Tom Curl informs us that his father Bart Curl is still suffering from his late paralytic stroke, the entire left side of his body being without feeling or muscular strength.

The Democrat claims for Baker county a \$100,000 debt. Grant county's debt will hardly reach these figures now, but the question might be appropriately asked, whether are we drifting?

The News has not boomed any candidate on either one of the county tickets, but without fear of successful contrivance we are willing to assert that Dr. N. H. Boley will be elected our next county treasurer.

Judge Clifford and the devil—or the light-weight striker for the News, departed for Harney last Saturday, the former to sit on the judicial bench and the latter to take an "outing," visit relatives, and rusticate generally.

The Union Party has purchased a column of our space in which to display its principles, and we are printing 1000 election tickets for the new party. They have not made any nominations for county officers, but will select men from the other two tickets.

We are reliably informed that an altercation occurred at Long Creek recently between two prominent citizens of the town, when M. S. Burke stuck a knife into M. S. Kenney's neck, narrowly missing the jugular. Probably both were at fault, and no arrests were made.

We are about to secure a patent on a new invention of an informal machine which is to be placed in an envelope and sent to those who "refuse" the paper after taking it five years without paying for it. The machine explodes and kills the whole family and the fragments fall in the yard and kill the dog.

When the census man comes around remember he's not the assessor, and the information you give him cannot be used for the purposes of taxation. We are in receipt of information from the supervisor of the census to this effect, and it is hoped that none will be deterred from giving full and accurate statements of their property and its production.

Dr. N. H. Young was tried in Justice Rulison's court last Monday for threatening to kill three men and a woman, residents of Fox valley. He still expressed a desire to engage in the wholesale butcher business "if it wasn't for his wife and child," and the justice very properly fixed his bonds at \$500, which amount is no doubt equivalent to a \$5,000 bond.

Some of the boys were over from the Malheur this week, among them John Robertson and Frank Kingsbury, who report things not as booming in that country as they might be. The past hard winter cast a shadow of gloom over portions of the northwest, but taking everything into consideration this is too good a country to feel the effects of it many years.

An old bald headed Mormon is up in Montana masquerading and making the Cheyenne Indians believe he is a second Christ. If the teachings of this new Christ are more easily observed than the words of He whom the world has accepted as the Saviour how many whites as well as Indians there are who stand ready to switch off and follow the new one. The military authorities apprehend trouble with the Indians, however, and are searching for their new leader.

A man who was hunting near Holland, Mich., the other day, got so mad at the stupidity of his dog that he threw his gun at him. The gun struck the ground with a thump, was discharged and thirty bird shot went into the hunter's leg. Moral: be patient with your dog.

How much longer this perverse and untoward generation will be annoyed by slow mails, slow freight and slow development can only be conjectured, but the signs of the times point significantly to the fact that both the Union Pacific and the Oregon Pacific have an eye on the corner between the Malheur river and Mount Hood.

Haystack valley is farther away from its own county seat owing to the absence of roads than it is from any other part of Oregon, therefore we find this bit of news in the Fossil Journal long before any one here has learned it: John Hunsacker, a citizen of Haystack, was indicted, tried and convicted for horse stealing a year or so ago. The county of Grant, we are informed, sold some of his horses to pay the costs incurred in his conviction. His case was carried to the supreme court, and he to the penitentiary. He obtained a new trial and a special term was called in May to try him. It was a ground hog case with Grant county now to convict him or pay him full value for the horses it had sold. Word now comes from Haystack, however, that the case was longer postponed and that Hunsacker's case was disposed of in another way. On rounding up horses the neighbors found several more head of well known horses that Hunsacker had been fooling with by blotching the old brands and putting his own brand on them. This so enraged the people that a committee of vigilantes sprang up and gave Hunsacker the choice of the two routes—one of which was the rope route. He chose the other, and "got." He will be lynched if he ever returns.

To the Public.

I desire to express my heartfelt gratitude to the people of this community, and especially to the ladies, for their kindness to me on the occasion of my late and bereavement.

## SINGULAR, BUT FATAL.

Samuel Sired Falls Between the Cars of a Moving Train and Perishes.

SAD AND SHOCKING NEWS TO ALL.

Last Saturday forenoon at Arlington Mr. Samuel Sired a resident of this place met with a mishap which resulted in his instantaneous death. Mr. Sired was on his way to Portland to attend the session of the grand lodge of I. O. O. F. and had just arrived by the train from Heppner, and was in the act of boarding the overland train when he slipped and fell between two cars and only his lifeless body was picked up by his friends.

The particulars attending this sad catastrophe as we have been able to learn, are that previous to the departure of the train Mr. Sired was standing on the depot platform conversing with Phil Meischen who was at Arlington, and when the train was about to start he had to go a few steps after his valise, and by that time the cars were in motion. He stepped upon the rear step of the car ahead of him, and the hand in which he held his valise must have slipped from the railing, for he lost his balance. In attempting to save himself he apparently tried to swing around in order to reach the step of the next car, but missed it, and was precipitated between the rails, the trucks doubling him over, but it was supposed that the fall broke his neck. The train was stopped almost immediately, but not until one or two sets of trucks had passed over his legs which lay across the rail.

When those who witnessed the fatal fall but were powerless to render aid, reached the lifeless remains the body was properly cared for, and an inquisition held by the coroner of Gilliam county, after which the body was placed in a fine casket and put aboard the Heppner train which through the courtesy of conductor Carrington had been held almost two hours for the completion of details attendant on those who had a sad duty to perform, and accompanied by Mr. Henry Blackwell and a gentleman named Putnam. Arriving at Heppner Saturday evening they immediately procured a team and started for this place, arriving here between eleven and twelve o'clock Sunday night.

