

# THE BISHOPS ARE IN CONVENTION IN OHIO

## Who Will Be Sent to Honolulu—Presbyterians at Pittsburg.

(Journal Special Service.)

CINCINNATI, April 15.—Sixty of the 80 or more bishops of the Episcopal church, including nearly all the foreign missionary bishops, are attending the special meeting of the House of Bishops, which began here today.

The meeting is one of considerable importance to the church. The principal business before the meeting is the election of missionary bishops for Western Kansas, the Hawaiian Islands and Porto Rico. Interest centers particularly in the selection of a bishop for Honolulu, where Bishop Nichols of California is now acting pending the selection of a successor to Bishop Willis, who resigned under protest after the see had passed from the control of the British church into American hands.

Another matter of importance before the House of Bishops is a memorial from the Mexican Episcopal church asking admission to the American church. This matter will be considered, but it is not believed that final or decisive action will be taken at the present meeting.

The bishops opened their meeting with a celebration of the holy communion at Christ Church this morning. Immediately afterward the house went into private executive session in the parish house. Bishop Dudley of Kentucky presided in the absence of Bishop Clark of Rhode Island.

The sessions are expected to continue through tomorrow.

A missionary service open to the public is to be held this evening at the Pro-Cathedral. Bishop Potter of New York will speak of the Philippines, Bishop Doane of Albany on "The Principles of Apportionment for General Missions," and Bishop Gallor of Tennessee on "Work Among the Colored People of the South." Immediately following the service a reception to the bishops will be given by the Church Club at the Grand Hotel.

The Presbyterians, PITTSBURG, April 15.—The convention of the Presbyterian Alliance of the United States and Canada has attracted a large number of prominent ministers and elders of the church from all parts of America. The gathering was formally opened today and will continue in session through tomorrow, considering and acting upon numerous matters affecting the church government.

Prominent among the participants are the Rev. Dr. William H. Black of Missouri, the Rev. Dr. David J. Burrell of New York, the Rev. Dr. J. T. McCrory of Pittsburg, the Rev. Dr. James Scrimger of Montreal, the Rev. Dr. David H. Macvicar of Montreal, the Rev. Dr. William S. Plumer Bryan of Chicago, Principal Cayen of Toronto, and the Rev. Dr. William Henry Roberts, secretary and treasurer of the alliance and stated clerk of the Presbyterian General Assembly.

## SALEM BUILDING UP,

(Journal Special Service.)

SALEM, April 15.—Oregon's capitol city is at present experiencing a building boom of no small magnitude. All over the city houses are rapidly going up and still the demand is greater than the supply.

The considerable influx of newcomers are finding it hard to procure houses and the consequent increase in the city's trade is making it imperative for many business men to seek new and more spacious quarters.

Work on the construction of one new brick block on State street is already under way and it is understood that two other modern business buildings in the same locality will be erected at once.

Work on the new postoffice has on the other hand once again been discontinued for the reason that the supply of stone from the Ashland quarries has again played out. It is stated, however, by the contractor that the delay will be short in this case and that every effort will be made to complete the building in the shortest possible time.

## NOTES FROM EUGENE.

(Journal Special Service.)

EUGENE, April 15.—It is announced that a part of the machinery in the Willamette Valley Woolen Manufacturing Company's new mill in this city will be in operation next month.

The 10 saloons of Eugene today paid their license of \$250 each for the coming six months. A new ordinance recently passed raised the yearly license from \$400 to \$500.

At the annual meeting of the City Council last night the newly elected Councilmen, Dr. D. A. Paine, E. K. Henderson and George B. Dorris, took their seats, and Mayor G. R. Christman made his appointments as follows: Chief of Police, Sidney Scott; night watchman, R. E. Eastland and George Croser; Street Commissioner, J. P. Turner; City Attorney, J. M. Williams; City Surveyor, C. M. Collier.

## Advertise the Fair.

Henry Reed, secretary of the Lewis and Clark Board, was called upon yesterday by the Lewis and Clark Committee of the Board of Trade, which urged that the members of the Travelers' Protective Association be supplied with Lewis and Clark souvenirs. It is believed that on the occasion of the meeting of that body here in June souvenirs presented to the members would prove an effective and inexpensive way of advertising the great event of 1905.

