A Lesson in Health.

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. Sold by City Drug Store, John Day, W. C. Thompson, Canyon City.

Cophers, Sage Rats and Prairie Dogs annually devastate our fields of growing grain. Their number may be greatly diminished by a systematic warfare upon them. Every female killed before the young are born, reduces the number of pests at least ten fold.

"Woodlark" Squirrel Poison is the most reliable and destructive agent yet devised for their extermination. It is absolutely certain in its action and every kernel is warranted to kill. Climatic changes or moisture of the earth do not destroy its strength. It requires no mixing or preparation, and is always ready for use. No other is so good. Dealers will refund the purchase price, if not as claimed. HOVEY CHEMICAL CO., Portland, Oregon.

A GOOD FIGURE.

Healthful Ways to Achieve the Fashionable Wasp Waist.

Just at present the wasp waist is fashionable, but for health as well as beauty ignore the extremes of fashion and follow such simple rules as will tend to the making and keeping of a good figure.

It is perhaps scarcely necessary to remind readers that carriage is of first importance. Round shoulders and a stooping back are more often due to carelessness than to constitution and are easily cured by constant care in keeping the chest up and the shoulders and the hips back.

It is the ambition of most girls to be tall and slender, and, though we cannot add to our inches, yet gymnastics may do much to stretch the limbs to their fullest extent, keep the knees straight and the spine erect and in this way give the figure the benefit of its full amount of inches.

Betas or stays or whatever supports are used for the improvement of the figure should afford no hindrance to the free flow of the blood through the veins, but allow perfect freedom of respiration. There is no reason that corsets should necessarily be "unhealthy" garments. On the contrary, they may perform a good work in relieving the waist of the pressure of the skirt band, etc., and a well cut corset judiciously worn may also act as a check to an inclination on the lower part of the figure to spread. Any good corsetiere makes a specialty of stays for stout figures.

It is a mistake to resort to the foolish "cure" of tight lacing as a remedy for embonpoint. It simply presses the superfluous flesh from one place to another without getting rid of it.

A lack of grace is often due to a cramped condition of the waist more than to anything else, but this is readily to be remedied when corsets are drawn to sixteen and nineteen laces.

Women who have come to loathe a thin neck and chest have faith in vocal and chest gymnastics and in massage, coupled with the use of a good, nourishing skin food. The treatment should be persevered with daily. In the same way, thin arms may be improved and rounded by massage, ointment and gymnastics.

The thin woman finds salvation in pouched blouses and open coats with full veils, and so forth, which conceal deficiencies and apparently yield roundness to a "fat figure." It is in evening dress that the sufferer must find her freedom, but she is helped much by today's fashions, which admit of the arms being covered with sleeves of puffed chiffon even when a décolleté bodice is worn, and a boy neck may be partly smothered with strings of pearls and other ornaments or with pendants of lace proceeding from a collar band of the same pulled to a berth of lace.

NEEDLEWORK NOTES.

In ripping long seams of machine stitching the work can be quickly and easily done if you will simply put the garment under the pressure foot and hold the needle to hold it firmly, then hold it in the left hand a short distance and with a sharp knife inserted in the seam rip it.

To make a cushion slip durable, especially when it is to be filled with fir, balsam or life everlasting, wax the cloth and iron it over the inside of the slip. This prevents the little ends of branches from coming through to tear the silk or fine lingerie covers. Use heavy white or unbleached muslin for the slips.

Neat and inexpensive are the dresser scarfs made of satin faced plait. Select a flowered pattern and outline some of the white flowers on the border edges by using a dainty colored floss or make a neat Dresden border, stitched on both sides. The washstand cover and slipper may be similarly constructed.

Before mending stockings with ordinary darning yarn it is a good plan to hold the card or shorn over the spot of a kettle of boiling water. By this means the steam effectively shrinks the wool, and when the mended stocking is near to the wash as fast need be concerned of the mended portion shrinking away from or during the surrounding part.

American Women Stars?

Dear, dear! A correspondent in a foreign paper, moved by fresh reports from here of the virginal beauties and expressions of English women, points out that their persons, eyes, hair, eyebrows, lifting, by clinging to themselves is all a thing of the past in Europe. They are said to be copying the expression of Englishwomen, who are often wont to stare with petrifying stiffness and blood freezing disdain at strangers, making their victims feel that their gaze can't be an attractant or that something must be wrong elsewhere. "In France," this woman remarks, "the glaring eye is nowhere visible save among English and American visitors." To fashionable Americans to govern seems to be significant of that purposed state which only money creates and occasional gleams of intense indifference the very height of the aristocratic manner.

Kid Gloves Last Long.

Just as soon as long kid gloves begin to show an edge of white along any of the seams turn them wrong side out and paste a little piece of court plaster over the weak place, which strengthens them so that they seldom tear. By this re-enforcing them and by always carefully pulling them off in shape each time after taking them off they will last much longer than with ordinary care.

For Her Healers.

"Don't you think my daughter sang with great feeling at the musicale last night?" "Yes, I noticed that she sang only two of the four verses of the song." Chicago Record-Herald. A wise man will desire no more than he can get justly, use soberly, distribute cheerfully and leave contentedly. Bacon.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only cure now known to the medical fraternity, Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative properties that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. T. CATARRH & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.
