STRIKERS KILLED IN BELGIUM

Country on the Verge of Revolution—Riots at Grammo.

(Scripps-McRae News Association.)
BRUSSELS, April 14.—The situation in Belgium growing out of Socialist demands for universal suffrage is darker than ever this morning.
Daylight found the streets of the city quiet, but the popular unrest is only dumbstruck.
In many quarters the belief prevails that the country is on the verge of a revolution.
The situation is aggravated today by

strikes in many parts of the kingdom.
No sympathy is heard anywhere for King Leopold, whose gay life has alienated the people from him.
THE RIOTS ARE ON.
BRUSSELS, April 14.—Big riots occurred today at Grammo. The police charged the rioters, killing two and wounding many.
The strike has spread to all parts of the kingdom.
The strikers say they are not opposing the employers, but the government.

MENEFEE RESIGNS

J. P. Menefee, Health Officer, will send his resignation to Mayor Rowe in a few days.
Mr. Menefee has been offered and has accepted a position with the Title Guaranty & Trust Company.
It is understood that the resignation will take effect on the first of May.
Mayor Rowe will appoint a successor to Mr. Menefee as soon as the resignation is accepted.

WILL GET ITS DESERTS

(Scripps-McRae News Association.)
WASHINGTON, April 14.—Attorney General Knox has sent a letter to the House Committee, making plain the department's attitude toward the alleged beef trust.
The letter will be made public tomorrow.
The chairman of the committee says there is no question but that the Attorney-General will probe the matter to the bottom and prosecute all violators of the law.

SUICIDE IDENTIFIED.

(Journal Special Service.)
ROSEBURG, April 14.—The man who so unaccountably threw himself into the South Umpqua near Ruckles last Tuesday has been found to be Fred Holt, a work hand for "Uncle" Weaver. Holt had been in a very dejected state of mind recently, caused, no doubt, from family troubles the past year. He leaves a divorced wife and child.

Lathrop is Press Agent.

John E. Lathrop, for several years the managing editor of the Pendleton East Oregonian, has been appointed press agent by the Democratic State Central

TRANSVAAL PEACE IS IN THE BALANCE

Communications Passing Between High Authorities.

(Scripps-McRae News Association.)
LONDON, April 14.—It is reported that a communication has been made by the Boer leaders to General Lord Kitchener, which is little more than a request for permission to use its cable to consult with President Kruger and the Boer delegates in Europe with regard to a basis of settlement.

MESSAGE RECEIVED.
LONDON, April 14.—In the House of Commons today the Government leader announced that a message was received from General Lord Kitchener on Saturday in which was included a communication which General Kitchener had received from the Boer leaders and the reply he sent.
The Government expected further communications and this, he added, was all it was possible for him to say.

CRACKERS GO UP.

For a long time past the three large Pacific Coast cracker factories have been at war, two of them being pitted against the third. Now all is harmony between the firms and the retailer will pay 20 per cent more than he did last week.
The fight among the producers was precipitated by the American Biscuit Company and the Pacific Coast Biscuit Company allowing a rebate of 10 per cent on the market price to the retailer. This was met by the Bishop Company, who went its competitors one better and made the rebate 20 per cent.
This condition of affairs could not last forever as all three firms were losing money. At all events the three concerns have notified the trade of the raise.

Fire House Repairs.

That part of the public who is unfamiliar with the fighting apparatus and who never felt inclined to visit an engine or truck house, have had their opportunity today.
The sidewalk in front of the headquarters on Prouth and Yamhill streets is being relaid and the large truck is standing at the Yamhill-street side of the Y. M. C. A. building. A great many people have stopped to admire and ask questions about the equipment. The large fire net, enveloped in canvas, excites more curiosity than anything else.

BOERS' HEAVY LOSS

(Scripps-McRae News Association.)
LONDON, April 14.—General Lord Kitchener in his weekly budget reports several engagements in which the Boers lost heavily.
On the eighth Colen Brander's force were attacked by Boers under Beyer, lagged near Pietersburg.
Beyer's losses were 106 killed, wounded and missing.
Near Roosval the Boers attacked Bruce Hamilton's force, but were repulsed, losing 41 killed, 24 wounded and 20 captured.
Commandant Potgieter was among the killed.
The British losses were six killed and five wounded.
General Kenekwe pursued the Boers, capturing two guns and one pom-pom.
It is believed that it was General Delarey's force which made the attack.

MANSELL ARRIVES TONIGHT.

Fred Mansell, of London, England, who is to judge the entries at the Portland Kennel Club's Dog Show, will arrive this evening at 7:45 o'clock. The dog show will open tomorrow night at the Exposition building and will continue for four nights. This year's show will excel any held in the way of the number of entries and decoration of kennels. Many Eastern prize-winners are entered. The work of the officers of the Kennel Club must be commended, as it has spared no work in making this show one to be remembered.

NO KILLING NEWS

(Scripps-McRae News Association.)
PORT SMITH, Ark., April 14.—A message says that nothing is known there of a battle between officers and outlaws, in which four were reported killed and three seriously wounded.

TERRIFIC STORM IN GERMANY

Streets Flooded, Stations Isolated, Schools Closed.

