dust to the mill. The Colorado and Keystone are mines situated six miles from Prairie City on Dixie creek.

I also visited the New York, owned by A. C. Blinn. This mine is situated on Center creek, nine miles north of Prairie City. It is low grade ore, assaying from \$9 to \$14, but what it lacks in quality makes up in quantity. It is an immense mountain of ore, so to speak, being over one hundred feet in width of solid ore containing large quantities of sulphurets. Mr. Blinn has completed a good trail from the end of the wagon road to his ledge, so it is easily reached without climbing any mountains.

FROM DAYVILLE.

May 23, 1889.

EDITOR GRANT CO. NEWS:

The light sentence of only one year in the "pen" for shooting Finlay McLaue, created a general disappointment in this community where the facts of the case are too well known and have ever been believed to be a premeditated attempt to murder, and brings home to thoughtful herders who may hereafter get instructions to make it "hot" for their neighboring herders, a very instructive lesson not to be lost sight of in these times of short grass and crowded range, as not a very remunerative business. It won't do to rely on the invincible "bosses" being equal on all and every occasion to get one out of the meshes of the law; for common sense dictates there is a limit to all things, and when it goes beyond a curb, lawlessness is bound to be the inevitable result. For if shooting down one's herders like jack rabbits is to be the order of the day and the culprits get off with such light sentences, so long will crime be rampant—the majesty of the law a farce, as well as discouraging to become a citizen of a country that is inadequate to give protection to life and property. The sooner the iron heel of justice gets in amongst those lawbreakers the better for the taxpayers and everybody else concerned.

NEW USES FOR ELECTRICITY.

Cars to be Transported 240 Miles a Day by Electricity.

NEW YORK, May 17.—A new scheme of transportation is to be introduced between New York and Boston, whereby it is said, large packages and cars containing passengers can be whisked from one place to the other, 230 miles, in less than an hour. An experiment with the machine was held in Boston in the presence of many scientists, including A. E. Dolbear, of Tufts College. He announced that he was thoroughly satisfied with the system. It consists of a magnetic car hanging from a single rail, where follows a current of electricity with one-horse power. It said that one ton can be thus transported 140 miles a day at a cost of 30 cents.—Dispatch to the Oregonian.

The application of electricity to machinery, as mentioned above, is not all the uses to which it can be applied. It cures most obstinate chronic diseases with wonderful and startling rapidity. Drs. Darrin, the electro-magnetic physicians, employ this remedy with wonderful success, as a few of the following testimonials will show from the many that they are constantly receiving:

MRS. JOHN SAX, A PROMINENT LADY OF PORTLAND, GIVES HER EXPERIENCE WITH DR. DARRIN AT 235 FIFTH STREET.

Editor Oregonian: I have been a well woman all my life until last August, when I was taken down with chill and fever, which confined me to my bed nine weeks with rheumatism in my limbs and hands, also liver and kidney troubles. After lingering in this condition for five months, I was advised by my physician to try electricity. As Dr. Darrin had cured my mother of various ailments two years ago, I put myself under his care. Now I am so far cured of all my troubles that only a few more treatments are needed. I can be seen at 253 Second street, Portland.

MARY P. SAX.

ANOTHER RESIDENT HEARD FROM.

Mr. Editor: I have been confined more or less all winter with sciatic rheumatism in my right leg and hip, and I suffered excruciating pain. I was also troubled with creeping paralysis in my right hand and fingers, with loss of sensation. Having heard much of the famed reputation of the Drs. Darrin I consulted them and put myself under their electro-magnetic treatment. The pain has now left my leg and hip, and I consider myself most entirely cured. The feeling has also returned to my hand and fingers, and I feel in every way improved under their treatment. I advise everyone afflicted to try them, as I have found them honest in their treatment. I can be seen and referred to at my residence. Everyone knows me, as I have been in Astoria since 1852. Yours truly,

JOE ROSS, SELF EYES RESTORED.

Mr. Editor—Dear Sir: I have for over eight years been troubled with my eyes. Lately my right eye became very much swollen and painful, and I could not at times open it. I consulted Dr. Darrin and he said that my eye could be cured in about a week. He accomplished what he had promised in almost less time. I can be referred to, and I know of other cases that have been cured.

ALEDA RUPPA, Astoria, Or.

Dr. Darrin's Place of Business. Drs. Darrin can be consulted free at 235 Fifth street, corner of Main, Portland, Oregon, and Occident hotel, Astoria, Oregon, and will, under no circumstances take a case that they are positive they cannot cure or benefit. Charges are reasonable, and the poor treated free from 10 to 11 a. m. Tuesdays and Saturdays. Office hours from 10 to 5 o'clock daily; evenings, 7 to 8; Sundays 10 to 12. They cure permanently all the diseases of the genitourinary organs in either sex, and make a specialty of deafness and catarrh, and also treat successfully all diseases of the nose and throat, eye and ear, etc., as well as all acute and chronic diseases of whatever name or nature, if curable. No cases taken if not.

NOTICE TO SHEEP OWNERS

The Stock Inspector's law, Sect. 4, amended at the last term of the legislature, requires all persons moving sheep within the county to get a permit, and any person moving sheep whose permit has been given to exceed 30 days prior to moving his sheep lays himself liable to prosecution.
