President Corbett then reported that he appointed seven more persons on the executive committee, the committee now consisting of all the directors. Director Harvey W. Director Scott reported that he had procured a design of a seal from Mr. Bushnell, and it was adopted as the offi-

They also said that a special paid canvasser should be employed by the association and that printed letters be sent to the various fraternal organizations requesting them to buy shares. It was suggested that the ways and means committee should hire as many paid canvassers as are necessary.