(Scripps-McRae News Association.)
BERLIN, April 14.—A terrific storm burst over Berlin and vicinity today, causing great damage.
Many buildings were struck by lightning.
A number of railroad stations are isolated by water and streets are flooded.
Traffic is practically suspended and the schools are closed on account of the impossibility of the roads.

AMERICAN TORTURE OF FILIPINOS

(Scripps-McRae News Association.)
WASHINGTON, April 14.—Sergeant Chas. Riley, formerly of the Twenty-sixth Volunteer Infantry, gave sensational testimony before the Senate Philippine Committee this morning.
He told a story of the infliction of the water-cure torture to make the Filipinos give information against their brother insurgents.
He said that the President of Ilocos was suspected of giving warning to the insurgents of the approach of American troops, and was bound and placed beneath a water tank and his mouth was held open and water was allowed to run into his mouth until he was filled.
It was then forced out by pressing a foot on his stomach.
This was done several times and the President finally confessed.

Salem Republican Club.

SALEM, April 14.—On Saturday evening last the Salem Republican Club met in the City Hall here to arrange matters for the coming campaign. In addition to this the manner in which the club should determine the Republican nominees for Governor came up and furnished a spirited discussion for a time. Some talk there was of formally announcing the allegiance of the club to Mr. Furnish, but wiser heads, seeing that such an announcement would be a plain admission of the discontent prevailing among the rank and file, promptly turned the scheme down. The next matter considered was just what form the reception to the candidate should take and after much discussion and the airing of many and various opinions a committee, consisting of J. H. McNary, C. H. Murphy, J. D. Lee, Dr. J. N. Smith and W. J. Culver, were agreed on to take the matter in hand and to arrange both for the reception of Mr. Furnish and for what was termed "a rousing rally and ratification meeting."

The election of officers for the ensuing term was the next business. No particular desire was evinced by those present to hold the offices, but the selection of the following was finally decided on: President, Claid Gatch; vice president, George W. Jones; secretary, W. W. Hall; treasurer, F. C. Perrine.
The headquarters of the Marion County Republican Central Committee have been opened in the Bush-Bryman Block with W. J. Culver, chairman, in charge. Mr. Culver will be assisted in his work by Robert A. Crossan, an old-time political worker.

SALEM FRUITGROWERS.

(Journal Special Service.)
SALEM, April 14.—An important meeting of the Salem Fruit Growers' Union was held here on Saturday afternoon, at which it was decided to sell the full canning product of the members to the Salem cannery at prices ranging from 2 1/2 to 3 1/2 cents per pound.

O. V. Allen, who upposes operating the cannery during the coming season, was present and stated that he had come to a practical agreement to operate the factory with the Oregon Canning Company of Portland, but that even should any difficulty arise whereby he could not secure the present plant, he was prepared to install an independent factory of his own.
A great effort is to be made by the Salem Union to acquire a reputation of putting only first-class fruit on the market, and to this end it was decided to secure the services of one or two men thoroughly familiar with the business to supervise the preparation of the crop so as to bring it to market in prime condition.

Smyth & Howard Get Contract.

The Board of County Commissioners has awarded the contract for the grading, clearing and widening of the White House road to Smyth & Howard, for \$14,965.50. The contract, which has all been signed up, provides that the work shall commence at the north line of section 15 on the White House road, to station 81, at a bridge south of Fulton; then beginning at station 107, about 400 feet south of Riverview Cemetery gate, to station 146, a total distance of 3 1/2 miles.

SCHOOL BOARD.

A regular meeting of the School Board will be held at the City Hall tonight. Several petitions for the cancellation of taxes improperly levied will come up for hearing. The balance of the business will be of a routine nature. This afternoon at 4 o'clock the plans and specifications of the proposed new schoolhouse at Sunnyside will be prepared and the contract will be let Saturday.

ATROCIOUS MURDERS IN DES MOINES

Girl and Boy Killed on the Public Highway.

Negro Suspected and Motive Outrageous Assault.

(Scripps-McRae News Association.)
DES MOINES, Iowa, April 14.—One of the most atrocious murders in the history of Des Moines was disclosed last night when the bodies of a 15-year-old girl and a 13-year-old boy were found in a lonely road near Highland Park College.
The bodies have been identified as those of the children of Peter Peterson, a dairyman.
The heads of both were crushed with a blunt instrument.
A negro was seen running from the scene of the crime.
The motive for the murder is believed to have been a desire to outrage the girl, and the boy was killed for the purpose of preventing an exposure.

M'LAURIN OPPOSES EXCLUSION

Says it Would Injure Southern Trade With China.

(Scripps-McRae News Association.)
WASHINGTON, April 14.—For the first time since his encounter with his colleague, Senator Tillman, Senator McLaughlin, of South Carolina, addressed the Senate this afternoon.
His theme was the Chinese exclusion bill, and he announced his opposition to the pending measure not only because it violates an existing treaty, but because of the commercial phase of the question at issue.

He contended that the result of the passage of the bill would be directly and immediately disastrous to the whole South, especially to the cotton producing and manufacturing interests of that section now largely exporting its products to China.
He didn't think it fair to the South to tear down and crush his new enterprises.
In conclusion he said:
"The bill is faulty in conception, in execution and logic, and faulty in its premises and conclusions."
The fight for and against the bill is waging fiercely.

Many telegrams to members were delivered on the floor of the Senate during the morning hour.
Numerous petitions relating to the subject were submitted during the consideration of routine business.