## A Cruel Husband.

Charlotte Mackintosh has filed a suit for divorce against Henry B. Mackintosh, on the grounds of drunkenness, and cruel treatment.

wood insisted he did not leave the house the night Heywood was murdered, and first she did not believe it was he who first shot her husband and then crushed his skull with some blunt instrument—probably a hammer. Now, however, Mrs. Heywood says that she agrees with the theory of the police that Jones stole out of the house about 3 o'clock Thursday morning and committed the murder.

## ILLEGAL FISHING.

The salmon arriving here yesterday from the Clackamas bore evidence of having been caught several days prior to the beginning of the open season. They were in poor condition, some partly scaled and many looked ancient. It is well known by river men that fish had been going in several days prior to the open season at various points between Astoria and the Clackamas. And the condition of the fish being brought in shows it conclusively.

## ASTOUNDING PROSPERITY OF PUEBLO

(Journal Special Service.)

PUEBLO, Colo., April 15.—Figures just compiled relative to the improvements now under way and contemplated in Pueblo are astonishing and show that former estimates are far from showing the extent of prosperity of the city. It is shown that more than \$20,000,000 will have been expended in and about Pueblo before the close of the present year, and that the expenditure of this vast sum is already going on.

Among the principal improvements upon which these figures are based are the extension of the Colorado Fuel & Iron Company plants, including the flat plate mill, wire mill, covering 12 acres, two new blast furnaces, a nail factory and other iron works, which are being built. The new zinc smelter to cost \$1,000,000, for which ground was broken this morning, the enlargement in the smelters of the American Smelting & Refining Company, estimated to cost \$1,000,000, and new factories, including the Schofield steel wagon factory, are next in importance.

Other items are the proposed packing plant, to be established after the new stock yards are in operation, the new railroad lines projected and the extensive improvement in the local railroad yards, all of which are estimated at \$2,000,000. Among building operations may be mentioned the new library, hotels and building blocks, amounting to \$1,000,000, residences that will cost \$2,000,000, and public improvements, including the new storm and sanitary sewers, amounting to \$600,000.

## GAMBLERS ARE LUCKY

(Journal Special Service.)

CASPER, Wyo., 15.—At a recent meeting of the City Council, Attorney Hammond presented a resolution asking that gambling be allowed in all of the saloons at Casper, and that the Marshal be instructed to collect a fine of \$50 per month from the keepers.

Mr. Hammond said that no jury could be secured to convict a man for gambling, and in fact, he said, the gambling law was invalid. It is said to have been asserted further that the Attorney-General had expressed the opinion that the law was invalid. The matter was discussed at length by the Council and the Attorney instructed to inform the saloonmen that they could open their games; that the Marshal would collect the fines and that in the event of an arrest and conviction the fines would be remitted to the saloonmen.

## SALEM BRIEFS.

(Journal Special Service.)

SALEM, April 15.—The sum of \$10,488.87, a part of the sums due on the 1901 tax rolls of Marion County, was yesterday deposited in the County Treasury by Sheriff Durbin. This is the second payment of the taxes for that year, but the further payments will be made frequently in future till the list is closed.

Certificates of nomination and acceptance for the entire list of democratic nominees on the state and Congressional tickets have been filed in the office of the Secretary of State.

Mrs. E. F. Osburn, Mrs. N. J. Damon, Mrs. A. W. Stowell and Mrs. J. A. Pooler are in Portland attending the North Pacific Board of Missions as delegates from the First Presbyterian Church of Salem. Mrs. Mary E. Tilden of Portland was received at the State Asylum for the Insane yesterday. She was brought in charge of Mrs. E. J. Dougherty.

The following articles of incorporation have been filed with the Secretary of State: The Graddon Real Estate Company of Portland, capital \$25,000, incorporators Alexander Graydon, R. H. Ashby and N. L. Shafer; the Woodmen of the World Building Association of Portland, capital stock \$20,000, incorporators Herman Schade, C. M. Bequette, W. S. Ward, T. J. Murphy and H. L. Day; The Allegheny Gold Mining Company of Baker City, capital stock \$300,000, incorporators, C. B. Hall, T. Basche and G. T. Simmers. Supplemental articles were also filed by the Frank Schmitt Company of Portland, increasing their capital stock from \$20,000 to \$25,000.

