LOCAL BRIEVITIES.

Clothing and dress goods cheap for cash at H. D. & Co's.

Col. T. S. Lang has been appointed receiver at The Dalles land office.

Miss Alma Luce has returned home from her visit to Santa Rosa, Cal.

Bonegrass on the dryer hills has begun to seed, and at this time makes the very best feed for stock.

C. B. Guernsey has severed his connection with Durkheimer & Co. and has accepted a position in the post office store.

A pelt buyer in Lake county succeeded in buying over 40,000 sheep this spring, a sad commentary on the past winter.

A colony of Swedish immigrants have settled in Morrow county. Swedes are a desirable addition to the population of any country.

Messrs. Blackman and Hamilton after visiting all parts of this valley have gone over to Harney county to view the political situation.

John Day valley presents a most beautiful appearance now, viewed from either lowland or hillside. Everything looks bright and fresh.

He had all the appearance of a perfect gentleman and the editor would have set him down as such—but he did not subscribe. All was changed.

See J. Durkheimer & Co's new ad. in to-day's NEWS. Their two stores in Grant county have been consolidated, and they carry a complete stock in the Prairie City store.

Sheriff Gray's annual report shows the tax situation for 1889 to be as follows: Assessors assessment, \$42,541.25; sheriff's assessment, \$3,177.45; amount paid treasurer, \$32,946.29; taxes remitted, \$826.88; delinquent \$11,945.54.

Some person piled our window full of toadfrogs the other day. Frogs are good in their place, but they are neither useful nor ornamental around a printshop, and we object to this sort of kindness on the part of our neighbors—we are no Frenchman.

Hon. Geo. McHaley was in town Monday on his way from Harney county where he had been to look after a band of sheep. In the magnanimity of his nature he has been paying more attention to the hungry wethers of his flock than to his sheep in the political pasture.

Postmaster Cresp having tendered his resignation to the department with effect is expected at any time. J. L. Parrish will probably be the appointee. He is a young man of steady habits and good business ability and his appointment will be satisfactory to people tributary to the Canyon City post-office.

Married, Sunday, May 11, 1890, at the residence of Mr. Henry Lofton, Mr. M. E. Timms and Miss Lillie B. Mulligan, County Judge Maxcy officiating, only a few friends of the bride and groom being in attendance. The happy couple were the recipients of a large number of elegant and costly wedding presents. The News was kindly remembered in the shape of a piece of wedding cake.

By reason of the inability of Judge Fos to be present, our adjourned term of court wound up with one jury trial, being the trial of Alva Tupper, for larceny of a couple of mares alleged to have taken place away back in 1892. This trial resulted in an honorable acquittal of the defendant, which meets the approval of our people. There is no doubt that Alva was the victim of the notorious "Red" Williams, in fact that "Red" stole the horses and sold them to Alva. As the young man returns to his home and family in the Willamette, both he and his father have the good will and hearty good speed of our most substantial citizens.

A correspondent to the Eagle writing from Wagner says that every vote cast for Palmer for county commissioner, if elected, means a plank in a bridge across the North Fork. It would be a blessing to teamsters and a credit to Grant county to have a substantial bridge across the North Fork, but Morrow county has had her eyes on that particular stretch of territory, and until the people of Grant county have positive assurance that those townships on the north will not be sliced off within the next few years we rather think it poor policy to expend several thousand dollars building a bridge, unless, however, the cost would be refunded in case legislative action should place the bridge in Morrow county.

A Washington dispatch of May 6, says: "A matter of interest was settled to-day by the postoffice department as to mail facilities in Grant and Crook counties. The rich valley from Canyon City to Stewart and Paulina has been without mail communication, and the settlers had to travel many miles to Canyon City for their mails. Representative Hermann had an office established at Homer, with W. W. Stone as postmaster, and one at Isar and Carlos Bonham as postmaster, and on July 1st, a tri-weekly mail service from Canyon City to Stewart will commence." This is the route for which the News has been in communication with Mr. Hermann and we rejoice that he has at last been able to secure the much needed mail service. Binger is a worker and no discount.

SUSANVILLE SIFTINGS.

Susanville, May 12.

Ed. News:

Mr. Smyers is busy building a reservoir on Deep creek; will commence mining in about one week.

Keeney has got a crew of men and gone up to Onion gulch to work. He expects to do well this season.

