HAPPENINGS OF INTEREST.

A VETERAN hunter of Danforth, Me., attempting to kill a huge bear with a knife, was carried three miles on the animal's back before the wild beast "let him down from the tree."

A box containing a big snake, commissioned to King & Franklin's circus, fell and broke open in the Southern express office at Birmingham, Ala. The ring is a valuable one, probably worth from one hundred to one hundred and twenty-five dollars.

SAGE OBSERVATIONS.

Don't call a spade a spade when it is a shovel. FASHION and decency should be always on good terms.

No man is accountable for the mistakes of his friends. A MAN is frequently known by the company he keeps out of. Don't lose sight of an honorable enemy; he'll make a good friend.

No man ever yet minded his own business who didn't get into trouble. However great some men's abilities are, their habits are always greater. Honesty is the best policy, because it is the only policy which insures against loss of character.

The soaring hawk has no ear for music, and rates the cry of the partridge above the song of the nightingale. The man who believes in ghosts may be a better citizen than the one who does not believe in his fellow-creatures.

WHAT IS SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings, which cause painful running sores on the arms, legs, or feet, which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness, which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors," which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can It Be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla. "My daughter Mary was afflicted with scrofula, and she became six years of age. Lumps were formed in her neck, and one of these after growing to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lump and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." N. B. CARLIER, Naught, N. J. J. B.
