#### WANT TIPS

#### Spokanites Seeking Information on Telephones.

The entire City Council of Spokane, vash, arrived in the city this morning nd are registered at the Portland. The arty comprises the following L. Frink, Baldwin, W. S. Dawson, Frank Johnon, Charles Unden, Joe Phillips, J. T. E. M. Wright, Mr. Pratt, Fred Dudy ey and Charles Hepkins.

The object of the visit of these gentleen to Portland is to acquire information elative to the telephone business. It appears that a new telephone company prising local citizens is forming in kane, which seeks the privilege of cting a business there. Inasmuch as the field is already occupied by one pany, the Council desires to ascerwhat has been the experience of Portland people with two companies.

It is particularly desired to learn whether two companies can profitably be ducted in a city at the same timethat is, to the subscribers. In other words whether it does not entall a ole expense, and if so, whether such expense is warranted or not by giving a better service.

#### FILLING IN TRESTLES.

General Manager Koehler and Superinent Fields, of the Oregon lines of the othern Pacific, have returned from their tour of inspection somewhat sooner than was expected. They confined their ion at this time to that portion of the road lying between Dunsmulr and

The company is engaged in making instant improvements along its lines. At resent it is filling in the trestles south of the Siskiyou mountains with earth so as to give a solid roadbed. Although what expensive this has been found to be the most economical plan in the end. Trestles have to be constantly kept in repair and there is always danger of An embankment of earth obviates all this difficulty.

Filling has just been completed on two stles south of the Sisklyon range. There are gange of men at work now in he Black Creek district, near Sisson. The filling operations will go on until fall, by which time the company hopes to have all trestles converted into solid roadbed.

#### THE HEALTH ORDINANCE.

The ordinance to check the spread of agious diseases, which was introuced at the council meeting of March 12, made o law at the regular meeting of that body yesterday afternoon. The perous to public health: small pox, chicken pox, bubonic plague, leprosy, heria, membraneous croup, cholera. arlet fever, measles, whooping cough las and typhoid fever. The measure is stringent as to vaccination and the porting of communicative diseases and ovides a penalty of fine and imprisonment for its violation.

The sum of \$3500 was appropriated to purchase a steam roller. An ordinance providing for the follow-

ng streets was passed: Fourth street, from Burnside to Jeffer-

Union avenue, from East Oak to East King, from Main to the south end of

Twelfth, from Stark to Everett. Rodney avenue, from Williams-Avenue dition to Tremont street.

The City Engineer was instructed to prepare plans for the following streets: rman street, from Front to 300 feet west of Sixth Front street, from Madison to Colum-

Kelly street from Grover to Seymour

Resolutions giving notice of intention to improve streets as follows were adopt-

Stephens street, from East Third to East Twelfth.

East Thirty-first, from Belmont to East

East Fifteenth, from Clinton to Ells Russell street, from Union avenue to

east line of Albina. East Lincoln, from East Seventh to East Eighth.

A set of resolutions from the Portland ird of Trade were read and referred to the committee on streets. These resons called attention to the neglect of the street railway systems allowing their beds to remain permanently out of pair and become germ breeding and a nce to public health.

No action was taken on the waste-paper A number of petitions for street im-

piovements were read and referred to the The committee on parks and public was instructed to report what

roperty was instructed to report what tion had been taken to convert the old osition building into a public market.

#### NO REFLECTION INTENDED

A wrong impression was created by an item in The Journal Tuesday, in a refernce to P. L. Willis, the well-known atney. It was inadvertently stated in news columns that a delegate to the evention had been improperly apched by Mr. Willis. The basis for ne item was erroneous, and no one who as a reflection upon him.

San Francisco. Monsignore Blanchet, vicar-general of the Roman Catholic arch diocese of Orc gon, has returned from a trip through California and Mexico. He is greatly improved in health.

Max Shillock will leave tonight for Hot Lake, Union county, to stay a few days, on account of his health. County School Superintendent Robinson

will start out next week to make his regular spring visit to the schools.

#### POLITICAL NOTES.

Marion county Democrats will field their primaries March 29. While they will nomnate a full ticket, they will concentrate their efforts on the fight for governor and the election of a sheriff. The present sheriff is a Democrat. They also hope to elect part of the delegation to the !egislature. Judge T. L. Davidson is a candidate for State treasurer, and Marion county Democrats promise to poll the vote of the county for Chamber-lain for governor if Mulinomah will in return support Judge Davidson.