The country looks quite different from what it did one month ago when you made a tour through this section. We have abundance of fine grass, good weather and everybody feeling well and apparently doing well, and the prospector has made his appearance in search of the "root of all evil." One party has already found some rich quartz on Boulder creek near the head of Sloan & Haskell's mining ditch.

Sloan & Haskell are running their hydraulic and steam derrick night and day. It works like a charm; their mast is 90 feet high, the boom 80 feet long. They raise large tubs 4x6 feet in the bottom, piled with boulders, and land them in large piles 160 feet away. They have already worked off a large piece of ground and they are in possession of a few fine specimens which they have picked up, one weighing 14 ounces.

Sandy has struck it rich at the head of Buck gulch. He has got a nice little nugget which he panned out in prospecting the ground. Ives Bro's are busy running arastra on Bear creek. T. L. Smith and Scott are working on a ledge at present situated on the head of Quartz gulch, while their partner Mr. Stevenson is taking in the sights of Portland. I think that the west side or slope of Greenhorn mountain will be thoroughly prospected this season, and it is my opinion that there will be some good mines found. A PROSPECTOR.

Remember Haptonstall, Dart & Co. deliver goods purchased of them.

Setting hens and loafers praise the weather. Farmers and business men, don't. They want more rain.

Mr. Topkin was thrown from his wagon several days ago while on his way home from town and quite seriously injured.

The mosquito will soon settle the tariff question by showing the American people whether hides are free or not.

A case is on docket before Justice Rulison wherein Smith Bros. appear against Wm. Hardy for trespass. A jury was empaneled Tuesday, which disagreed, and the case is still on.

Over eleven thousand dollars delinquent taxes shows that the past winter was a hard one and that Grant county's stockmen are in a tight place. But they will pull through all right yet.

The growing grass and fattening stock restore confidence in the minds of all our citizens, and but few who are not compelled to leave will abandon this section in hopes of finding a better.

Ten thousand election tickets for probably a thousand voters is what Grant county will put in the field this year, and there is no reason why every voter should not secure a ballot of some political complexion.

Sylvester Penoyer's majority over T. R. Cornelius in June, '86 was 3,701. Binger Hermann's majority over Jno. M. Gearin in June, 1888, was 7,497. Harrison's majority over Cleveland in Oregon in Nov. 1888, was 6,769.

In the matter of the delinquent taxes for the year 1889 amounting to \$11,945.54 the clerk was ordered to make a list of such delinquents and deliver same to the sheriff, who shall collect same as by law required.

The man of many names arrested for horse stealing is in jail yet, but has not had a preliminary examination owing to some witnesses failing to appear. The deputy district attorney informs us that he must be turned loose unless something is done to-day.

Haptonstall, Dart & Co. have received a portion of their spring stock of goods, and will deliver free of extra charge to customers residing within three miles of their store. Their wagon runs to town every day, and orders given to the driver will be promptly filled.

The News received a letter from Hon. Binger Hermann by last mail stating that he had secured a regular tri-weekly mail service from Canyon City to Stewart, which would be put on the route by July 1st and that arrangements would be made at once preparatory to this. Mr. Hermann is always awake to the people's interests.

We find this bit of good news in the Baker City Democrat: "Dr. J. M. Boyd last evening received a letter from Mr. C. F. Hopkins, representative of a San Francisco telephone company informing him that he would be in Baker City in a few days with a view of an extension of the telephone system now in operation between the towns of Washington and Baker City. Mr. Hopkins also contemplates extending the system from Baker City to the interior mining districts, one line probably as far as Canyon City, Grant county, with tributaries to Cracker Creek and vicinity, the other to Cornucopia, the seat of the Pine Creek mines, in Union county." That's right; give us a telephone line and ultimately a railroad and telegraph and time shall be the trade from this section.

GRANITE GRAINS.

May 18, 1890.

EDITOR NEWS:

We are having a nice rain and grass is growing finely.

The snow will soon be a thing of the past and the miners are beginning to growl, because of the outlook for a short water season.

We learn that our sawmill will be started soon. That is one thing we need as there promises to be considerable improvements in the country.

J. H. Hilliard has closed his saloon while it is undergoing repairs. He is having it papered and painted and will open next week with a new stock of goods.

"Jack" Hays of Robinsonville reports quite favorable prospects for that region. They have not their postoffice yet because the postmaster has not filed his bonds.

Grant Thornberg of the Granite hotel has finished the new addition to his building which now makes a convenient and comfortable hotel suited to the wants of the traveling public.