The carpenters of Salem hold a meeting in Popular Hall on Friday evening, when a local branch of the Carpenters' Union will be formed.

The Greater Salem Commercial Club have inaugurated a very good scheme. For the information of strangers who come to this city seeking employment the club has had placed in the office of Secretary Judah at the City Hall a blackboard on which the members of the club who need help can make their wants known. This idea, it is thought, will not only act as an aid to immigrants in securing work, but will also be an effective aid for the organization.

## LIKE FINDING MONEY.

The trading checks in the advertisements of The Journal are like finding money. Have you seen them?

## NEWSPAPER WOMAN IN TROUBLE

### She Wears Men's Clothes and is Gay.

(Journal Special Service.)

BUTTE, Mont., April 15.—Mrs. Katherine Lemmon, who claims to be a newspaper woman from Chicago, was arrested here on the charge of disturbing the peace in the neighborhood of 101 West Park street. Mrs. Lemmon is known in newspaper circles as Katherine Wilder. During the Spanish-American war she was correspondent at Honolulu for the New York World.

The woman, who masquerades in masculine attire, has been in Butte about six weeks and has been engaged in the real estate business and has bought and sold several pieces of valuable city property on commission.

She has been in partnership with Mrs. Kate Formeral, a woman who is mixed up in the poisoning case of Mrs. Emma Proulx.

## OREGON CITY.

### Surveyors in Demand—Nominations for the Militia.

(Journal Special Service.)

OREGON CITY, April 15.—Deputy County Surveyor John W. Meldrum, who is the nominee for County Surveyor on the Republican ticket, says that never before have surveyors been so busy as at the present time. Mr. Meldrum was one of the earliest settlers in Clackamas County, and knows whereof he speaks. It is nearly all private work, and indicates prosperous conditions among the farmers. Owners of farms are prosperous, and are now making improvements.

In past years, when land was less valuable, it did not matter if a fence was a few feet off the boundary of a farm; but now that new fences are being constructed, the farmer who has received big prices for last year's hops, potatoes and livestock concludes that he might just as well build on the correct line. Hence, surveyors are in demand. Mr. Meldrum says that County Surveyor Rands and Surveyor H. H. Johnson, who returned from Seattle about the middle of last December, also have been busy during the entire past winter on private jobs.

Lieutenant Fred Humphreys of Company B, O. N. G., says there is no truth in the report that new company officers were elected Monday night, but a caucus was held and made. Captain George W. Martin resigned his position several weeks ago and the election will not be held until the middle of next month. The following nominations were made, all in the line of promotions: First Lieut. H. L. Kelly, Jr., who had been in the National Guard service eight years, was nominated for captain; Second Lieutenant Fred Humphreys, who had been in the service for six years, for first lieutenant; William Kuehl, who had been in the service for six years, for second lieutenant. The two latter were in Company 1, during the Philippine war.

Mrs. T. F. Campbell of Monmouth, stepmother of President P. L. Campbell of the State Normal School, was a visitor at the home of Hon. C. B. Moores, Register of the local Land Office, yesterday. She was accompanied by her mother, Mrs. David Stump, a pioneer of 1843. Mrs. Stump was a resident of Oregon City during the winter of 1844, but this was her first visit here for 58 years, although she had been a passenger on the passing trains on different occasions.

A prominent Republican worker declares that there are two Republican tickets in the field in this county, the Citizens' legislative nominees being Republican in everything except name. He makes this his plea for supporting the regular Republican ticket.

## CZOLGOSZ' FRIEND.

### Priest Approved of the Murder of the President.

(Journal Special Service.)

SCANTON, Pa., April 15.—The Rev. John Ardan, a Polish Greek Catholic priest at Oliphant, has been excommunicated by the Right Rev. Bishop Hoban for printing an article in a Polish paper over his signature, saying that Czolgosz did right in assassinating President McKinley.

