## WOMAN ATTACKS FATHER BROSEAU

### Mrs. Capt. Schneider of Monta- villa Assaults Him with a Rubber Hose.

There is trouble at the usually quiet little suburb of Montavilla, and it is heard that the end is not yet reached. Father L. A. Brosseau of the Montavilla Catholic Church and Captain H. Schneider's family are at odds. The incident has resulted in a public assault by Mrs. Schneider upon Father Brosseau. She says she struck him with a rubber garden hose, using this because it was the handiest weapon that would anywhere near serve the purpose of a "blacksnake" horsewhip.

Father Brosseau admits the encounter, though he says Mrs. Schneider took advantage of him, first because he was late for his appointment, and then because he had expected an assault. However, he says that Mrs. Schneider followed him half a mile, awaiting her opportunity, and that when he had his back turned she struck him.

"I had my cane in my hand," said Father Brosseau, "but I would not strike a woman. I simply held her back with it, and called upon bystanders to interfere. She struck me without cause."

The origin of the animosity of Captain Schneider and his wife against Mrs. Schneider is given by Mrs. Schneider. "The priest doesn't like us," she said, "and he has done everything that he could to injure our business and drive us from the community."

"When we got up a petition for the source to grant us a liquor license, I went to the priest, and being a Catholic, I thought that he would sign it for us. He told me that he wouldn't have anything to do with it, and that he would oppose our getting the license. He said that

## LAST RESERVE

### Near the Ocean and Soon to be Opened for Settlement.

(Journal Special Service.)  
THE DALLES, April 12.—Civil Engineer George R. Campbell has departed for Quinalt Indian Reservation, state of Washington, where he will organize three field parties and make a complete survey of that large tract of land. This work is one of considerable extent. Besides a survey of the reservation, it embraces the meanders of the Quinalt River, Rapt River, Quethoe River, Quinalt Lake and many miles of coast line. The opening of this reservation will develop great interest in that section of the coast, as it is the last one of any magnitude remaining in possession of the red man.

It comprises a large portion of Chehalis County, lying between the Olympic Mountains and the Pacific Ocean, and is traversed by the extension of the Northern Pacific railroad branch now building northward from Hoquiam, on Gray's Harbor, toward the Straits of Fuca.

A small portion of the reserve will be held for the small band of Quinalt Indians who now possess it, and the balance will be thrown open to public settlement by the latter part of next year.

## HELD FOR GRAND JURY.

William Woods, who opened the wrong letter at The Dalles and appropriated another man's money order, was examined by Commissioner Bladen this morning and sent on to await the action of the Grand Jury. He was unable to give bail.

William Anderson of Seattle was also examined. Anderson was an accommodating cuss who as a favor to a man he did not know brought a trunk over the Canadian border line. The trunk was full of "dope" and now the officers want to hold poor Anderson responsible for smuggling opium. He furnished bail for his appearance at the next term of the United States Court.

## M'ARTHUR'S DENIAL

(Scripps-McRae News Association.)  
WASHINGTON, April 12.—The extent of the military co-operation of the American Philippine forces in the capture of Manila was the subject of sharp cross-examination of General MacArthur by the Democratic members of the Senate Committee on the Philippines today.

The general replied that so far as his own knowledge went there was none.

Senator Patterson—Have you any doubt that there was not any understanding with the American Spaniards which resulted in their surrender of the city to our forces?

General MacArthur—Yes, a good deal. I never found anything to substantiate that story.

Senator Patterson—Have you any knowledge of the enlistment of men in the Philippines for service in the British army in Africa?

General MacArthur—None.

## HARRIMAN COMING.

Information came to President Mohler of the O. R. & N. Company has received a letter from President Harriman of the Southern Pacific to the effect that he will arrive in this city Monday. This is the bare statement and all the news there is in it. What will happen after Mr. Harriman reaches Portland or what will follow after his departure is merely a matter of speculation. It is probable that some changes will occur there usually do, for that is in line with Mr. Harriman's policy. The blunt statement of fact made is that Mr. Harriman will arrive in Portland Monday on a tour of inspection.

## THE TERMS OF PEACE

### Boers Will Waive Independence On Certain Conditions.

### Friendly Powers to Superintend Carrying Out of Terms of Settlement.

(Scripps-McRae News Association.)  
LONDON, April 12.—The rumors of early peace aroused unusual interest in the Cabinet meeting today. Crowds surged about Downing street, recalling the meetings when the war was about to break out. Arriving Ministers were greeted with cheers. The meeting began at 12:15 P. M.

**RUMOR DENIED.**  
LONDON, April 12.—Lord Chamberlain, Colonial Secretary, today denied the existence of the alleged difficulties between himself and Chancellor Hicks-Beach.

The latter, before the Cabinet meeting, had a conference with the directors of the Bank of England, indicating that a loan issue is desired.

The Cabinet meeting lasted less than two hours, but nothing as to the subjects under discussion or its decision. If any was divulged after adjournment.

**TERMS OF SETTLEMENT.**  
The Edinburgh News today prints the alleged terms upon which are based the peace negotiations now proceeding at Klerkadorp.