Most of the stock that were wintered outside has been brought in looking much the worse for wear. They suffered not so much from long winter as from short feed. The sheep ranche as a winter resort for stock is a failure.

Our merchants have been receiving a large supply of goods and more to come, so the people need not go from home to purchase. Mr. Gutridge is painting his store-room inside and out and will put up a sign showing where he may be found.

J. W. Tabor made a misstroke the other day which resulted in a severe cut on his leg. He says it was an "ax"-ident. This may thought beneficially however as this thought may not wander through the realms of fancy and imagination but will be centered on the badly disabled member.

Where are those candidates who want the "dear people" to vote for them in June? They had better come over and show up or we might vote for the Baker county fellows. We want them to come so we can vote intelligently and they should bring along their little change as they come or some folks might make remarks—you know.

Parties who have mining claims are beginning to put in their appearance. Ward & Co. have begun operations on their Lightning Creek placer mines. Mr. Ward will have his family with him as soon as he can build a house. The Bowman placer claims has been sold to an Eastern company, and Geo. Atchison with a force of men are at work preparing for machinery which will be erected. The machine is an elevator and they propose to make a success of it.

We want a daily mail and better traveling facilities; we want more people to come and cast in their lot with us; we want men to come in "blocks of five" or more; four of these must have mustaches and energy, and the other one money. We want men who wish to invest in mining property to come themselves and see our country and not depend on some quartz sharp, who makes more on the sale of the mine than the seller. We want men of means to take hold of the mines in this section and they will see that there is pay here. We have had enough, in fact a surfeit of men who with a dollar and six bits try to do a thousand dollar business, and it has become monotonous for the men who work for such frauds to be compelled to file liens, attach, etc., in order to get their hard earned wages. Such men are a detriment to the country, for it seems to persons abroad that the fault lies with the mines and country, when in fact it does not, and when these men are forced to quit they say the mines won't pay. They slip away leaving many anxious inquirers, and go somewhere else to find another set of victims. There are good claims that may be bought from the owners at reasonable figures, enough lower than the difference between what would be paid and what a sharp would ask them would be enough to develop them so their true worth might be approximated. We want every man who comes to make money and stay with us to spend it; we want everyone to tell the truth about this section or not talk about it. We do not want any one to think these wants are all our wants, or just what one man wants, but these wants are wants that everyone wants. We don't want the earth, but we want our share of it.

We want little here below but want that little sure.

AYTCH.

Hay harvest has commenced in portions of California.

J. Durkheimer and Cope Dore are visiting Harney county.

Oregonian: James Stevenson, the Grant county mining expert, who is making a short visit in Portland, says that there is more water available for mining purposes in the county than in any year since 1863. "We intend to turn things loose this year," he said. "We will ship any amount of retort gold. Elk creek will produce about \$20,000 and Deep and Big creeks about \$10,000 each. Elk creek is equipped with hydraulic works,

Go to the Red Front Billiard Hall, Canyon City, for fine wines, liquors and cigars.

The city council of Minneapolis recently passed an ordinance prohibiting the erection in that city of any building over 100 feet high.

The Pacific Brewery's Celebrated Beer, the best in Eastern Oregon, is now kept constantly on tap at the Red Front Billiard Hall.

\$7.50—As all the newspapers in this land district are now charging the old price—\$7.50—for final proof notices, the News will after this date charge the same, which is the legal rate all over Oregon. Contest and timber land notices \$10.00.

All you have to do with political mud is let it dry. Then it rubs off quite as easy as other mud. Stirred while afresh you make it look worse and harder to remove.

To expel the impurities in the blood and give strength to the system before the effects of warm weather are felt, use Pfunder's Oregon Blood Purifier. m-10

A Kansas man was sent to jail six months for beating his wife. He now has three good meals a day and enjoys himself playing high five with the other prisoners, while his wife is at home taking in washing and supporting eight children. Prosecute the wife beaters, "for great shall be their reward in Kansas."

PEOPLE OF GRANT CO.—I want you to understand that I have come to your county seat and opened a shop with intention to stay here permanently. Having learned my trade in Germany I am prepared to put your watches and clocks in the best condition possible. If you want to keep an expert and fully trustworthy mechanic here right along at your command come and patronize him and do not squander your money at other places for snide work. I mean just what I have said. Respectfully, ALBERT HINSCH.

