SALEM, April 10 .- The semi-annual sessions of the Willamette Valley Presbytery were held in Salem yesterday and last evening. Twenty-two members were present from Marion, Linn, Lane, Benton, Lincoln, Polk and Yamhill Counties, and the gathering was one of the most harmonious and effective ever held in the district. Rev. H. L. Reid of Albany was elected moderator to succeed Rev. D. M. Davenport of Lebanon, and Rev. Elder Templeton of Brownsville was elected to the office of reporting clerk. The delegates selected to attend the general as-sembly, which meets in New York May 17, were Rev. T. Broullette of Newberg and J. P. Galbraith of Albany, while Rev. D. M. Davenport of Lebanon and Elder William Riddle of Independence were se-

lected as alternates. It was decided to hold the fall meeting of the assembly at Eugene. The Woman's Presbyterian Missionary

Society also convened here yesterday, and that body, as well as the ministerial one, was treated to an excellent lecture by Dr. Maud Allen, a returned Indian misslonary.

The report of the treatsurer, Mrs. M. M. Davis of Corvallis, showed that the missionary societies of the seven counties represented had spent in the past year the sum of \$498.83 in the home and for-

eign fields. The closing session was held in the

BOOM THE VALLEY

(Journal Special Service.)

SALEM, April 10 .- With the object of putting the resources of the Willamette valley as a whole and of Salem in particular before the Eastern public, the Greater Salem Commercial Club has arranged for the publication of 5000 attractive pamphlets setting forth the fertility, the attractive climate, and the opportunities of the district, which they will mail to intending immigrants in the East. The pamphlet will consist of 16 pages of reading matter and 12 pages of half-tones, and will be of such size that it may be easily carried in the pocket. It is thought that this device will aid materially in the prosperity of the city and district and will attract a large number of the class of population desired. The club is also moving in the matter

of celebrating the Fourth of July in this city on a large scale, and a meeting will be held on next Wednesday evening to make the necessary arrangements.

Rise in River. The moderate heavy rains of the last

48 hours have caused a slight rise in the Willamette River and tributary streams. A gauge reading of 8.6 feet was recorded here yesterday, which is a rise of 1.3 feet in the last 24 hours. The River will continue to slowly rise for the next two or

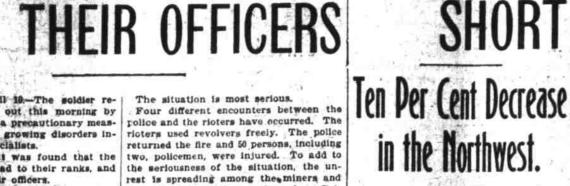

three days, probably reaching a maxi-First Presbyterian Church last evening. mum stage of about 11 feet by Friday.

According to the Portland Flouring aulis Company, the movement of wheat at the present time does not amount to much. It is estimated that this year's crop of spring wheat will show a shortage of about 10 per cent throughout the Northwestern states. The low price of grain has had a tendency to decrease the amount of spring wheat sown. The crop last year amounted to about 50,000,000 bushels in the Northwest, and with the influx of immigration the amount ought to be at least one-sixth more. The crop in the Willamette valley will show about

the same as last year. Sinclair & Co. report the meat market very quiet in the East, although the receipts are normal. The receipts in the local market still continue very light, the very unfavorable weather probably being the direct cause.

Business continues very good in groceries. Sugar is the same in quotations. Nearly all the dealers have a very large supply of sugar and buying for speculation has about stopped.

The steamer George W. Elder will arrive from San Francisco this evening and tomorrow the market will have a sufficient supply of fresh greens. Peas have dropped down to 60%; asparagus, 7@10c. (Journal Special Service.) OREGON CITY, April 10.-There were fully 500 people present at the wagearners rally held in the Armory last night. The Woodmen Band and a local quartet provided the musical part of the program, and the address of the evening was by James H. Cater of Colorado. Later in the evening 203 new members were added to the local union of the American Federation of Labor. The new recruits were principally men employed in the mills and factories.

After conferring all day yesterday with the Republican steering committee headed by Captain Schuyler Colfax Spencer.

the Democratic sub-steering committee, composed of W. N. Gatens and William Reidt, reported the progress of the fusion last night, to the committee, of 10 Demo-

crats, of which Dr. John Welch is chairnan. The apportionment agreed upon yesterday by the minor steering¹ committees gave to the Democrats the following ofices:

State Senator, seven members of the Legislature, the County Judge, all four of the Justices of the Peace, two Con-

stables, the County Surveyor, and all the Road Supervisors, the Mayor, the City Engineer, the City Treasurer and onehalf of the City Council. This conference also practically agreed that the Republicans should name the Sheriff and the Democrats the offices of Municipal Judge and City Attorney. 11 was this part of the agreement that Dr.

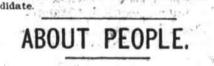

Welch's committee of 10 would not accept. It is as good as settled that the Republicans are to have what is left, which includes the County Clerk, the County Assessor and one-half of the City

Council In this deal the labor representatives are supposed to be taken care of by the Democrats.

A final report must be made tonight to the Democratic committee of 10, which

will report to the caucus of Democratic delegates Saturday night. No candidates have been mentioned in any of these conferences, the sub-committees refusing to discuss names. John Lamont said this morning that

he is still a candidate for the Democratic nomination for Mayor and he has every reason to believe he will win. W. E. Robertson is also an avowed candidate.
