CITIES BUILD DOWN STREAM.

All great cities on navigable streams start at the head of navigation and build down stream. This rule has no exception. The railroad to St. Johns opens the way for Portland to follow the rule. There will soon be a solid city to the point of the Peninsula, and University Park will be the center of wealth and culture of all the city between the rivers. Nobody will dispute this statement. If you are a stranger here step into any place of business and ask, "What is the cause of the business growth of the city?" The answer will be as above stated. Now is the time to get a few lots at University Park while they are yet cheap. We have Columbia University, Portland public schools and Bull Run water, street cars, homes costing from \$1000 to \$10,000, graded boulevards, graded streets, sidewalks, electric street lights. Lots \$75 to \$200 each. Terms \$5 cash and \$5 monthly. No interest, no taxes, no shanties, no saloons. Abstract with each deed. UNIVERSITY LAND CO. 151 Sixth St., near Morrison