School Teachers Examination. Notice is hereby given that for the purpose of making an examination of all persons who may offer themselves as candidates for teachers of the schools of this county, the county school superintendent thereof will hold a public examination at the court house in Canyon City, commencing on Wednesday, May 28, at 1 o'clock p. m. and continuing until Saturday following. Dated this 15th day of May 1890. E. HAYES, Co. School Supt., Grant Co., Or.

In the matter of the claim of T. H. Curl for attorney fees in the circuit court in the case of Swick & Gilmore vs T. H. Curl, Stock Inspector of Grant county, the same was rejected and disallowed.

The usual amount of business was transacted.

ALDERMAN SCOGGIN'S OPINION OF DR. DARRIN.

DEAFNESS, BLINDNESS, CATARRH, MOUTH-SPOTS, SKIN-DISEASES, LIVER AND KIDNEY COMPLAINTS AND CANCER CURED BY ELECTRICITY.

Editor Oregonian: For five years prior to calling on Dr. Darrin I have been deaf in one ear from an explosion of a gun over my head. In connection with it I was disagreeably afflicted with nasal and throat catarrh. Under Dr. Darrin's electric treatment I am cured.

W. A. SCOGGIN, 272 Alder St., Portland, Or.

CANCER OF THE NOSE CURED.

Editor Oregonian: Last May I commenced treatment for a serofulous catarrh and cancer of the nose, which had been seriously troubling me for over five years. Dr. Darrin cured me in three months with electricity and medicine. My wife was also cured of malaria and liver complaint and general debility. Refer to me at Sandy, Or., where I am in the real estate business.

HENRY VON HELMS.

ALMOST TOTAL BLINDNESS CURED.

Editor Oregonian: For a long time I had been sorely afflicted with granulated eyelids. The inflammation had become so acute that I could not see. One week's treatment by Dr. Darrin's new mode of electric treatment cured me.

LOUIS HOLLAND, Portland, Or.

MOTH SPOTS AND SKIN DISEASE CURED.

Editor Oregonian: For over twenty years I have been troubled with a skin disease and moth spots on my person; also liver and kidney trouble. Two months' home treatment by Dr. Darrin has cured me perfectly. Refer to me at Salem, Or.

JOSEPH UNDERWOOD.

Drs. Darrin can be consulted free at the Washington building, corner of Washington and Fourth streets, Portland, and Hotel Gandolf, Tacoma. Hours 10 to 12; evenings, 7 to 8; Sundays 10 to 12. All chronic diseases, blood taints, loss of vitality and early indiscretions permanently cured, though no references are ever made in the press concerning such cases, owing to the delicacy of the patients. Examinations free to all, and circulars will be sent to any address. Charges for treatment according to patients ability to pay. The poor treated free of charge from 10 to 11 daily. All private diseases confidentially treated and cures guaranteed. Patients at a distance can be cured by home treatment. Medicines and letters sent without the doctors' name appearing.

FOR CHICKEN CHOLERA. 410 Hudson St., Shelby Gap, W. Va., Nov. 12, 1889. I have used Dr. Jacobs Oil for chicken cholera with great success. Every fowl affected with the disease was cured by it, and I recommend it as a sure cure. It has saved me many dollars. H. A. KUENSE, Breeder of Fine Poultry.

Our new "ad." from the enterprising firm of Coffin & McFarland, Heppner, speaks for itself, and it is worth your while to trade the same. In order to gain new trade they intend presenting a fine large book, which retails at \$4.00 each, to every retail purchaser of dry goods, clothing, boots and shoes, hats etc., to the amount of \$25.00, allowing until Jan. 1st to make out the amount. Give them a trial order, when you send away for goods.

Pacific Brewery Beer.

Notice is hereby given that I have this day established an agency for the sale of the Beer manufactured at the Pacific Brewery, Baker City, Or., within the county of Grant in Canyon City, and that Mr. H. Stansell is the authorized manager of said Depot. All orders from Grant county for this celebrated beer, either in bottles or kegs, will be filled by Mr. Stansell.

HENRY RUST, Proprietor Pacific Brewery, Baker City, Or.

NOTICE.

Decorated day, the 30th of May, will be observed by Gen'l Hancock Post No. 34, G. A. R., in conjunction with the school children of John Day and Canyon City, at the court house in Canyon City, Or., at one o'clock p. m. All are invited. By ORDER OF POST.

Call and See the Harness Maker.

As I intend leaving Grant county about June 1st all those who are indebted to me will please call and settle their accounts before that date. In the meantime, all who desire goods in my line can buy cheap.