The Prohibitionists have nominated a full ticket in Coos county. The Socialist Congressional convention

for the First district will be held at Oregon City tomorrow. The Clatsop Democratic county conven-

tion will be held at Astoria Saturday The Wasco county Democratic primaries will be held Saturday and the county convention will be held at The Dalles March 29.

Complete returns from the Wheeler county primaries show that out of 41 delegates to the county convention 22 are for Moody and 18 for Williamson, for Congress.

President Cleveland, at 65, retains his mental faculties to a remarkable degree. As an illustration: Referring to Henry Watterson's criticism of the Republican party, Mr. Cleveland said: "Well, the party may get badly mixed up with itself at times, but it seems to have the faculty of pulling together at convenient seasons.' In Clackamas County the Citizens' organization will hold primaries April 5. and a county convention April & The Democratic primaries will be held Apri 3 and the county convention April 7. In Baker County, the Republicans will hold primaries March 22 and the county convention March 26.

A. H. Tanner and George H. Durbam, are mentioned as candidates for County

## OLDEST AMERICA

AND LEVEL FOR

The oldest and most revered plane in America is the Chickering of Boston. This famous instrument had won its wonderful popularity before any of its later fellows and become known to the public. This great prestige of the Chickering is not merely a matter of seniority, but one of excellence. The undoubted superiority of the Chickering piano over all others is the real reason back of the Chickering success. If you once hear a Chickering plane played upon you will recognize its peculiarly beautiful tone ever after. It is the only plane tone that cannot be imi-tated, although such has been attempted

hy every later maker.

If you would have the finest plane the world produces, you must buy a Chickering; it has no equal, and the slight additional cost over ordinary good planes is but triffing.

We are always glad to have visitors inspect our splendld Chickering stock. We planes of this make in all the differ-

Prices for the representative showing of advanced styles range from \$5.00 up.

#### RIVER AND OCEAN.

William Shotten, master of the British steamer Oceano, a position which he has held for a number of years with great credit to himself and employers, has re-signed and accepted a similar capacity with one of the large steamships sailing from New York. His successor on the Oceano is John McIntyre, a seaman of recognized ability. The change is to take

place immediately.

The South Portland is leading a cargo of lumber at Pennoyer's mill, and will leave tomorow for San Pedro. She just arrived recently and consequently has made unusual dispatch in preparing to de-The British ship Dovenby Hall is report-

ed at Astoria. She comes from Antwerp with a general cargo consigned to Meyer, Wilson & Co. The British bark Earl Cudogan is loaded up with grain and will get away totomorrow for East London, South Africa. The Oceano will also leave tomorrow with

a full cargo for the Orient.

The German ship Carl is reported to have left up at 9 o'clock this morning from Japan. She made an unusually quick passage, covering the fong distance in 21 days. The Carl will take a cargo of flour from here to a German settlement Work is progressing rapidly in the Johnston shippards on the large schooner for the Nehalem company, at will probably

be completed in June and will do service between Nehalem and San Francisco. Things are lively at Supple's boat vards. where workmen are finishing up nig ocean going barges, putting in piping and fancy work on Inman's pretty launch and making repairs to the steam launch Natad which is out on the ways. At the south end of the yard several workmen are putting together a lot of pontoons for the Port of Portland. In one of the sheds an expert is laying the lines which determine the form of a light-draft stern wheel steamer. The keel for this boat will be aid today on sets of blocking already laid in the vacant block on the east side of East Water street, opposite the boat-yard. This boat will be put together here, and then taken apart and shipped "knocked down" to Alaska. It is for the Northern Commercial Company which has offiees in San Francisco and St. Michaelb. The boat will be very light draft, after

the style of several others which Mr. Sup-ple has built for Alaska service. The British bark Earl Cadogun, with a cargo of flour for Cape Town, shifted into the stream yesterday and will start in a day or two for South Africa. Owing to conditions at the bar and the storms now prevailing in that vicinity

there are a great many vessels of various

kinds lying at Astoria. On this account

but very few ships are now going out, but it is not thought that they will be delayed any great length of time. The British steamer Adato arrived in port yesterday from Manile, via San Francisco, where she discharged the greater part of her cargo, the balance consisting of hemp being unloaded here. She will load forage from the Alaska

#### dock for the Philippines. BIRTHS.