The funeral took place from Odd Fellows hall at 4 p. m. Monday, conducted by members of the order, and was attended by friends from all parts of the valley who assembled to pay their last respects to one who from his long residence among them they knew to be the same noble, generous and charitable soul every day in the year.

Mr. Sired leaves to mourn a wife and three little girls, and had the community lost any other member in a similar manner we could not have felt his loss more deeply.

Time for the perigrinating peddler to make his annual visit.

Go to the Red Front Billiard Hall, Canyon City, for fine wines, liquors and cigars.

Our new "ad." from the enterprising firm of Coffin & McFarland, Heppner, speaks for itself, and it is worth your while to read the same. In order to gain new trade they intend presenting a fine large book, which retails at \$4.00 each, to every retail purchaser of dry goods, clothing, boots and shoes, hats etc., to the amount of \$25.00, allowing until Jan. 1st to make out the amount. Give them a trial order, when you send away for goods.

PEOPLE OF GRANT CO.—I want you to understand that I have come to your county seat and opened a shop with intention to stay here permanently. Having learned my trade in Germany I am prepared to put your watches and clocks in the best condition possible. If you want to keep an expert and fully trustworthy mechanic here right along at your command come and patronize him and do not squander your money at other places for snide work. I mean just what I have said. Respectfully,  
ALBERT HINCH.

UNION PARTY TICKET:

Congress, J. A. BRUCE, of Benton. Governor—Sec. of State N. PIERCE, of Umatilla. Treas. E. F. WALKER, of Jackson. Supreme Judge—School Supt. T. C. JORY, of Marion. St. Prin. J. A. POWER, of Multnomah.

PREAMBLE.

WHEREAS, The three great objects of government are to secure to the citizens the rights of life, liberty and property, and

WHEREAS, These rights are impaired and imperilled by the evils of class legislation, the Union Party of Oregon, representing the united opposition to these united evils, adopt the following

PLATFORM.

Resolved, 1st.—That the Government establish a national monetary system by which a circulating medium in necessary quantity shall issue direct to the people; that all moneys issued, whether gold, silver or paper, shall be full legal tender in payment of all debts both public and private.

2nd.—We demand that all chartered corporations created by law for the transportation of passengers, products and intelligence, be regulated or owned by the nation or state so as to prevent unjust exactions and discriminations against persons or places or products.

3rd.—That as the present tariff system robs the poor man for the benefit of the manufacturer and the rich, and that it is one of the great causes of present monopolies; therefore the present system should be abolished or so revised as to equalize its burdens.

4th.—That the Government should establish a government land system that will restore to the public domain all unearned land grants, to be reserved for actual settlers; that will limit the acquirement of public land to 170 acres to each person entitled to its possession; that corporations of whatever name or nature, shall have no more land than is necessary for them to efficiently conduct their business, and that no alien shall be allowed to acquire any land in the United States.

5th.—That the saloon system is both a cause and an effect of poverty, and is the chief instrument by which monopolies corrupt our politics and perpetuate themselves, and that we stand committed to abolition of the liquor traffic as a moral and economic evil and a barrier to all social and political reform.

6th.—That the Government should require of foreigners a definite test of knowledge of our institutions as a condition of citizenship, and should, as far as practicable, provide that citizenship, character and intelligence, and these only, shall be the qualifications of a voter.

7th.—That we demand the adoption of the Australian ballot system as advocated by the ballot reform league of Oregon.

8th.—That we declare the modern trusts and other combinations for maintaining artificial prices to be conspiracies against the common welfare, and that they should be punished accordingly.

9th.—That the Government should provide for such arbitration as will prevent strikes and other injurious methods of settling labor disputes; protect employees from bodily injury; provide that equal pay be received for equal work for both sexes, and that labor, agricultural and co-operative associations should be fostered and encouraged by law; and the wages of the laborer be secured as far as possible by giving him the first lien on the values he creates.

10th.—That a graduated income tax is the most equitable system of taxation, placing the burden of government on those who can best afford to pay, instead of laying it on the farmers and producers and exempting millionaires, bondholders and corporations.

11th.—That we denounce the non-taxable bond as a criminal device by which, with or without the guilty connivance of assessors, the wealth of the unscrupulous escapes taxation. We therefore demand that the further issue of non-taxable bonds, whether state or municipal, be prohibited by law; and that the assessment laws of the state be so modified as to forbid deductions for such indebtedness as is not taxable within the state, and that all property be assessed in proportion to its rental values.

12th.—That we favor an amendment to the constitution providing for the election of federal senators by direct vote of the people.

13th.—That the mortgage tax law should be so amended that the mortgage must bear the collector's stamp before it can be cancelled.

14th.—That we are in favor of declaring eight hours a legal day's labor in factories, mines and workshops, and on public works.

There is about 10 miles fencing on the place, some rail and some post, board and wire; one sheep-shed 150 feet long, which will hold 2000 sheep, and one of the best dipping arrangements in this county, also corrals, cabins and range privileges for summer and winter. There is plenty of running water in the pasture the year round also a ditch for irrigating which affords plenty of water in the fore part of the season. We have raised fall rye 8 feet high measured, and our wheat took the diploma at New Orleans Exposition, both were grown without irrigation at all. There are now about 150 acres sown to rye, wheat, and barley, growing fine. The county seat with its excellent public school is within one mile of the dwelling, and John Day town and flouring mills not more than two miles distant. The price of wheat ranges from \$1 to \$1.25 per bushel, and hay from \$10 to \$16 per ton; barley 1 1/2 to 2 cts. per lb. in this market the year round; at present all these things are a good deal higher. The place will be sold at a bargain. There is also a splendid horse and cattle range for 20 miles back of place. Cause for selling, death of a brother and partner.
