

The taxable property in Crook county aggregates a trifle over \$1,000,000.

The income of the Prince of Wales is about \$900 a day, yet he is always as hard up as a man who gets only \$2.50 a day, and more so than a man who earns \$1.50 and lives within his income.

"Pa" (inquired Bobby, as they were returning from a revivalist meeting), "why do those people shout so loud; is God deaf?" "No, Bobby, but in a case of that kind, He is a good way off."

"Mrs. MacPowers, don't be afraid pokin' yer tongue out at me, but act like a lady for wunst and come outside the door for a moment an' o'll make the ugly face e'you look like the Pan Handle route to Chicago!"

"I don't believe you have been to the Sunday-school. You've been in swimming. Your hair is wet and your trousers are hindpart foremost." "Well, you see, mar, I was runnin' so hard for Sunday school that my head got all wet with perspiration, and then I fell down, and I was going so fast I turned over in my trousers."

Nell—They say there is a scarcity of women in Australia, and when women go there they find husbands before they have been on land an hour.

Belle (approaching 30 and not yet married)—I wonder if the climate of Australia would agree with me?

Omaha Housewife—Yes, Norah, I like you real well, and I want you to stay. I hope my husband's gruffness will not scare you away. You must not listen to what he says, business bothers him."

Norah—No, indeed, I'm not afraid of him. He tickled my chin this morning before you were up, and asked me did I love him, and I said, "Go away, or I'll slap your face."

A justice of Logan township, Blair county, Pennsylvania, has a perplexing case. A blacksmith built a wagon for another citizen, painting it brown, and refusing to change the color to green. In the night the citizen entered the shop and gave the vehicle a coat of Paris green. Early next morning the blacksmith's cow, spying the verdurous tint, licked it off and died. The blacksmith now wants damages for the cow.
