THE CRY OF MILLIONS!

OH, MY BACK!

STOP IT NOW.

SOON IT WILL BE TOO LATE

I have been troubled many years with disease of the Kidneys and have tried many different remedies and have sought aid from different physicians without relief. About the 25th of April I was suffering from a very violent attack that almost prostrated me in such a manner that I was bed-over. When I sat down it was almost impossible for me to get up alone, or to put on my clothes, when kind Providence sent Dr. Healey, with the OREGON KIDNEY TEA, to my hotel. I immediately commenced using the tea. It had an almost miraculous effect, and to the astonishment of all the guests at the hotel, in a few days I am happy to state that I was a new man. I will recommend the tea to all afflicted as I have been.

A countryman at Rouden asked the price of a railway ticket to the next station, and being told 50 cents, replied to the clerk:

"I'll give you 25."

The offer being refused, he sat out to walk. He had not gone far when an engine whistled behind him. Turning about, he shook his fist at the engine, exclaiming:

"You needn't whistle for me; I made you an offer once!" and then jogged on.

When the phonograph was a newer invention than it is at the present time, Edison put one of the machines in a clock and placed it in a guest chamber. Being a great lover of a practical joke he also placed a friend in the guest chamber one night. Just as his friend was disrobing he heard a voice exclaim: "Eleven o'clock; one hour more." It is needless to say that slumber did not descend upon the eyelids of the friend during that hour. By midnight the voice exclaimed: "Twelve o'clock; prepare to die!" This was too much for the visitor, and he sprang from his bed and rushed to the library, where Edison and his friends were waiting patiently expecting his appearance. The invention was soon explained and quiet restored.