The priest has gone on performing the duties of pastor as heretofore, paying no attention to the order of excommunication, so the courts were asked to grant an injunction to restrain him from further connection with the church and a preliminary injunction was granted, returnable April 17. The offending article was printed in a Polish paper at Oliphant, called the Swoba. After asserting that Czolgosz did right in killing the President, the article goes on to say that there should be an equal division of the wealth of the world, and that the only way to bring this about was to kill off the ruler.

## Bond Approved.

City Attorney Long has approved the bond of the Pacific States Telephone Company, required by the ordinance granting it a franchise to operate its lines in this city for 25 years. The company is required to repair any streets through which it may lay conduits. The amount of the bond is \$25,000.

## THE WEATHER.

Acting Forecast Official A. B. Wollaber today gives the following forecast for Washington, Oregon and Idaho: Light showers have occurred during the last 24 hours in Western Oregon, Western

Washington, Western South Dakota, Iowa, Kansas and along the extreme Northern California coast. Elsewhere in the states west of the Mississippi River fair weather has prevailed.

Normal temperatures prevail this morning in the Rocky Mountain and Pacific Coast States, but in the region east of the Rocky Mountains the weather continues abnormally cool.

The indications are for partly cloudy weather in this district Thursday, with light showers in Northwestern Oregon and Western Washington.

It will be cooler tonight west of the Cascade Mountains.

Western Oregon: Tonight, showers; cooler north portion, except near Coast; Thursday, occasional showers north, fair south portion; south to west winds.

Western Washington: Tonight and Thursday, occasional showers; cooler tonight, except near coast; south to west winds.

Eastern Oregon, Eastern Washington and Northern Idaho: Tonight and Thursday, partly cloudy; winds mostly southerly.

## INDIGNATION RUN RIOT

He would be a hardy individual who would attempt to carry out the proposed beer garden scheme at the foot of Beacon street, on the river bank, as has been proposed, after being informed of the sentiment of the community as expressed at the mass meeting of the men and women of the Eighth Ward at 522 Milwaukee street last evening.

Every seat in the building was occupied, not an inch of standing room remained on the outside than the number that could gain admittance.

Joseph A. Strowbridge, Jr., after the meeting had been called to order, read the circular which announced its purpose—that of protesting against the establishment of a beer garden, dance hall and gambling den at the foot of Beacon street. Three acres of ground had been purchased at that point by some person who had not yet placed the deed on record, so that his name could not be obtained. It was proposed to inclose this property and transform it into a combined Monte Carlo, with the vice Ross Island attachments. Ross Island, as is well known, was the breeding spot of every crime from murder down to the lowest species of lecherous iniquity, and it was not proposed that its seeds of vice should be planted in the very heart of high-minded respectability.

It was for this reason that the people of the Eighth Ward last night, with one voice, protested against this proposed invasion of the sanctity of the region of their habitations.

The proposition was denounced in strong language in many speeches by many interested property owners and heads of families. Councilman Sherret assured the meeting that the Council would not grant a license to the infamous resort, and to assist him in presenting the matter to his colleagues a committee consisting of Dr. Dav. Rafferty, ex-Councilman J. J. Murphy, ex-Sheriff Penumbra Kelly and S. F. White were appointed to be present at the meeting of the City Council today.

From the information obtainable today it is safe to assure the excited Eighth Ward people that no den of the style proposed, or of any other character, will be established there.

## Board of Public Works.

Owing to the absence of Mr. MacMasters from the city, and the inability of other members to attend, the meeting of the Board of Public Works was not held yesterday. The principal business before the board now is the opening of bids for the laying of cement sidewalks around the Park blocks, and the improvement of Albina avenue, East Salmon, East Everett, and East Mill streets.

All Portland knows the Columbia telephone service is the best. If you're from Missouri, we will show you.

**A CITY OF ROSES**

Is what Portland, Or., will be called at the big 1905 Lewis and Clark Exposition. Great preparations now going on, and the loveliest roses on earth being cultivated. We send a well-rooted one-year plant for 10 cents. Name your choice: Mamam Cochet, White Cochet, Perle de Jardin, Papa Goutier, Belle Siebrecht, and Saffrano.

All 6 varieties for 50 cents. Our complete catalogue free.

