SLEEPING APART.

Married people sustaining the monogamic relation, especially, make a great mistake in allowing themselves to sleep together. This practice, in a measure, leads to uncongeniality. From five to eight hours bodily contact every twenty-Snow all gone, a thing of the four with one person not only causpast; mud drying up fast, streams es an equalization of those magnethigh, grass growing fast, weather ic elements which, when diverse in quantity and quality, produce physical attraction and passional love, but it promotes permanent uncon geniality by making the married pair grow alike physically. The interchange of individual electricities and the absorption of each other's exhalations lead directly to temperamental inadaptation, and to this cause may doubtless be ascribed one of the chief reasons why a husband and wife manifest such a tendency to grow alike after many years of matrimonial companionship. There is nothing that will so derange the nervous system of a person who is eliminative in nervous Notice is hereby given that our Lincoln Luce passed through force.
