THE GRANT COUNTY NEWS.

Noxember 5, 1891.

The United States government has, through Minister Egan, demanded reparation from the government of Chili for the attack recently made in Valpairaiso upon a number of seamen of the United States cruiser Baltimore. Three of the American seamen were murdered, and it is thought now that the junta will soon make the reparation demanded. In case they refuse to comply with the demand they are very likely to experience some trouble by reason of their hot headed attacks upon American

Maj. Gen. Schofield in his annual report to the secretary of war, just submitted, devotes much space to the lessons taught by the Sionx Indian outbreak last winter, and recommends the addition of a few thousand men to the army, so that a sufficient body of troops may at all times be kept in the vicinity of the great Indian reservations, thus removing all danger of uprising and saving a repetition of the enormous transportation expense to which the government was put which the government was put gedian's Hambit. last winter in the removal of troops disorder. He says that satisfactory progress has been made in the construction of the gun factory at Watervleit, N. Y., and in the manufacture of type guns of the highest qualities. He says that the policy of enlisting Indians in the army has been satisfactory as far as it has gone; but that was probably written before the latest reports were received from the officers engaged in recruiting Indians. These reports say that the Indians refuse to enlist in the infantry branch of the service.

Baker county's indebtedness to the state of Oregon is about \$12, 000. This indebtedness has accumulated since 1872. During all these nineteen years not a single meritorious effort has been made by any representative in the legislature from his county to have this constantly accumulating indebted ness taken off the shoulders of the people, says the Huntington Herald. An effort in the right di rection would no do the have long Incient Order United Workmen since relieved Baker county of a debt she can ill afford to pay. The state officials are now demanding in loud tones that Baker county 'settle up' or suit will be instituted through the state courts to collect the amount due her. How would it strike the average Baker county taxpayer to be compelled to pay a special tax toward settling off this long accumulating indebtedness! At the Court House Canyon City, Thursday Evening, Nov. 26, 1891, And this is just what is liable to be the case, all for the lack of having a representative with capacity sufficient to work a relief bill through the legislature. But would it not be the proper thing and a beneficial lesson to the taxpayers of this county to be forced to go down in their 'jeans' and put up the cash !