**LAMBERSON, Portland, Or.**

Large assortment of two-year plants that will bloom this summer.

**COME AND SEE**

Our pretty windows. See the class of merchandise we carry—popular, our prices with others, who handle inferior goods—you'll be surprised to see how many times our prices are lower than others, notwithstanding the difference in quality.

monthly, the largest 5 cent package in the market. Sold by all grocers.

jured leg. The accident is a mystery. The trail was running rapidly over a level stretch of open sandy country. Glancing back, the engineer saw a great cloud of dust rising from the train. He threw on the reverse brakes just as the crash came which hurled six cars from the track. The baggage car rolled down the embankment and landed on its side. The tender was thrown bottom up, and quite a way from the track. The mail car was jammed into the earth and on its side. The passengers escaped with a severe shaking up. The track was torn up for 150 feet.

Seattle, Wash.—Collector Ivey laid down the affairs of the Alaska Collectors' office several weeks ago, and today Captain D. H. Jarvis, recently appointed Collector of Customs at Sitka by President Roosevelt, sailed on the Cottage City for the Alaskan capital to take up his new duties tonight. Collector Jarvis makes no statement concerning his future actions beyond saying that he intends to work for the best interests of the United States and of Alaska.

Oakland, Cal.—Mrs. Cornelia Selby Kempf, wife of Rear Admiral Kempf, United States Navy, is dead in this city. The cause of death was acute pneumonia. Rear Admiral Kempf, who returned from the command of the China squadron March 19, was with his wife when she died. Mrs. Kempf was a daughter of ex-Mayor Selby of San Francisco.

Montreal, Quebec.—Application has been made for permission to construct a tunnel under the St. Lawrence river by the Vanderbilt-Webb interests. The cost will be between \$4,000,000 and \$6,000,000.

**Oregon Land Company.**

(Journal Special Service.)

SALMON, April 15.—Circuit Judge Boise on Tuesday afternoon made an order as petitioned for, directing Chas. Scott, assignee of the Oregon Land Co., to sell by auction all the property of the estate that the affairs of the suspended corporation might be settled. Several hundred lots, principally fruit tracts, are to be disposed of.

**RICH STRIKE.**

(Journal Special Service.)

EUGENE, April 15.—A report was received in Eugene this afternoon that a very rich strike has just been made in the LeRoy mine in the Bohemia district. The value of the ore per ton is not given, but it is said to be one of the richest ever made in the district or in the state.

Dr. L. M. Thornton, Dentist, Rooms 202-208 Marquam bldg., Phone, Hood, 9811 residence phone West 124.

Vancouver, Wash.—Michael Thorson, laborer on the Portland, Vancouver & Yakima Railroad, is down with the smallpox. The prune crop outlook is good.

Whatcom, Wash.—D. O. Mills and others of New York have been granted a street car franchise, on account of which the Mayor, in a special message to the Council, asserts that "were they to manage their private affairs as they are managing those of the city, the courts would, at the instance of their relatives, declare them incompetent, and appoint guardians for them."

Spokane, Wash.—All but one of the seven cars of the Great Northern express were thrown from the track 20 miles east of Spokane Tuesday night, and A. B. Leonard, baggage man, Spokane, was seriously injured. H. W. Blanchard, mail clerk, was injured in the head and rendered unconscious, and A. E. Johnson, mail clerk, was cut in lower jaw and suffered from in-

**THE PIANOLA**

The PIANOLA is an instrument by means of which any one can play the piano.

THIS is accomplished by simply rolling the Pianola in front of any piano, allowing the felt-covered fingers to rest upon the keys of the piano, then inserting a roll of perforated paper into sockets, and operating the pedals. Playing directions appear upon the roll as the music unwinds.

Artistic effects and vivifying personality are given to the rendition by the player, who controls the expression. This is entirely subject to his will. He may vary the touch from the most delicate pianissimo to the "Lion's touch of Rubinstein."

THE COST OF THE PIANOLA IS

**\$250.**

IT MAY BE PURCHASED BY MODERATE PAYMENTS.

Visitor's Welcome.

Free recitals every Wednesday at 8:15 P. M.

**The Aeolian Company**