Independence is to be waived if a satisfactory agreement can be reached for the future government of the Transvaal. It is to be cancelled; compensated property to be restored; remuneration to be made for that destroyed; recognition of the Transvaal state departments until the date of Roberts' annexation; amnesty for the rebels; political prisoners are to be released, and friendly powers are to superintend the carrying out of the terms of settlement agreed upon.

## NEXT WEEK IN CONGRESS

(Scripps-McRae News Association.)  
WASHINGTON, April 12.—The debate on the Cuban reciprocity bill promises to extend over nearly, if not quite, all of next week in the House. There is no disposition on the part of the Ways and Means people to force an agreement. They are content to let the best sugar interest register their protests. About 400 Republicans will vote against the bill. If there is a vote before Saturday, the next measure to come up will be the anti-anarch bill, to be followed by the fortification appropriation bill.

The Chinese exclusion bill will continue to occupy the attention of the Senate early part of the week, voting on amendments to begin next Wednesday. Friends of the measure will claim it will be adopted, but admit the vote will close. Its opponents are equally confident it will be defeated.

## OFFICES ARE DIVIDED.

### Democrats Get Most of the Plums on the Citizens Ticket.

The terms of fusion between the Democrats and the dissatisfied element of the Republicans are now practically agreed upon. The lion's share of the offices fall to the Democrats, but the Republicans say they are reasonably satisfied with the apportionment as it stands.

The only point at issue now is the office of Sheriff. Both parties want this plum, with its big patronage and emoluments, and the conference yesterday did not settle this dispute.

Another conference will be held this afternoon and some agreement will be had in order that Dr. Welch's committee of 19 may make its report tonight to the Democratic caucus.

The Democratic caucus appointed a committee last week to make the apportionment with the Democrats and is composed of Dr. John Welch, chairman, John VanZante was appointed secretary, although it is doubtful if he knows it yet. The rank and file of the committee are John Montag, Thomas O'Day, Frank Curtiss, Alex. Sweet, Oglesby Young, W. N. Gatens, W. T. Vaughn, Harry Gurr, W. A. Munley, William Reist.

This committee appointed a sub-committee to confer with the Republicans, composed of William Reid, and W. N. Gatens.

The Republicans were gotten together by an informal call issued by Captain S. C. Spencer at the request of the young Republicans of the county. The Republicans then appointed a committee of which W. Y. Masters was chairman. These agents of the two parties held a protracted conference last evening in W. T. Vaughn's office and agreed on the division of the offices and shares with the exception of the office of Sheriff. An other conference will be held this afternoon when this will be settled.

There has been absolutely no talk of candidates at these conferences. What ever talk has occurred has been mere rumor and is without authority.

It is generally expected that candidates will be discussed at the Democratic caucus that will be held tonight at Eagles' hall but it will be rather hard to keep the matter down.

With the exception of the office of Sheriff the apportionment is as follows: Democrats—State Senator, six Representatives, mayor, city attorney, municipal judge, city engineer, county treasurer, four justices of the peace, two constables, country districts, councilmen from First, Eighth, Ninth, Tenth and Eleventh wards.

Republicans—Six representatives, city treasurer, city attorney, county clerk, county auditor, county commissioner, councilmen from the Second, Fourth, Fifth, Sixth and Seventh wards.

There will be no nomination for council from the Third ward as Fred Merrill, the Republican nominee, is satisfactory to the Citizens.

The labor people will be taken care of by both parties. The Republicans will give them two representatives and the Democrats two.

While there are some Democrats who are still opposed to the Citizens' movement, it is safe to prophesy that this report of the steering committee will be adopted in caucus tonight with practical unanimity.

The time for the adjourned session of the Democratic County Convention will be fixed by the caucus tonight. It will be some time next week.

## CHICAGO TO HONOR MCKINLEY

CHICAGO, April 12.—The regeneration of Clark street, even to the point of naming it McKinley avenue, is to be the object of the First Ward Business Men's Association, which was organized at a meeting in the Great Northern Hotel tonight.

The association starts with a membership of 60 merchants, whose stores are within the loop. They intend to petition the council to change the name of Clark street to McKinley avenue and replace the granite pavement with asphalt.

The Chief of Police will be asked to suppress all disorderly characters.

(Scripps-McRae News Association.)  
WASHINGTON, April 12.—The deplorable conditions in the Province of Batangas, reported in a statement by Florencio Cacho, Financial Secretary of the province, was made public today by the Senate Philippine Committee.

The report is the one withheld by Governor Taft at the time he testified.

It states that the mortality by disease has been two-thirds of the population

## STRANGE CASE

Fanny Dewey, the strange woman who claims to have been persecuted and robbed by the British authorities in the Yukon country, is still confined in the county jail. Judge Calkins is of the opinion that the woman is insane. Her eyes have an unnatural appearance, and she talks strangely at times. She will be given a careful hearing, however, as there might be something in what she says about her experiences up north. The fact that she still holds a receipt for \$100 and some rings adds weight to this theory. Judge Calkins has already written to the superintendent of the New Westminister asylum for identification, and will not release the woman or commit her to the Oregon asylum until he receives an answer.
