

THE GRANT COUNTY NEWS,

February 19, 1891.

No tax is levied in Pennsylvania on real estate for state purposes.

Senator Dubois of Idaho says that the influence of the Mormons, far from diminishing, is steadily increasing.

The late Portuguese revolution must have been modelled upon the same plan as those which periodically occur in Central America. It lasted just one day.

It would seem that the money question is causing as much trouble in certain state legislatures as in Congress. You remember the adage "Money is the root of all evil?"

The question of making a survey for a railroad from The Dalles to the Fossil coal mines is being agitated at both places. The Fossil coal is said to be of excellent quality and there is plenty of it.

Prohibition is in a fair way to prohibit in North Dakota. The supreme court has decided that the original package law would not protect saloon men in selling liquor and all saloons have been closed.

Washington physicians have declared the White House to be a very unhealthy residence, but there is no diminution in the number of gentlemen willing to risk their precious health by a four years residence therein.

Once more Congress is asked to charter a company which proposes to lay a trans Pacific cable. A similar company was chartered by Congress in 1876, but not having begun work within three years, its franchise expired by limitation.

No time is more uselessly wasted than that taken up discussing "might have been's." We all might have been born millionaires, but as only a few of us were the rest will have to keep right along hustling, or down we go deeper than McGinty.

Senator Sherman said in a recent newspaper interview that the desire for free coinage of silver was only a temporary craze with the farmers, who imagined that it would benefit them. He also said that Mr. Harrison would certainly veto the free coinage bill if it ever reached him, which he did not think it would. Time will show how much of a prophet Mr. Sherman is.

Daily Democrat: The belief is growing stronger day by day that the Greenhorn mines will create a great excitement in the spring and that a general stampede of miners and prospectors will occur. News comes from Portland that great interest has been awakened concerning the mines brought about by numerous rich assays from mines in which Portland parties are interested. The Democrat has all along advocated the claims of Greenhorn and long ago predicted that the mining world would some day turn its attention to the wonderful silver and gold deposits of this section.

Evening Telegram: Every stranger to this section is amazed at the appearance of the majestic Columbia, for few are aware of the size of this great highway of nature until they see it for themselves. To keep this grand avenue and its tributaries—the principal of which are the Willamette and Snake rivers—continually open is a duty incumbent upon the entire people of the great Northwest. Eastern Oregon, Eastern Washington and Idaho are vitally interested in this question, and it behooves Portland to do all in her power to aid them in their efforts to secure an open river to the sea. Too much inertia has been our failing. Absorbed so much in local matters, many have failed to properly consider this important movement. To help in every way to open these natural arteries of commerce, The Telegram pledges its earnest and continual support.

AFFLICTED FIFTY YEARS.

And the Method Mr. Chamberlain Adopted to Get Relief—Mr. W. S. Cone's Experience With Dr. Darrin.

For the Oregonian: We often fail to secure to ourselves the results of the operations of a system, by requiring too much of it listening to others or allowing ourselves to find fault with those who operate or represent the same. I had consulted for many years physicians successful in treating "acute diseases," but found no relief for kidney and liver trouble and neuralgia of the stomach of over forty years' standing until I came under Dr. Darrin's "Electric treatment." But, thanks to Divine Grace, by its use these troubles are a thing of the past. If others care for particulars affecting my illness I will answer their questions in behalf of the afflicted.

E. B. CHAMBERLAIN, Woods, Tillamook county, Or.

Another Wonderful Cure.

BAY CITY, Or., Jan. 13, 1891. Editor Oregonian: For nine months prior to calling on Dr. Darrin, I had been afflicted with a burning pain back of my neck and spine, which finally settled in my kidneys. My liver and stomach became deranged and rheumatism commenced to develop. In that deplorable condition I came to Dr. Darrin. With two months' home treatment, I rejoice to say I am cured of my stomach, liver and kidney troubles.

W. S. CONE, Dr. Darrin's Place of Business.

Dr. Darrin make a specialty of diseases of the Eye; Ear, Nose and Throat, and all nervous, chronic and private diseases, such as Loss of Manhood, blood taints, syphilis, gleet, gonorrhoea, stricture, spermatorrhoea, seminal weakness or loss of desire of sexual power in man or woman. All peculiar female troubles, irregular menstruation, displacement, etc., are confidentially and successfully treated, and will under no circumstances take a case that they cannot cure or benefit. Consultation free. Charges reasonable. Cures of private diseases guaranteed and never published in the papers. Circulars and question blanks sent free. Offices, 703 Washington street, Portland, Or.
