HARD LUCK.

Thrice Jilted in a Year, But He Still Lives.

He came into "Pap's" coffee house and edged up to the counter. Greetings were exchanged, and then, with a melodramatic air, the young man said to "Pap": "Well, it's all off between me and the girl; her folk are nice, old people. She's pretty, but she's going to marry the other fellow. I shook hands with him and gave him my congratulations. He's too good for her. I mustn't say anything against him anyway, because he's a fellow lodge member."

"Pap's" heart is as big as his herculean frame and he was properly sympathetic. Then the young man with the soft voice and the subdued air tried to "smoke up" and be cheerful. "You see, he said, it's really too bad. That makes three inside of a year," and the sad sigh that escaped him was drowned in a gurgle in his throat as the gulp of hot coffee slid downward.

DELEGATES CAUCUS.

The Multnomah delegation met last night in caucus and decided to cast its 67 votes for State Senator J. N. Williamson for Congress. All but six delegates were present and these were represented by proxy.

HIGHEST HOP PRICE.

(Journal Special Service.) SALEM, April 1.—The highest mark touched so far in a contract for this year's crop of hops was reached in this city when an agreement between James B. Hunt of Gervais and Lillenthal Bros. was filed, whereby the latter agree to pay 215 cents for Hunt's crop of hops for this year. The quantity is 12,600 pounds.

Another contract was filed between W. F. Buckner of Jefferson and the E. Watterberg Company of New York for 8,000 pounds at 12 cents.

MUNICIPAL STATISTICS.

A few days ago Secretary Moore of the Board of Trade wrote the mayors of fifteen cities having a population of 10,000 or thereabout, for information regarding the rates paid by them for street car, telephone, water and lighting services.

The secretary of the Seattle Chamber of Commerce has responded, giving the desired information. Regarding telephone rates, he says: "The rates charged for telephone service are \$4 per month for business telephones, unlimited; \$1 per month for residences on single lines; \$2.50 for two party lines, and \$1 for ten party lines. There is also a rate of \$3 for business telephones on the limited plan, which includes 100 connections, and additional calls are charged for at the rate of 2 cents each. The limited telephones are operated by a nickel in the coin arrangement. For private exchanges, the charge is \$15 for six telephones, and \$1 additional for each one extra."

The street car fare is 5 cents cash, or twenty-five tickets for \$1. Universal transfers are allowed at all intersections, and No. 1 transfers are allowed on tickets excepting for school tickets. Tickets for children attending school are sold at the rate of forty for \$1, with the privilege of transferring at all intersections.

The electric lighting rates are as follows: City lights, 30 c. p. incandescent every night, \$1.25 per month. Are lighting mostly on meter.

He also encloses a statement showing the present rate for street cars. No discount is allowed for prompt payment. Thus, it is seen that the rates quoted above are 10 to 25 per cent lower than they are in Portland at the present time.

OREGON CITY.

(Journal Special Service.) OREGON CITY, April 1.—Several of the Clackamas County delegates to the Republican state convention positively assert that there is no truth in the statement printed in a Salem paper yesterday, that they would trade for support to Porter for State Printer with either Geer or Furnish. While the delegation is said for Senator Porter from first to last, it declines to be bartered away. It is believed that a part of the delegation will independently support Geer, although they were spoken on an anti-Geer ticket. At the county convention two of the strongest Geer delegates, ex-county judges Gordon E. Hayes and Representative J. L. Kruse were defeated only by six and nine votes respectively.

M. Mulvey, a pioneer resident, is very low with cancer of the stomach, but it is believed that he will not die but a few hours.

The delegates to the Third District Congressional convention left for Roseburg on the overland train last night. State Senator George C. Brownell was to have accompanied them. County Judge Ryan having agreed to furnish him with a proxy.

TODAY'S WEATHER.

A disturbance of decided character has made its appearance off the mouth of the Columbia river. It will slowly move inland during the next 24 hours and cause showery conditions to prevail in this district, with mild temperature.

It is decidedly warmer in Southern Nevada, Utah, Colorado and New Mexico, and slightly warmer in Eastern Washington and Idaho. In the Middle West it is unseasonably cool, with freezing temperatures in Kansas, Nebraska, Missouri, Illinois, Iowa, Minnesota and the Dakotas. The bar is smooth with a light wind. The weather cloudy.

OREGON MONUMENT FUND

The fund for the erection of a monument to the memory of the Oregon volunteers who are buried in Riverview Cemetery is steadily increasing. About \$400 was received during the month of March, making the total sum to date \$22,774. There remain about 225 volunteers yet to be paid, and it is thought that their contributions will increase the fund to \$25,000 or \$30,000. General Summers, the custodian of the fund, will call a meeting of the General Committee soon to secure designs and take other steps toward the erection of the monument.
